Resident Spotlight

Meet Sharon, a cherished member of our community whose life is a testament to the importance of family, love, and gratitude.

Sharon grew up in various parts of Texas, thanks to her father's job with the government, which meant the family moved around quite a bit. But one constant in her childhood was visiting her grandparents, a memory she fondly recalls. "I loved going to see my grandparents," she shares, looking back on those treasured times.

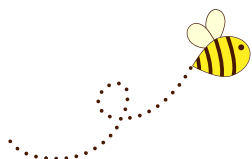

Sharon Pearson

Sharon dedicated much of her life to a career in nursing, specifically as a Registered Nurse (RN), where she found immense joy in caring for others. "I loved taking care of people," she says, reflecting on her time in the field. Her family played an important role in shaping who she is today. "We were a very close family," she says. Sharon's father worked for the government, and her mother worked at Webb Air Force Base in Big Spring. Her brother, the oldest, joined the Air Force, and her sister, who is older than her, married a man who also worked at the Air Force base. In total, Sharon has three children and four grandchildren, all of whom are the heart of her world.

Family traditions are also incredibly important to her, especially around the holidays. Thanksgiving and Christmas are always special times for Sharon, filled with family gatherings and love.

Sharon's message to those around her? Treat everyone in your family equally and make sure they know they are loved. It's this dedication to family and the love that binds them together that makes Sharon such a special person in our community.

Judy Williams

Therapy Spotlight:

This month, we highlight Mrs. Judy Williams, who has made incredible progress in just 20 days of therapy at RLCC.

When Judy arrived, she was weak, unable to hold silverware, walk, or remember things. Despite these challenges, she was determined to improve.

Through physical, occupational, and speech therapy, Judy has made remarkable strides—walking with a walker, showering independently, and standing unsupported for over eight minutes. "I'm very happy that I improved so quickly," they shared. "Thanks to the Lord and therapy, I'm where I am today."

Her journey was tough, but her determination made all the difference. "If I wanted to go home, I had to work hard," she reflected. Outside of therapy, Judy enjoys Sudoku and crocheting.

Judy has had a positive experience with therapy, saying, "Everyone has been very nice." Her advice: "Exercise is necessary. It's all about your mentality."

We celebrate Judy's progress and perseverance. Keep up the great work!

Hymn: When I Survey the Wondrous Cross

1 When I survey the wondrous cross
on which the Prince of glory died,
my richest gain I count but loss,
and pour contempt on all my pride.

2 Forbid it, Lord, that I should boast
save in the death of Christ, my God!
All the vain things that charm me most,
I sacrifice them through his blood.

3 See, from his head, his hands, his feet,
sorrow and love flow mingled down.
Did e'er such love and sorrow meet,
or thorns compose so rich a crown?

4 Were the whole realm of nature mine,
that were a present far too small.

Love so amazing, so divine,
demands my soul, my life, my all.
