

Puppy Checklist

- Order Dog food
- Order Bully sticks
- Order Shampoo
- Ear cleaner
- Treats
- Schedule vet appointment for follow up vaccine and dewormer
- Activate puppies insurance
- Crate
- Puppy pen (suggested to use around the crate and have unlimited access to water if your pups hua and a grass potty station)
- Grass potty station
- Puppy pads (for the trip if traveling, puppy pads should never be left in a puppies area unattended due to chewing and swallowing harmful pieces)
- Blankets
- Toys
- Puppy proof the house (watch for cords, shoes, anything a puppy can chew on that's dangerous)
- Check yard for any hazardous plants and mushrooms
- Harness, leash, collar
- Set up training classes
- Bed
- Bowls
- Nail clippers
- Flea treatment
- Canned pumpkin in case of diarrhea from stress (non spiced)
- Dog toothbrush & toothpaste
- For summer months: dog booties for concrete surfaces
- Bag balm (amazon) helps to put on their paws if they get contact burns during summer
- Apple biter spray (to spray on things you don't want your puppy chewing on)
- Go here spray to help with potty training
- If buying a male, belly bands help greatly with preventing marking inside.
- Poop scooper
- Poop bags
- Car seat protectors
- Microfiber dog drying towels (these are great to wipe down your dog as bathing dals to much can make them have skin issues)
- Baby gates for blocking off areas or puppy play pen
- I suggest treating the yard with 1:4 ratio bleach to water just to kill any possible bacteria's other animals (including birds) could have brought in.
- Original Dawn is great for killing fleas instantly, I bathe my dogs in this anytime we get back from a public place.

- Flea/tick comb
- Chi sleek ez de-shedding comb works amazing! Do not over use this or they can get bald patches in over worked areas.
- Double sided bristle brush (one soft Bristles and the other hard)
- Enzyme cleaner for carpets
