WIN FOR SKIN

Bye bye peach fuzz! JAPONESQUE Perfection Complexion Dermaplaners eliminate even super-tiny, light hairs from the face – while also providing gentle exfoliation and improving texture. Available at Target locations, the single blade razors work like a charm on other areas of the body in a pinch, as well. Price tag? \$10 per three-pack.

ELEVATED COOKING

Not all extra virgin olive oils are created equal. The Governor's award-winning, limited-edition EVOO is harvested early and pressed the same day in famed Corfu, Greece – resulting in a robust peppery flavor, smooth finish and unmatched health benefits.

Taste the difference for \$69 a pretty bottle. kyoord.com
