

HOME WINEMAKERS CLASSIC

August 1, 2020
CIA at Copia, Napa CA

Become a Sponsor and Help Make our Community Safer!

Established in 1982 as a fun and innovative way to generate funds for local fire-fighting efforts, the **Home Winemakers Classic** showcases exceptional wines that are simply not available commercially. Now in its 37th year, it is a much-anticipated unique event that brings together some of the best home winemakers in the region, to share their stories as well as their wines, with eager attendees who share a passion for our cause, and a pride in our amazing home winemakers.

Funds raised at the **Home Winemakers Classic** support the [Mount Veeder Fire Safe Council \(MVFSC\)](#) - an inclusive group of local residents who work together with the [Dry Creek-Lokoya Volunteer Fire Department](#) and [Napa Communities Fire Wise Foundation](#) to reduce the risk of wildland fire, while increasing awareness of the risks, and what can be done to reduce them.

Through the efforts of the MVFSC, the western mountains of Napa Valley are undergoing significant fuel reduction projects, firefighters have improved access, and homeowners are having their properties expertly assessed to reduce the spread of wildland fires.

Our volunteer committee can only produce an event that brings together home winemakers, a legendary silent auction, and a comfortable indoor venue that offers delectable food, while raising funds for this important cause with your generous contribution. . .
