Greeters main focus of responsibility is to welcome attendees to the event and assist with information about the event such as the location of vendors and start times of the event. Greeters are stationary to the point of entry and exit. There will be a seat but when busy it is best the Greeter to be able to stand.

Ambassadors are an extension of Greeters with the additional function of walking through the Exhibition hall and possibly to the meeting rooms.

Staging assists with setup and breakdown of the event.

Talent assists to ensure the authors and performers maintain their scheduled appearance time for both workshops and speakers series. The talent volunteer also assists when needed with the entertainers who will perform during the OURSTORY Book Fair and Expo.
