

Pentecostal Convocation May 22, 2025

This year, during the prophetic Pentecost on May 22, 2025, the focus will be on workshops on spiritual emancipation and actualizing the prophetic objectives of Pentecost.

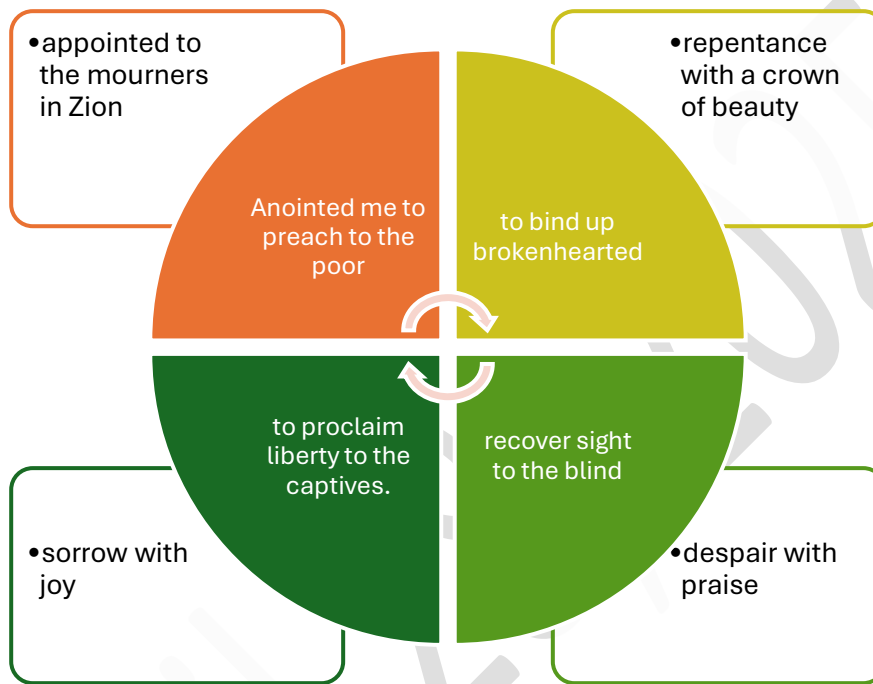

Workshops

1. In keeping with past years, participation can grow from just a few individuals to up to two hundred attendees. The hosting venues can include backyards, parks, schools, churches, or any suitable location. The Executive Body of Israel in Exile advocates for grassroots participation since the convocation theme is Spiritual Emancipation, which emphasizes living under Spiritual Emancipation in the New Covenant. We eagerly anticipate the day of rejoicing on Mount Zion.
2. Please use the graphics provided and refer to the presentation on Actualizing Prophetic Pentecost as your outlines. Participants are encouraged to read relevant Scriptures during the workshops to enrich the experience.
3. The workshops should be oriented forward, orienting participants towards the day we relocate and begin to establish a new world economy centered around Israel's Commonwealth of Labor.
4. The Executive Body of Israel in Exile requests that detailed notes be taken during each workshop. Once formatted, these notes will be shared online, allowing others to join in the excitement of knowing that we will be relocating with wealth, ensuring a bright future for our wives and families.

Another Post will be coming within days.

Spiritual Emancipation: Zion's Soundwave-25

Isaiah 61:3-11

Actualizing the prophetic objectives of Pentecost.

Isaiah 61:3-11 speaks of Zion as the nationality of Judah. From the Earth's four corners, Judah will be gathered. Then, the ten tribes will encompass Zion as their state nationality, governed by Judahtocracy.

Points from Isaiah 61:4-11:

- ✓ **Restoration of Zion:** The Lord promised to restore Zion, emphasizing rebuilding devastated cities. Recently, conflicts in the Middle East have escalated into a regional crisis, bringing us closer to the possibility of World War III. According to the Abrahamic and Mosaic Covenants, the exiles will return to a territory larger than the current boundaries of Zionist Israel. Nevertheless, we hold the assurance of everlasting joy as we dwell within the nationhood of Zion, preserving our identity as we transition to statehood.
- ✓ **Spiritual Emancipation:** This passage highlights the blessings of recognition as a right, based on Deuteronomy 30:3-9. Those who have endured shame due to the curses mentioned in Deuteronomy 28 will receive double blessings for their past suffering and disgrace.
- ✓ **Covenant and Joy:** Zion is adorned with spiritual garments to signify its redemption.
- ✓ **Theocratic Stone Kingdom:** Within this kingdom, we metaphorically stand as strong trees with deep roots, firmly established among the Gentile nations. The Most-High will undoubtedly bring forth righteousness and praise that will resonate throughout all countries.

We anticipate implementing the Prophetic Pentecost's Programmatic Contents.
