

# Calendar Updates

## Received March 6, 2025, for

As a reminder, the Calendar Dates are in a format that needs to be converted. This understanding is essential since the Dates primarily originate from the Second Heaven and occasionally from the High Court of Heaven.

As a reminder, the predictive calendar dates serve their purpose, allowing us to see updates that reflect dynamic changes across different processes. These changes may signify conflict resolution or the delivery of necessary features to advance the transitional movement.

As a reminder, the Calendar Dates reflect predictive events on various levels. Examples include the relocation of the Ten Tribes and Judah to claim deeded lands and land governed by statutes: purification phases of Judah and the Ten Tribes of Israel. It's essential to understand that purification is both a ritual and a crucial step toward spiritual growth. For instance, the returning exiles had to undergo purification before setting foot in the Holy Land. The parting of the Red Sea is an allegory for spiritual purification after four hundred and thirty years in Egypt, marking a significant milestone and setting a precedent for the later departure from Egypt-America. The Covenant of Purification between the Congregation of Israel and Yahawah—the God of Israel—must be established first. Although the Congregation sinned countless times, they remained under divine baptism, with the assurance of forgiveness after repentance.

Overall, the predicted calendar dates are contextual and continuously affirming their presence meanings.
