

AUDI TT RACE CAR RENTAL AGREEMENT (2026.3)

M-TECH AUTO INC

This agreement outlines the terms and conditions between **M-TECH AUTO INC** (“We”, “Us”, or “The Team”) and the **Renter/Driver** (“You”).

By signing this document, You acknowledge and agree to all terms listed below.

1. STINT LENGTH

Each rental stint may vary from **one (1) hour to a maximum of two (2) hours**.

Stint duration is influenced by, but not limited to:

- Weather conditions
- Track conditions
- Fuel strategy
- Race operations

No minimum stint duration is guaranteed.

2. OUR RESPONSIBILITIES

M-TECH AUTO will:

- Provide a **race-prepared vehicle** suitable for amateur road racing
- Ensure the car complies with **event safety regulations**
- Transport the vehicle to and from the race track
- Present the car in **race-worthy condition at the start of the event**

We will make reasonable efforts to:

- Maintain the vehicle in optimal condition
- Bring spare parts and tools for common repairs

However, We are **not obligated to carry all possible replacement parts** or guarantee uninterrupted operation.

3. YOUR RESPONSIBILITIES

During your stint, You are responsible for:

- Operating the vehicle safely and with mechanical sympathy
- Returning the car in the same condition as received, excluding normal race wear

Liability

- **ALL on-track incidents are your responsibility**
- There are **NO “no-fault” accidents**

You must:

- Maintain full situational awareness
- Avoid unnecessary risks or aggressive driving beyond your capability

4. MECHANICAL AWARENESS & DRIVER CONDUCT

Endurance racing requires **discipline, consistency, and mechanical respect.**

You must:

- Monitor the vehicle condition at all times
- Immediately report any issues via radio
- Pit the car if necessary for inspection

Important:

Most failures historically result from:

- Driver error
- Lack of mechanical sympathy
- Contact with other vehicles

This is **endurance racing — not a sprint**.
Your priority is to **bring the car back safely**.

5. DATA RECORDING & INCIDENT REVIEW

The vehicle is equipped with:

- Data logging systems
- Multiple onboard cameras

All driving activity may be reviewed.

Incidents including (but not limited to):

- Contact
- Over-revving
- Locked brakes

...will be analyzed and discussed.

👉 **Honesty is expected. We will handle situations fairly and professionally.**

6. DAMAGE & COST RESPONSIBILITY

- Regular maintenance
- Consumables with known service life

Not Included:

You are financially responsible for any damage resulting from:

- Driver error
- Mechanical misuse
- On-track incidents

7. VEHICLE OPERATION WARNINGS

Engine Protection

- Rev limit: **6800 RPM**
- Over-rev can occur during:
 - Aggressive downshifting
 - Loss of traction

Braking

- ABS-equipped, but can still lock under excessive input
- Tire lock-up may result in **flat spots and replacement costs**

Spinning the Car

If you spin:

- **DO NOT apply throttle**
- This may cause **severe drivetrain damage**

Warning Systems

- The vehicle includes critical warning indicators (temps, pressures)
- You **MUST**:
 - Report immediately
 - Pit if instructed
