Let's start the Venice adventure

Venice is a must!

Venice, known also as the “City of Canals,” “The Floating City,” and “Serenissima,” is arguably one of Italy's most picturesque cities with its winding canals, striking architecture and beautiful bridges.

The lagoon and the historic parts of the city within the lagoon were inscribed as a UNESCO World Heritage Site in 1987. Venice is a unique city built on 118 small islands connected by over 400 bridges.

It has no roads, only canals, with the Grand Canal being the largest.
