If adopting an unaltered puppy, adopter agrees to have pet spayed/neutered by 6 months of age. **If for some reason you are not satisfied with your rescue dog, the adoption fee is refundable minus a \$50 fee within the first 10 days. The adoption fee is non-refundable after the 10 day trial period.**

The adoption fee may be paid by cash, local checks with valid ID, credit card or money order. The fee covers the vet care this dog has had up to this point, including vaccinations, spay or neuter and any health issues that were treated for the dog. All dogs have been tested and are heartworm negative OR are being treated at FBSBR's expense and are flea free. \_\_\_\_\_

By initialing here, you agree to continue these treatments for your pet's lifetime.

**If your new dog shows signs of illness in the first 3 days we ask that you call 850-503-0469 or 850-232-3338. If it is something that requires a vet visit, we will make you an appointment at our vet and we will cover the cost. If you take the dog to your personal vet we will not be responsible for the vet bill.**

Adoption fees range from \$175.00 to \$250.00 unless otherwise specified at time of adoption. This fee covers the cost of vetting your rescue dog.

**Our dogs are family members.** We only adopt to owners we feel are suitable. Small breeds cannot live outdoors or be left alone for more than a normal work day (8 hours). They require dental exams yearly along with regular physical exams. If you are approved for adoption, you agree that all veterinary care will be provided as recommended by the veterinarian listed.
