1999

IPKO is recognized as one of the fastest growing telecommunications companies in Europe. Established in 1999, IPKO has grown from being the first Kosovo-wide Internet provider to becoming a modern enterprise offering full range of integrated services as well as content, in mobile and fixed telephony, digital cable TV and Internet services. Today, IPKO is the first and the most dominant mobile operator which offers fast-speed mobile internet – 3G and 4G networks in Kosovo.

IPKO continues to be the leading internet provider both in terms of number of costumers and network reach. Company is also the leader on digital cable TV services having the most qualitative content and the highest number of costumers. IPKO has the largest landline-fix network in Kosova with 350.000 ports available, while the number of customers in fix telephony is increasing constantly.
