German Wirehair Alliance Stud Dog Profile

The Stud Dog List is published as a service to Alliance Breeders and interested members of the public who wish to investigate truly versatile German Wirehaired Pointers that are: outstanding field dogs; competent waterfowl dogs; well-tempered, good natured family dogs; and free from genetic defects. All dogs listed must meet the German Wirehair Alliance breeding requirements. The German Wirehair Alliance Breed Advisory Committee has the right to allow or refuse any Stud Dog Profile based on possible genetic contribution or harm to the German Wirehaired Pointer breed.

The information you provide below will appear on www.wirehairalliance.com. Stud Dog Listings are only available to Alliance Breeder Members or Supporting Members. There are no additional charges for Stud Dog Listings.

Please complete the form below and mail the information to:

Stud Dog Name_____

Height in CM _____Length in CM_____Weight in Pounds_____

Stud Dogs must conform to the breed standard.   Height at withers: Dogs: 61 to 68 cm.   Bitches: 57 to 64 cm.
To measure height: use a wicket or large slide rule and measure height at withers and ensure that dog does not crouch.
To measure length: measure from chest to rear just below the dog's tail.
