

The **1225 B.C Court Order** specifies parties by name. As an upgrade, Psalms 83 lists ten national groups, most of whom fall within the classification of Sheth's Children. As in most cases, the biblical names of nation-states and their location of today changed centuries ago. For example, Seir is the name for the Vatican/Jesuits. Seir is Edom or Esau location in Vatican City, Rome.

As an index, the Executive Body of Israel inflicts the triple-headed confederate on two levels. The first one is the nation-states in the Middle East—the oil states. Secondly, Balaam's oracle includes countries depending on Gulf States' oil.

Overall, the children of Sheth have different psychology from Moab, as they are tumultuous, have a natural affinity to undercut Judah, and will go to any length to subdue Judah. The children of Sheth are subversive, motivated by personal interest. Whenever the trait appears in opposition to the Commonwealth of Israel, the Stone Kingdom, the regulatory code would require liquidation. In perspective, four hundred years from now, the Stone Kingdom would have reached a milestone under Yeshua's theocracy. The Congregation is mandated to go forward in evolution; thus, de-evolving to a primitive state of social interaction is not for the visionaries.

- But I will send a fire upon Moab, and it shall devour the palaces of Kerioth: and Moab shall die with tumult, with shouting, *and* with the sound of the trumpet. Amos 2:2
- "It devours the foreheads of Moab and the skulls of the sons of tumult." Jeremiah 48:45
- Wherever oil is stored around the world expect: "burning *and* fuel of fire." Isaiah 9:5
- EBI ... shall devour the corner of Moab, and the crown of the head of the tumultuous ones." Jeremiah 48:46

Today, the Executive Body of Israel has a great appreciation for the Courts of Appeal in the Second Heaven. No need to be confused about Israel's and Judah's enemies because the delayed Court Order, for our time, names Moab and all Middle East as the possession of Israel, but first, the armies of heaven will waste them; next, the EBI will conduct clean-up operations.

The Executive Body of Israel per 1225 B.C. Court Order

- I look into the future, And I see the nation of Israel. A king, **like a bright star**, will arise in that nation. Like **a comet he will** come from Israel. He will crush the borderlands of Moab, and the territory of all the Shethites. Numbers 24:17

Balaam saw the Man-childbirth in the heavens in September 23, 2017. Thousands of years into the future, and on that date so did millions of people. The Man-child entered The Judahite's tabernacle like a comet. The Judahite himself journey within the invisible shield of heaven's protection. Indeed, **well said:** Satan doesn't want you to know that your most secured place of defense is the connection to Jesus!!

Judgments must be kept separately in the order prophetically pronounced.

Amalek Days' on the earth were quantified before 1225 B.C. Court Order. Moses made an altar on which he conducted an OATH for the Congregation to wipe the Amalek's nation from the face of the earth. It would be a transgenerational war of attrition, but in the end, the oath disappears when the Amalek disappears.

To be expected, a percentage of people are going down with the Amalek because they live within the model of the antichrist. God declares one thing through heavenly Courts' adjudication, and man and women stand in contradiction. People come up with cleverness to contradict God. Today, the catchphrase: *political correctness*.

- “And when he looked on Amalek, he took up his parable, and said, Amalek was the first of the nations; but his latter end shall be that he perishes forever. “

The Kenites' allegory per 1225 B.C. Court Order

A dual allegory. “Strong is thy dwelling place, and thou puttest thy nest in a rock; even so, you will be wasted and taken captive and transported far away.”

The 1225 BC Court Order cojoins Abrahamic Territorial Covenant as a current update. God's Covenant with Abraham pre-dates the Court Order yet mutually strengthens each other.

The dual prophetic allegory is about the latter-day China—the social system of Imperialism. Kenites and Kadmonites represent China—the dragon, but for now, China will be put away by the armies of heaven.

Please take notice: God tells of the future thousands of years in advance, called prophecy, then little-man and women come along to reverse the cosmic principle of time and space motivated by very limited personal motives of very short duration. The point: disregard man's non-Scriptural motives.

More to be said about China in coming presentations.

COVID-19 as a Pandemic Ended on March 12, 2022

The Judahite took notice of the spike of COVID-19 cases in China to the levels seen two years ago from March 13 thru the 26 of March. The question of Why is logical. The logical answer: a) COVID-19 as a pandemic is over. In perspective, COVID-19 cases are reported every day around the world. b. Because of the dark motives of special interest groups, consider the reporting misleading in many cases. In other words, a different virus. c. The rising cases in China are an indictment. What? The spirit has disclosed the origin of COVID-19. A day after the official ending of COVID-19, China has seen a spike. As at the beginning as at the end.
