2008

NLB Banka, one of the most successful banks in Kosovo, through experience and extensive knowledge is playing an essential role in the development of the banking sector. Our success is based on our strong commitment to provide quality services, various banking products created based on customer needs, as well as creating and maintaining a special connection and care for our individual and business customers.

Being part of the NLB Group, the most powerful banking group in the region, NLB Bank is in an excellent position to help its customers achieve their visions.
