About us:

BrightHorizons9 provides business and entrepreneurial experiences to individuals with disabilities. The organization began in 2016 as a student-run enterprise and became a private non-profit program in 2022.

At BrightHorizons9, our goal is to empower young adults with disabilities to gain real-world experiences operating a collaborative work environment combining traditional business practices with state-of-the-art technology.

We thank our community partners for supporting our innovative endeavors that highlight the talents and creativity that individuals with disabilities bring to the workforce. Together, we set a new standard for a bright future ahead!
