A natural evolution of the brand is it's expansion in 2020 to the flooring.

In 2018, Stanton entered the world of commercial carpets. These carpets are made to withstand the different levels traffic in commercial settings, while still providing the level of style Stanton is known for. The commercial category continues to grow, and we continue to expand our line with inspiration of color and movement.

With those same principles in mind providing trendsetting products with superior service, Stanton expanded into the hard surface category in 2020. The Natural Beauty Series, a luxury vinyl waterproof flooring, was introduced featuring 24 truly unique colors inspired by nature.

Our goal at Stanton is to continue to be the trusted name in the trusted leading name in decorative flooring. Our products are crafted to exude luxury, style, and superior quality.
