## Service Plans

Individual services are available by the hour. Simply call and let us know how we can help. If you have any questions we are happy to answer those as well.

One of our friendly technicians will arrive at your scheduled time to tackle whatever chore you have chosen.

Take a look at our sample checklists to see if there are any tasks we can help you with.

If you are interested in routine visits to make sure your home is maintained year round our service plan is for you.

1. We will schedule a No Charge Assessment visit to review your homes needs and make a plan together.
2. One of our technicians will maintain your home & property as if it were our own. We will visit your home regularly every quarter for 1.5 hours, and if more time is needed, it's available.
