

Hello Ladies,

I had another thought written for this spot a couple of weeks ago while it was raining but quickly removed it after going the Muxcarelle! Wow! Wasn't that a great exhibit of Michelangelo's sketches! To think he did not use a pencil, no electricity to paint later, once the sun moved out of his path, no microwaved dinners after his daily work, and no Tylenol when he ached! The exhibit was wonderful, and I profusely thank Mary Fauteux, Susan Booher, Sharon Jacumin, Diane Koun, and Sigi Rutherford for an excellent program.

Thank you all for your support as my term as President ends. As my time as President comes to a close, I want to thank many and all of you for your support this year. First, I would like to thank Betsy Northrop, for writing the President's Message each month, except for this one. I don't enjoy writing and tend to procrastinate, so Betsy said she would write, and she has done a wonderful job of being the ghost writer! Thank you, Betsy! I would like to thank all the board members and there are too many to thank individually in this message. They each have done a great job, they are creative, hardworking, show great team spirit, and have made a wonderful impact on the organization. It is not only the board that has made the difference, but those that receive your RSVP for each meeting. Another group are the hostesses which is you. Your participation makes us feel that we are attending a special tea each month before the program! The Program committee should get extra credit too, they have to open the door of our meeting place before anyone can start the food preparation and sometimes, they have nervous issues getting the speaker, place and the microphone to work!

THANK YOU EVERYONE! See you at the museum.

Lana
