PROGRAMS

Canskate (Learn to Skate) is a dynamic learn-to skate program that focuses on fun, participation and basic skill development. Based on Sport Canada's long-term centers on physical literacy and the fundamentals needed to take part in any ice sport or to skate as a recreational activity.

This program is lead by NCCP-trained professional coaches and assisted by trained assistants.

You can expect Action, Movement and Fun in this program! Lessons are delivered in a group format.

Skaters progress at their own rate and coaches make sessions active using teaching aids, upbeat music and a wide variety of activities that create a motivated environment and promote learning.

A CSA approved hockey helmet, long pants, mittens, warm sweater/jacket and skate are required for this program.

PRE STARSkate is for skaters who have successfully completed their CanSkate Stage 4 badge (and looking to continue in the sport of figure skating). The skaters will continue to progress through stages/badges 5&6, and will be provided with professionally coached group lessons.

A CSA approved hockey helmet and mittens are mandatory until completion of Stage 5.

STARSkate – offers opportunities for skaters of all ages to develop fundamental figure skating skills in the areas of ice dance, skating skills, freeskate and interpretive skating. Skaters have the opportunity to take Skate Canada tests through a nationally standardized testing system. Private Coaching is required for individual lessons and should be arranged with the Coaching staff prior to the start of the season. Please be sure to discuss all formats of lessons with your Coach (private, semi private and group).
