

## Accelerated, Gradual Distribution Plan

We have an update for the loyal Nurd Hodlers, aka the Nurd Hurd. After speaking with our partners and advisors, we are making a change to protect the community and ensure our tokenomic health. This is a beneficial change, made with everyone's best interest in mind.

The original plan to release the presale tokens in 2 large distributions on May 24<sup>th</sup> and August 24<sup>th</sup> had the potential to negatively impact the community, and also withheld tokens that could be put to use sooner. We have opted to distribute the remaining presale tokens over a 16-week period of 5% each week, beginning on the 1<sup>st</sup> of May and ending on August 14<sup>th</sup>.

### This has 3 key benefits:

- #1 – **Timing.** You start receiving tokens sooner and the distribution ends faster.
- #2 – **Use Case.** This distribution model combined with our AlgoFund partnership gives our community a reason to hold. Announcements about allocation of launchpad projects exclusively for \$NURD holders on a tiered bases are going public soon.
- #3 – **Pools.** These have a limited timeline and we want as many of you to take advantage as possible.
