Teeth Smashing
Declaratory Judgments Announcing the Cup of Wrath

A week later, March 19, 2022, the Archangel further refines the declaratory judgments descriptively transferred proportionality equation, TPE.

As the teeth no longer capable of masticating food substance; that is, the parties no longer capable of using productive capital and assets due to the fire-judgements, the Executive Body of Israel takes them to shape the Commonwealth of the Stone Kingdom.

January 24 Court's Ruling as interpretatively manifested in the 12 March Declaration places priority on the proportionality equation, TP-E, for collecting monetary resources. We are now entering a new phase wherein the EBI actively organizes administrative systems for governing transition to the land of promise.

According to TP-E, as more and more as the teeth are smashed, the financial and banking systems collapse upon themselves. Scriptures speak about our current day. Indeed, but the 144k and the EBI have the responsibility to remain grounded in the realities of the day, the needs for the essential of daily life. The point: we must deal with common issues. Yes, the Elohim will do the supernatural, opening the gates, the barndoors, and departing the waters enabling us to walk into the land of promise with new systems. Yes, the angels are now before the EBI to remove all structural oppositions to our forward movement.

The EBI adheres to the biblical outlines of the end times' history. It is important to make particular supplications and thanksgiving in corresponding categories in the outlines as stated. Generalities are necessary, but there are not sufficient particulars. Considering re-clarifying the biblical outlines, we must view ourselves and call ourselves Stone Kingdom proceduralists. Please make use of the term when appropriate.

Placing light on the Etiology behind the pending destruction of Moab, children of Sheth, and the Edomites/Idumeans.

The Judahite ranks the legalistic proceedings involving Balaam and Balak King of Moab in the top five milestones in biblical history. Today, we have absolute confidence in the magistrate's ruling regarding the demise of the triple-headed confederacy against the Congregation.

The appeal and appellate Proceedings

Balak, King of Moab, started his complaint against the Congregation as they went to the Land of Promise. Moab feared Moses would take his land despite the assurance of no desire

The LORD's real estate or territorial rights jurisprudence came into realization back in Genesis related to Cain and Able. The LORD assigned territorial rights based on occupational economics. Or the lack thereof on the identical precept. The economic principle endows divisional groupings with complete advantages. There is no such thing as the grass looking greener on the other side because the LORD's territorial rights jurisprudence is arranged for all to become winners when the lands' natural resources are used in process manufacturing regardless of historical periods.

Post-flood, however, territorial jurisprudence rights became institutionalized under Shem, Ham, and Japheth (See the Book of Jubilee). Proceeding, therefore, the Table of Nations (Genesis) lists further sub-divisions according to the three brothers' territorial divisions.

The Congregation came under a prohibition to take land by conquest unless the LORD gives a specific directive. As a note: Canaan took possession of Shem's portion of land when Israel was in Egypt for four hundred and thirty years.

The point: the Moabites knew that they were relatively secure if they did not attack the Congregation. Still, the King of Moab wanted assurances from the spiritual world of heaven to wipe the Congregation from the face of the earth. Driven by fear, the King sent for Balaam, who had the spiritual powers to accept the complaint. But once he heard the complaint, Balaam said he could not do anything. Still, Balak insisted on his presence before the King then he departed to prosecute *the claim-issue of Israel being the chosen people of Yahawah*. The **Archangel Michael swore in** Balaam before the Magistrate Court of the Second Heaven.

Balaam and Balak proceeded step by step in the appeal process until the final resolution came at the Principality's Court of the Second Heaven. Before the Court, the claim issue of prophecy had to determine validation in the place where the principality rules worldwide.

John of revelation tells us about the signs in the aftermath of Michael's engagement with Lucifer, resulting in him being thrown out of heaven, locking all the portals. Lucifer has realized he no longer has access to the outlets that allow him to leave earth to his heavenly domain, judging from daily news reports of widespread wickedness. Yes, the appeal process covered Balaam and the Principality of the Second Heaven. Now, we can see the meaning of John's oracle about Michael fighting his foe.

Yes, there are two court systems in the Second Heaven. One is pro-righteous, and the other one anti-righteous. Each principality is assigned a territorial division over the world. Lucifer governs the principalities through his office in heaven.

For additional insights about the Second Heaven, Job gives a relatively straightforward functional arrangement of the Second Heaven. **A.** God has given Lucifer power and his time duration to inflict suffering over humanity. **B.** Lucifer and his principalities have their court system in heaven, though they rule in the court systems on earth. **C.** The angels of the LORD have their magistrate court system. **D.** The High Court of Heaven stands at the top above all systems.

In Daniel, we see one principality after another coming to the earth, taking their assigned territorial division to impede the Redeemer's plans for humanity. Daniel's Man-image statue correlates to the timing of each principality taking their assigned rulership roles.

Balak had no support in the Appellate Court of Heaven; otherwise, the High Court would have granted a conditional relief. Abraham established ten righteous persons as the precedent to overturn God's decree. Balak could not bring or show proof of ten righteous persons. Instead, he offered Balaam a governmental position and lots of gold for personal use. The Magistrate Court Finding Facts, Recommendations, and Conclusion of law directly tie into the Magistrate Court of Heaven. So, what is binding on the earth ties into the Courts of Heaven.

As a case model, the sons of Israel killed Balaam. Balaam acted in the capacity of the magistrate judge, yet his death came as the conclusion of law for end times validation. Once he completed the appeal process, no longer under oath, he switched to the principality side to defeat the Congregation of Israel. While in battle, a representative from each tribe of Israel killed him for his treachery.

Take notice, Moab and Ammon, the sons of Lot, are Hebrews. Lot made a series of bad decisions in his life, motivated to prove he could become on equal footing with Abraham's success. Lot's character trait continues to run in the family.

**In 1225 B.C., the Appellate Court of the Second Heaven affirms.
So, Ordered.**

1. A governing head will come from Judah with members makeup from the ten tribes of Israel. Today, the Executive Body of Israel is the transitional head of state.
2. The EBI will inflict both governmental officials and nation-states of Moab.
3. The Children of Sheth will be destroyed. Also, the children of Sheth are known as sons of Tumult.

Psalms 83 tells of the confederation seeking either the delay or prevention of the Temple reconstruction under Nehemiah, a parallelism with the rise of the Second Little Horn. Still, AD 70 is another milestone in strategic implementation to crush Judah. Consider the Arab slave trade; it claimed between 40-to 60 million Judahites. Some estimates put the number higher.

On the other hand, the Atlantic slave trade estimates between 30 to 60 million members of Judah (the tribes of Benjamin, Levites, and Judah). The Judahite cites the calculations to give an idea of the scale in the foundational construction of capitalism. The exact number is known only in heaven; therefore, no need to dwell on the numbers because prophecy takes the actual number into account for assessing damages and penalties. Remember, Moses, put before the Congregation the choice of either blessings or curses. There is no question about Judah's selection.

In the consistency of prophecy of the Mosaic curses, the triple-headed confederate built the Dome of the Rock, claiming Mohammed ascended into heaven from Jerusalem as part of the ongoing conspiracy to assert Islam's real estate rights for staying in Jerusalem that serves to counteract Israel's claim of exclusivity.

**Through Obadiah,
God gives us a remembrance of Moab's 1225 B.C. Appellate Court's affirmation**

Obadiah updates Balaam's Order by giving us the distinctive form of Moab. Concisely, the triple-headed confederate.

On March 12, 2022, the LORD appointed The Judahite as his ambassador^{1:1} to announce destruction on Edom/Idumean, the triple-headed confederate, when his top and bottom teeth smashed a supernatural object that has since caused inflammation.

2. Behold I have made you small among the nations: thou art exceeding contemptible. Obadiah 1:2
3. Your pride has deceived you. Your capital is a fortress of solid rock; your home is high in the mountains, and so you say to yourself, 'Who can ever pull me down?' 1:3
4. Though thou be exalted as an eagle, and though thou set thy nest among the stars: thence will I bring thee down, saith the Lord. 1:4

Narrative

As foretold by Isaac, **once Esau's descendants arrived in Rome, departing the Middle East (Mt. Seir), they would take the yoke of their neck and places it on Jacob's descendants neck.** Indeed, the Vatican-Idumeans or the Holy See approved the transatlantic slave trade. Look at how Esau would position himself for the rest of his prophetic life.

- *Your dwelling shall be the fatness of the earth and the dew of heaven from above* (the illustration is clear: the Vatican and the Roman Catholic Church)
- *By the sword shall thou live.* (Genesis 27:39 &40)

The Vatican, through Daniel's prophecy of the Second Little Horn, is reduced to the smallest territorial nation-state on earth. The Vatican or Holy See or Mt. Seir holds greater power than Imperial Rome, whose emblem is the eagle. Still, the expansionist spirit of the eagle lives in the system of Romanism.

"Set your nest among the stars." We must go back to **1225 B.C.** Appellate Court affirmation of the Second Heaven where the principalities reside. Yes, as told to Daniel, there is a principality over the Roman Empire. Apostle Paul confirms the exposition given by Angel Gabriel in Ephesians 6:12.

The Vatican has the best-infrared telescope on the earth, seeing the principalities leaving and coming to the world regularly. The telescope's acronym LUCIFER. As with Balak, as with the triple-headed confederacy, Lucifer's powers give his followers a false sense of security, fooling the anti-Christians into believing that they have much more protection than the Redeemed.

**Per 1225 B.C. Court Order
And
Obadiah's Restatement.**

God's Ambassador announced the March 12 Declaration

- "The day is near when I, the LORD, will judge all nations. Edom, what you have done will be done to you. You will get back what you have given." Obadiah 1:15
- For thus saith the LORD God of Israel unto me; Take the wine cup of this fury at my hand, and cause all the nations, to whom I send thee, to drink it... Jeremiah 25: 15-29
- For the day is near, the Day of the LORD is near. It will be a day of clouds, a time of doom for the nations. Ezekiel 30:3

**Property Confiscation
per 1225 B.C. Court Order (Numbers 24:18)**

As soon as The Judahite receives the green light, the EBI will collect all the valuables and monetary assets from the Vatican/Mt. Seir and from different locations around the world. Nothing of value will be left in the Vatican.

- As thou didst rejoice at the inheritance of the house of Israel because it was desolate, so will I do unto thee: thou shalt be desolate, O mount Seir, and all Idumea, *even* all of it: and they shall know that I *am* the LORD. Ezekiel 35:15

Tribal Dan

Israel said about his son:

- a) Let Dan be a snake in the way, a serpent in the path, that strikes the horse's heels that his rider may fall backward. Genesis 49:17
- b) "I wait for your deliverance, LORD. ^{49:18}

Moses presents Dan's functional role in the banking industry:

- c) "To Dan also he said: Dan is a young lion, he shall leap from Bashan. Deut.33:22
- d)

Salvation from Judah

Oh, that salvation for Israel would come out of Zion! When the LORD restores the fortunes of his people, let Jacob rejoice, let Israel be glad. Psalm 14:7

A formula is required for understanding Dan's role.

A few words about Dan's character roles namely. Dan the banking class, Dan the Jesuits, Dan the strategic in governmental policy, Dan & Talmudic Judaism-Gentile, Dan interlocks with the Vatican, Babylon, the Chaldeans, and nourished the Red Dragon--China's imperialism.

**Dan is part of the Alliance to do harm, yet Dan is conflicted.
Dan is not necessarily all good or all bad.**

"They are making secret plans against your people; And consulted together against Your sheltered ones;" that is, "those whom you hide in the covert of your presence from the contradiction of plotting tongues" of state security operations. Psa 83:3; Psa 31:20; Psalm 27:5

- *“those whom you hide in the covert of your presence from the contradiction of plotting tongues”*

The Judahite’s working relationship with the Jesuits truly illustrates Psalms 83:3. Yeshua establishes the purpose for “those whom you hide in the covert of your presence.” Yeshua walked through hostile crowds ready to grab him for the kill on two occasions, but they could not find him. Likewise, **inter-dimensionally, the forces could not find The Judahite because he was within the covert of Yeshua’s presence.**

Dan’s responsibility over the coming days.

A systematic approach reveals:

- A. Years ago, The Judahite developed a prototyped financial relationship with Dan, the Jesuit. The prophetic model requires Dan’s banking class to immediately follow The Judahite’s Directive. The model can be scalable to cover the entire world. With or without Dan, The Judahite has two workable models on how monetary assets can be transferred to his control. 1) Years ago, the angels moved money into The Judahite’s account, enabling him to honor his mother and father, deceased at that time, uniquely. Days before going shopping, The Judahite knew he would be shopping for the favorite foods enjoyed by both parents and cook the meals and be happy. 2) As demonstrated weeks ago using The Judahite’s phone, the Angels can immediately transfer funds from one account to any account. 3) The LORD told Cyrus the Great where to find hidden money for his mission work. 4) The Judahite already knows where monetary assets are coming from. Look, each nation that receives the wine cup of damnation will drink, making it easy to come in and gather the assets.

Directive One

**The Judahite's Directive
To
Dan the Banking Class for Immediate Implementation
Per
24 January Court Order**

- One.** Collect all monetary assets worldwide from central banks, the Vatican Accounts held at major banks and freeze the entire Vatican Bank.
- Two.** Create a universal Trust Fund Account naming as the beneficiaries tribal Israel named in the 144k's list of names.
- Three.** The Trustees: The Judahite and the Executive Body of Israel.
- Four.** Jerusalem is the designated city of the Trust Account. And,
- Five.** **Bank Leumi** hosts the Trust Account. The bank will be taken over by the EBI.
- Six.** Within forty-eight hours the account should be operational ready to receive funds transfer.

**March 28, 2022, comes with the two times
0428 and 1628 Hours.**

Weeks ago, The Judahite posted the milepost hour 0428 without the date. Days later, March 28, 2022, announced itself as the date. So, on March 28, 2022 at 4:28 AM, The Judahite expected in total or in proportions monetary assets to be transferred to the Executive Body of Israel per the 24 January Order.

When The Judahite posted the AM date, he knew the PM hours attachment to March 28, 2022. God has his methods of operations.

The Elohim marked off twelve hours in which the windows of heaven would be opened. What? Twelve hours during which time significations would enter to quantify the process. Time will not allow a lengthy discussion at this time. However, foundational information would clarify the prophetic scope of 28 March.

There is a contradiction between Judah and Dan. When Samson came from Palestine on his way to bring his parents down to his wedding, Judah, the lion, jumped Samson, signaling to the

Danite not to go forward with his wedding plans. Being a judge, the Elohim gave Samson the strength to kill the lion of Judah. On his way back down with his parents to wed his Philistine fiancée, Samson told his parents to continue walking as he had to investigate something. He went to look at Judah, the lion; to his surprise, the bees had built a hive in the lion's mouth from which flowed lots of honey. Although the law prohibited Samson from touching a dead animal, the temptation was too great. He took as much honey in his hands to share with his parents. What a treat!

Prophetically, the Danites would go their way, separately from the rest of the Congregation, a statement of renunciation. Joseph took some Danites to North America, thus preserving Dan's membership in the Congregation.

Indeed, Dan, the snake, *has fulfilled* his theological mission as foretold by Jacob. As told by Moses, Dan, the young lion, has captured the banking industry via the Central Bank System.

As an update, Jesus tells the parable of the prodigal son. Yes, Dan killed the spiritual honey of Judah; that is, the Gospel of Yeshua. After which, he joined the swine. Truly, Dan's history is one of filth.

Dan has two options at this moment in history.

- A. Dan or classes of Dan can continue the pathway of living like swine and die with them like Samson.
- B. Classes of Dan are now positioned in the ecclesiastical industry, banking/financing industry, and the consulting sector to legislative bodies. He can now turn and become the prodigal brother by giving Judah the honey of monetary assets taken from his mouth. If done, Danites would be on their way back home, where he would worship at Judah's feet as foretold by Yeshua because they call themselves Jews.

March 28, 2022, Required Sanctification

Yes, The Judahite is required to consecrate the events of this date and associative dates and events related to **a)** the 400-year Covenant, **b)** the Seventy-year prophecy, **c)** 24 January Order, and **d)** the March 12 Declaration.

Within the twelve hours allotted, the Immediacy (!) of Prayers came through as thanksgiving offerings in anticipation of The Judahite's Directive to Dan. The Directive is rolled up into **a)** through **d)** as a composite. A very powerful force came through at the time of praying.

As part of Soundwave25, we sanctify this day with the return of the prodigal brother and son, DAN. He returns with all the inheritance given him by the Heavenly Father, who gave him the power to subdue Judah. According to the Heavenly Father, The Judahite's Directive must be followed, expecting the first step by the end of the day 3/29/2022. That is 48 hours according to the Directive 3/27/22.

- The Judahite visited the Federal Reserve Bank of New York years ago, where monetary wealth is captive, a trillion dollars.

New York is one of the financial centers controlled by the Danites.

The Menu

1. Two New York steak with a wine sauce
2. Mashed potato
3. Green peas.
4. Rice
5. Eight biscuits (related to the Covenant)
6. Orange gelatin
7. Milk
8. Ginger beer
9. Water.
