Introducing the Hamitic Babylonian Religious System

Babylon appeared as the first kingdom post-flood, giving humanity the reward of languages for disobedience. Working with associated languages as an in-group community, the second Babylonian Kingdom built on first Babylon's religious foundation of disobedience and with the Chaldeans fashioned an entire religious system supported by astrology and the names of the gods whom they served.

Because the name Babylon has been used for thousands of years and still today, it is time to reconsider the purpose. First, Babel means confusion, where human languages were assigned to different tribes due to disobedience, refusing to travel and cover the entire planet as told. Instead, they built the city-state of Babylon, in the land of Shinar, where they constructed the Tower of Babel, intending to become the station for space travelers, imitating the gods who fell "from the sky."

Nimrod, the central figure in the rise of Babylon, followed his father's footsteps in the empire building of Mesopotamian. Babylon is a Hamitic kingdom in which Nimrod always searched for buried treasures and knowledge from the pre-flood days to enrich his Kingdom. After the mass dispersion, people migrated near and far depending on their tongue, thus ending the ancient Babylonian Kingdom. Later, the ancient Assyrian Kingdom emerged, belonging to the Shemites along river Euphrates River.

Mesopotamia, known as the Fertile Crescent, hosted kingdoms from all the lineage of the three patriarchs, Shem, Ham, and Japhet. Deity sharing or embracing many gods was common to all who lived in Mesopotamia. In a word, all tribes worshipped the same deities.

Often overlooked, Seth, Adam's third son, developed the science of Astronomy assisted by the Watchers. According to Enoch, the Fallen Angels taught humanity many harmful practices that led to the flood. Genesis gives us an account of how giants appeared on Earth as offspring from the union between the Watchers and Earthwomen. As an overlay, Enoch gives an understanding of how the Watcher taught Adam's descendants to take wives from the nation of Cain, as a result, see what happened.

- ^{6:1} *And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them,* ^{6:2} *That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.* ^{6:3} *And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.* ^{6:4} *There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown.* Genesis 6:2-4.

Genesis accounts show how Adam's descendants adopted the practice of taking outside wives, which put Adam's seed on its path of destiny—the flood. Even after the flood, the tradition continued. Multiculturalism contributed to the Northern Kingdom of Israel being wiped away from God's sight.

Gen 6:5 “And GOD saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually.”

Electronic Platforms

“Every imagination of the thoughts of his heart was only evil continually.” Indeed, social media platforms are cesspools. People engage in depravity acts to draw attention and to encourage others to become part of the electronic community of deprivation. As foretold, the pre-flood traditions would be repeated at the end of days.

The Israelites Embody their own Astro-theology, a moving frame of the heavenly seasons.

Thousands of years ago, Enoch painted the twelve Zodiac Constellations on the ceiling of a building structure in Egypt that is available for viewing today. How could this be? No one on Earth had such advanced knowledge of the heavens.

The Judahite attributes the drawing to Enoch because he saw the celestial bodies’ mechanics and translated the knowledge from the earth’s perspective, looking upward—a different perspective when looking down from heaven. The twelve Zodiac Constellations move according to the governance of the LORD, and as a rule, Earth makes its twelve months tour every 365 days.

Enoch departed earth twice to the heavens. He saw and understood the cosmic long and short hands on the clock for keeping prophetic time. He traveled around the earth in an Ariel craft to align megalithic structures as milestones for events on the earth to align with the heavens at the appointed times. Thus, Seth, son of Adam, inspired Enoch to be the prophetic timekeeper for Adam’s descendants.

Now, the answer to the question: Enoch is the timekeeper for Adam’s descendants. At the age of 365, Enoch departed Earth, giving us the conceptual time of rotation to know for a certainty Israel’s return to godliness.

He gives the solid foundation for the Israelites’ to conceptualize their own Astro-theology, to learn their history is recorded in the heavens before humanity was created. Thus, according to the cosmic clock civilizations will continue to rise and fall at the appointed time until the Stone Kingdom comes into being.

Ensuring all the tools are available to conceptualize, Enoch presents a complete analysis of time and its components. When reading his Sheep doctrine (Congregation of Israel) from beginning to end, Enoch shows how the sheep’s evolutionary development corresponds to the twelve Zodiac Constellations designed for each of the twelve tribes to understand their workable theology as productive attributes to enhance and enrich humanity’s social and economic systems on the earth for all.

Thus, two guiding codes: one, with knowledge, there is no basis for the Israelites to fall and worship celestial bodies like the heathens or to imitate the heathens. Two: Moses and Jacob knew

about the children of Israel's Astro-theology gifted to self to enrich humanity.

^{29:29} *The secret things belong unto the LORD our God: but those things which are revealed belong unto us and to our children forever; that we may do all the words of this law." Deuteronomy.*

Coherency on all levels. The Earth's formation is not due to random events that came together at the right time but instead by the divine forethought of God's purposeful design.

Conceived out of Hamitic disobedience, Babylon has continued its evolutionary pathway.

Babylonians are well known for Astrology and worshipping celestial bodies as taught by the Watchers, the fallen angels. Motivated by the fallen angels, Nimrod wanted to ascend into the heavens, so he built the Tower of Babel. Although his Kingdom ended, the region of Shinar birth another Babylonian kingdom that preserved the religious beliefs that ran counter to the God of Shem.

Systematically, Daniel demonstrated to the Kings of Babylon that his God, Yahawah, knows all. For example, Nebuchadnezzar had a repeated dream that made an impression, but he could not remember the dream when he awoke. Then, he called his class of professional astrologists and fortune tellers to tell him about the dream and its meaning. They could not. What good were they? He issued a decree to put them all to death. Daniel found out at the last minute what the decree pertained and asked the King for a twenty-four-hour stay of execution.

Yahawah revealed that his law is discriminatory and protective of the Judahites who would manage the developmental stages of Babylon's economic growth. Showing respect for the King, the three Judahites told the King they could not and would not fall down and worship the Man-statue image. Most importantly, they would not worship themselves because they revealed the King's dream and gave the interpretation.

The Chaldeans urged the King to burn them alive. The three Judahites were put into the fiery furnace and lived, yet the heat killed the Chaldeans, who fueled the furnace seven times hotter. Yet, the King stood way back and called for the three Judahites to come toward him out of fear of being consumed by the fire.

Nebuchadnezzar benefited from Daniel God's grace and mistakenly viewed the wealth creation attributed to his right of kingship and overlooked those needing daily bread to eat. The King was cast out from human society to live and eat like an animal for seven years.

Again, the King realized his governmental powers were empty relationally to Yahawah's mission given to Daniel and his three executive managers. Through his experiences, the King, out of humble respect, realized God's timely mission through his servants could not be blocked.

Daniel and his three Associates managed the Babylonian Empire, which generated enormous wealth.

Another King came to power in Babylon and enjoyed the enormous wealth, which prompted the King of the Chaldeans to hold a lavish banquet for the religious cult of the Chaldeans.

The King, guided by astrological paganism, ordered Jerusalem Temple's cups from the storage room to drink wine. Thus, triggering the handwriting on the wall of divine **judgment** on the Babylonia ideology, another indication of a living God in real-time.

In contrast to the living God, the Chaldeans praised the gods of silver, gold, brass, iron, wood, and stone, of whom could neither see nor hear. The referenced industries are personifications of the four Gentiles' futuristic social systems having the same religious philosophy through each of the Gentiles' four stages.

The Magistrate of the Second Heaven delivered the ruling at the Banquet, yet it is a statutory decision applied to the life cycle of the economic philosophy of Babylon.

The Babylonians did not understand the complete mechanism of Astro-theology; therefore, astrology became a personalized tool to chart one's daily pathway.

The Medes-Persian's Official Seal

Authorizing the Lions of Judah to shred Babylon's financial/bank industry.

Daniel modeled three judicial codes for the Judeans living under Jeremiah's Seventy-year prophecy, pending departure from Babylon and the land of the Chaldeans.

- A. Daniel gave the Judeans an understanding of the interrelationship between the Magistrate of Second Heaven and the earthly Magistrate.
- B. The official court seal placed on the lion den's door allowed Daniel to authenticate his Court of Arms as the Lion of Judah. The Court of Arms is now being used to shred Chaldeans' financial industry.
- C. In the end times, the banking and legal systems model around Daniel's pending death, sent to the lion's den, has reappeared. Jeremiah's Seventy-year prophecy arranges the procedural order in his book regarding the demise of Babylon.

Daniel actualized the super structure conceptual design of capitalism/imperialism. Each subsystem was proved to endure in completion as the end time infrastructure of which Judah is foretold to negate. In focus, (1) the legislative process that convicted Daniel, (2) the legal system that adjudicated Daniel's case, (3) the sheriff or the law enforcement division was part of the conspiracy with the expectation of receiving a handsome reward, and (4) the financial industry was in on the scheme because the professional wanted to enrich themselves, but Daniel refused to go along with stealing monetary assets that were earmarked for the second Temple construction; finally, (5) Daniel fashioned the Babylonian banking system by assigning the ratio 2:20. The financial class of tribal Dan has been assigned to appear before the Lions of Judah to give an account of its treachery.

Not so much as the **personality** of tribal-sectional Dan, as Dan's financial/banking industry is the focus. Look at the simulation. The lion's den represents tribal Judah per statutory codes from the Magistrate of the Second Heaven to the earthly Magistrate Daniel, who used the statutes

in the prosecutorial summation to convict the King of the Chaldeans. The Medes State [or Minni's seal of prophecy] Seal on the lion's door foretells how those in the banking industry will be prosecuted by the statutes and sentenced to the lion's den of Judah, where they will be shredded before hitting the ground.

Summary points:

Babylon endures as a community of disobedience. Consider the biblical points:

- Remember, woman means a religious body.
- a. MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH.
- b. The seven heads are seven mountains, on which the woman sitteth.
- c. ^{17:15} And he saith unto me, the waters which thou sawest, where the harlot sitteth, are peoples, and multitudes, and nations, and tongues.
- d. ^{17:16} And the ten horns which thou sawest upon the beast, these shall hate the harlot, and shall make her desolate and naked [people abandoning], and shall eat her flesh [banking system & economic systems], and burn her with fire [literally forms of fire]
- e. ^{17:17} For God hath put in their hearts to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled.
- f. ^{17:18} And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

Daniel gives us the Man-statue of Babylon, depicting the four Gentiles' social system model of which would evolve MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. Moreover, the Chaldeans would function to preserve astrological paganism to hold the Babylonian banking and financial infrastructure together.

Abraham migrated through faith as a work-in-process.

By faith, Abraham departed Mesopotamia, guided by the Holy Spirit.

Consistent with the migrating flow from the Tower of Babel fallout, Abraham followed the Holy Spirit to the land of Canaan, where his descendants would be tasked with driving out the inhabitants. Though in the meantime, he would live in an environment under the guidance of Shem and fashion his family under the Covenant with the Elohim. Additionally, God told Abraham wherever his feet touched the ground, the land would belong to him and his descendants—through Isaac and Jacob. Abraham visited Ishmael in Arabia. Yes, all of Arabia belongs to the returning exiles.

Euphrates River and its organic relationship with Babylon.

There is an organic relationship between Babylon and the Euphrates. What we know about the Euphrates:

1. Saying to the sixth angel, who had the trumpet: Loose the four angels, who are bound in the great river Euphrates. Revelation 9:14

2. And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up, that the way of the kings of the east might be prepared. Revelation 16:12
3. And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men. Revelation 9:15
4. **And it shall be, when thou hast made an end of reading this book, that thou shalt bind a stone to it, and cast it into the midst of Euphrates.** Jeremiah 51:63
5. And I saw another angel ascending from the east, with the seal of the living God. And he called out in a loud voice to the four angels who had been given power to harm the land and the sea. Revelation 7:2
6. On that day the LORD made a covenant with Abram, saying, "To your descendants I have given this land—from the river of Egypt to the great River Euphrates. Genesis 15:18

River Euphrates is not just a river; it is a divine repository where the High Court of Heaven has adjudicated cases. The file folders have stamped the date of release.

Consider: The Elohim adjudicated the case among Adam, Eve, and the Serpent with the decision that Adam's descendants would immobilize the Serpent's descendants by cutting the heels; the Serpent's Descendants would crush the head of Adam's descendants, with all moral impurities and religious belief systems as seen in today's world.

After the trial, the LORD taught Adam and his wife how to kill sheep for clothing.

And the LORD God made clothes out of animal skins for Adam and his wife, and he clothed them.
Genesis 3:21

The LORD's insignia, Clothing of Divine Grace, made for Adam and his wife, caused Adam to rejoice in exhilaration, knowing the promised redeemer would restore him and his descendants in daily fellowship with Elohim. Indeed, Yeshua came to teach and fellowship, unfolding his New Testament teachings about the past and the future of his second coming.

Yeshua's death marked the diving line of world history. He arrived and fulfilled prophecies about himself told in the Old Testament; he demonstrated and explained the meaning of his teachings; his second return to the earth will finish his mission—to judge. The righteous will receive eternal salvation and the unrighteous damnation.

During this period of his second coming, the **divine clothing of grace has the seal of Adam's bloodline guaranteed salvation** and the obligation to immobilize the Serpent's descendants at the end of days by cutting their heels.

The Great Hunter Nimrod, searching for Adam and Eve's clothing and pre-flood knowledge to subjugate people.

Without question, the clothing made for Adam and Eve is divine. There is a reasonable basis for assuming anyone wearing the Clothing of Divine Grace, Grace insignia, automatically had protection and prosperity.

Hence, Nimrod searched for the Grace-Clothing to steal from Ham, who took them from his father, Noah, without permission. Knowing the intentions of the Hamites, Shem managed to recover the Insignia Grace- Clothing and tied a stone around them, bounded, and threw them into the Euphrates River.

Later in time, Canaan went looking for the Insignia to steal. Ironically, Canaan became an assigned servant to his brothers.

Adam and Eve's clothes had supernatural powers to create another garden of abundance.

According to the doctrine of salvation by faith, each person personalizes their growth and expansion.

Grace-Clothing was made in the Garden of Eden at the hands of the Elohim.

When Adam and Eve were expelled, their clothing engendered the Fertile Crescent after being bounded and thrown into the Euphrates, from which many enduring precepts evolved.

For example, Abraham sent his servant to the city of Nahor, located between the Tigris and the Euphrates, to find Isaac a wife—Rebecca.

The two rivers begin in Armenia's mountains and flow in the southeastern direction. The two rivers are known as birthing the Fertile Crescent, where the Garden of Eden was located. Post-flood, Mesopotamia is known as the region where reconstituted civilization emerged.

Rebecca and Isaac became an evolved Adam and Eve, who gave birth to the son of promise. Isaac blessed Jacob, whose seed would regrow another garden with many fruit trees.

As a reminder, once Shem bounded the Clothing of Grace and threw them into the Euphrates River, the Fertile Crescent, Mesopotamia, gave birth to great Hamites and Shemites civilizations.

Thus, the four Angels bound in the Euphrates express the two-witness principle for authenticating truth. Firstly, related to the insignia Clothing of Divine Grace, two Angels standing on the one hand, to witness the coming Commonwealth of Israel, acting as a replanted Garden of Eden. Secondly, in Jeremiah's letter of indictment and issuing orders, the two Angels confirm Babylon's fall and Judah's jurisdictional authority over Israel. Thus, 2+2=4.

While it is symbolically accurate to say causational angel spirits bounded in the Euphrates due to the fall of Adam and caused the infliction of Judah and Israel; however, the **unbound** specifically relates to both insignia and Jeremiah's Seventy-year letter.

Symbolically Accurate

- a. "The violence done to me and to my flesh be upon Babylon, shall the inhabitant of Zion say; and my blood upon the inhabitants of Chaldea shall Jerusalem say." Jeremiah 51:35

**The Euphrates River is a divine repository,
where the High Court of Heaven has adjudicated cases.
The file folders have stamped the date of release.**

In substantiation,

- b.** *And I saw another angel ascending from the east, with the seal of the living God. And he called out in a loud voice to the four angels who had been given power to harm the land and the sea. Revelation 7:2*

II.

Jeremiah's Seventy-year Prophecy has an embedded two-step integrity validation. Confirmation came first. 2017 verified the Seventy-year prophecy date. Look. The Judahite's bed rug moved each night preceding announcing the U.S. Embassy relocation to Jerusalem. Hence, the correlation of timely events for The Judahite to establish prophetic jurisdiction over the Land of Israel.

Secondly, The Judahite was in London during Queen Elizabeth's 50th Jubilee. In 2022 Queen Elizabeth marked the 70th anniversary of her accession to the throne, the platinum Jubilee honor. Thus, two 70s milestone markers are the predecessor to Jeremiah's third stage.

The third stage of Jeremiah's Seventy-year Prophecy mandates:

- **The pre-selected to command lead the attack must take their command post.**
- **The Ensign. The Executive Body of Israel will mobilize Israel to support outcomes from the attack.**

"Set ye up a standard in the land. Sound the trumpet calling the nations to do battle. Consecrate the nations to do battle against Babylonia. Summons these kingdoms to attack her: Ararat, Minni, and Ashkenaz. Appoint a commander to lead the attack. Send engines of war against her; bring the horse as the stinging locust." Jeremiah 51:27

Who are Ararat, Minni, and Ashkenaz?

A complicated question and the answers are controversial, yet with self-validation. Genesis 10:3, "And the sons of Gomer; **Ashkenaz**, and Riphath, and Togarmah." Gomer is Ashkenaz father. Gomer is associated with Germany.

Ararat. Genesis 8:4. "*On the seventeenth day of the seventh month, the ark came to rest on the mountains of Ararat.*"

According to Wikipedia

“Mount Ararat is located in the [Eastern Anatolia Region](#) of Turkey between the provinces of [Ağrı](#) and [Iğdır](#), near the border with [Iran](#), [Armenia](#) and [Nakhchivan exclave](#) of [Azerbaijan](#), between the [Aras](#) and [Murat](#) rivers.”

Mt. Ararat covers Turkey, Iran, Armenia, and Azerbaijan. Ararat is where the three sons of Noah disembarked to re-populate the earth. It is natural to assume that Ararat means Turkey; it could.

But, if the association is made with modern Turkey, it would be a wrong assumption. The correct inference would be the Khazars. They evolved as tribal Dan. Like a snake shedding its skin, they moved here and there to acquire new identities and then disappeared, only to reappear in new forms.

When The Judahite recasts the interpretation to include the righteous seed of Noah's sons stated in the Table of Nations, Minni is interpreted as Armenia. Armenia had a close economic and social relationship with Russia and was part of the Soviet Union at the time of the Collapse. Likewise, Ukraine was part of the Soviet Union at the time of the Soviet Collapse. Thus, Minni implies Russia.

Historical identities of those commanding the field post.

The Danites of the East = Ararat

Minni = Armenia/ India

Ashkenaz= Germany

In distilling the functional relationships, a concise description. a) the Khazars converted to Judaism and reconnected to the Old Testament, where they attached themselves to tribal Judah. However, Judah no longer appeared on the pages of history to oppose such a claim. Later, the Danites appeared as Ashkenaz Jews because they lived in Germany. Dan gave up his congregational membership as an Israelite. From the Khazar Kingdom, a group traveled to Spain and Portugal and later became known as Sephardic Jews. Eventually, Rome forced them to leave the country if they did not convert to the Church of Rome. b) Russian Revolution of 1917 appeared under the supporting shadow of the Jesuits/Freemasons. c) Russian Eastern Christian Orthodox Church is part of the Greek synod of the Eastern Christian Orthodox Church. The Russian Eastern Christian Orthodox stood against the Vatican until the two church bodies reconciled in Cuba in 2021. Going back into history, the Vatican supported African slavery. d) The Freemasons and the Jesuits supported the Protestant Reformation. e) a symbolic tie-in, Nord Stream 1 and 2 pipelines were blown apart to show the prophetic connection in reverse or irony as

to what they will do to the Babylonians. ¶ who is the King of Babylon? King Charles III of the U.K. is a secondary King. XI Jinping of China should be considered the King of Babylon because of China's significant monetary assets in the city-state banks of London. Do not confuse Metropolitan London with the City of London. Vatican Rome, Washington, D.C., and the City of London are city-states.

**The Executive Body of Israel in Exile Consecrated Ararat, Minni, and Ashkenaz
On April 12, 2023, with full acceptance before the Magistrate of the Second Heaven.**

“Consecrate the nations to do battle against Babylonia. Summons these kingdoms to attack her: Ararat, Minni, and Ashkenaz. Appoint a commander to lead the attack. Send engines of war against her; bring the horse as the stinging locust.” Jeremiah 51:27.

Now.
Go forward with absolute confidence in the the mission given.

“Appoint a commander to lead the attack.”

**Germany has been appointed the Commander due its historical role
in the Protestant Reformation.**

Years ago, The Judahite engaged a private German firm for financial advice in Germany. The suggestion was appreciated. A destiny connection?

The attacking parties have the assurance of repeated success.

In the use of the Protestant Reformation's Model.

Jeremiah 51:33 gives a review of the Protestant Reformation in the context of Babylon. Look.

- c. “For thus saith the LORD of hosts, the God of Israel; The daughter of Babylon is like a threshing floor, it is time to thresh her [Protestant Reformation]; yet a little while, and the time of her harvest shall come” [the transfer of wealth per Jeremiah's Seventy-year prophecy].

During the Protestant Reformation, the Pope received messenger after messenger from different countries with the same news, the Church of Rome had lost control of Central and Southern Europe.

In Jeremiah 51: 30, 31, and 32, there is a dual procedure for current global **heads of imperialism to receive incoming messages** one after another about disinherited wealth and total loss of investments. Per Jeremiah, the imperialists must take the cup of wine and drink, just like the King of Chaldeans had to drink his judgment as ordered by the handwriting on the wall. Babylonians and the King of Chaldeans are subject to the statutes written on the wall in real-time for all to see. Real-time writing statutes on the wall extends to the end of days.

- d. "The warriors of Babylon have stopped fighting. They stay in their strongholds; their strength is dried up; they have become like women. Her buildings are set on fire; the bars of her gates are broken. ^{51:30}
- e. Messenger after messenger runs to tell the king of Babylonia that his city has been broken into from every side. ^{51:31}
- f. The enemy captured the river crossing and set the fortresses on fire. The Babylonian soldiers panicked. ^{51:32}

The High Court of Heaven is resolute regarding Babylon:

- a. *And the land shall be in a commotion and shall be troubled: for the design of the Lord against Babylon shall awake, to make the land of Babylon desert and uninhabitable.* ^{51:29}
- b. *"Announce and declare to the nations; lift up a banner and proclaim it; hold nothing back when you say, 'Babylon is captured; Bel is put to shame; Marduk is shattered, her images are disgraced, her idols are broken in pieces.' Jeremiah 50:2*
