# Prophetic Endorsement for President Trump's Authorization Letter

## Introduction

- I. The Gaza Reconstruction Project (GRP), a private entity, requests a Letter of Authorization from President Trump for the use of aircraft and other materials in the reconstruction effort per Article 1, Section 8 of the U.S. Constitution allows the President to issue a Letter of Authorization to private groups and citizens, according to the President's foreign policy stance on Gaza, designating HAMAS as an enemy of America.
- II. In addition to Article 1 Section 8 of the U.S. Constitution, GRP is entitled to monetary funding based on a) the administration's policies regarding the Middle East, b) the spirit of change reflected in the recent presidential Executive Orders, and c) the current American foreign policy aimed at asserting control over Gaza for the prophetic interests of tribal Judah.
- III. The Letter of Authorization must be issued within the Second Heaven Court dates of March 2025.

## A prophetic mirror of reflections.

- For Gaza will be abandoned, And Ashkelon *will become* a desolation; *The inhabitants of Ashdod* will be driven out at noon, And Ekron will be uprooted. Zephaniah 2:4

Years ago, the Ammonites were designated a Protectorate of Judah. However, the Ammonites are not Palestinians, although that is the political label by which they are known today.

At the commencement of the Abrahamic Fourth Generation (December 1, 2024), Judah evolved its governing system known as Judahtocracy. Daniel 2:43 tells of January 20, 2025, for the time of Judah's separation. From 1619, North America became a culture of mixed races with the Ten Tribes of Israel and Judah. Enslaved Judah contributed to the growth of the American Empire while knowing his prophecy-mandated departure from North America during the Fourth Generation.

- “You also saw that the iron was mixed with the clay. This means that the rulers of that empire will try to unite their families by intermarriage, but they will not be able to, any more than iron can mix with clay.”

January 20, 2025, marks the ascension of Judahtocracy, replacing American-style democracy, as the Ten Tribes and Judah have evolved beyond the Gentiles' social system constraints.

As in President Trump's first and second administrations, The Judahite primarily focused on the Transitional Movement rather than domestic policies. Still, on January 20, 2025, the Hosts of Heaven placed the Transitional Movement under the governance of Judahtocracy and required the Trump administration's allegiance.

Therefore, the Gaza Reconstruction Project requests aircraft, ships, and other materials for the Transitional Movement under Article 1, Section 8 of the U.S. Constitution, which allows the President to issue a Letter of Authorization to private groups and citizens, according to the President's foreign policy stance on Gaza, designating HAMAS as an enemy of America.

In various prophetic processes, we observe that the hosts of heaven, a term used to describe the divine entities overseeing these events, have meticulously given attention to details, removing any possibility of induced coincidences with deliberately planned acts.

Gaza is a prophetic tagline, as referenced by the Executive Body of Israel in Exile and acknowledged by President Trump in the removal of the Ammonites from Gaza. As part of the unfolding prophecy, the Ammonites, a significant group in biblical history, are now being relocated, either temporarily or permanently.

As we delve into the historical context, we find that the Palestinians trace their roots back to the colonial era of the Turkish Empire. After WWI, they were transferred to the care of the British, who allowed the Jordanians to look after them. This historical journey reveals their origins and connections to biblical figures like Lot. So, Palestine and Palestinians are political terminologies in the political arena used as a theoretical construct. Today's Palestinian identity is the Ammonites.

After thousands of years in exile under the Abrahamic Covenant, Judah returns to Israel to reclaim his rightful lands. One of Judah's priorities is to construct a new Gaza following the Ten Tribes and Judah's Transitional Movement, a significant movement in biblical prophecy that directs the actions of the returning exiles. The Bible informs us about the challenges surrounding countries will face in opposition to Judah's gathering.

Guided by the Hosts of Heaven, the returning exiles embark on a journey that departs from the traditional Gentile approach to commercial real estate development. This unique perspective, prophetically distinct from the Gentiles' method, is crucial in Judah's journey and his future in Gaza, sparking intrigue and curiosity.

Commercial real estate development with bank capital started with the Texas Revolution, the cornerstone of imperialism. The mastermind behind the Texas Revolution was Andrew Jackson, who owned hundreds of enslaved Judeans and was motivated by a desire to expand the commercial real estate industry based on enslaved Judeans' labor.

A prophetic case in point, The Judahite, a member of the United Brotherhood of Carpenters and Joiners of America, played a pivotal role in a significant prophecy. He applied for a job at Trump International Hotel and Towers in downtown Chicago, appearing during the foundational work phase. On the second attempt to secure employment, the Chicago Police Department assigned a security guard who chased The Judahite away from the construction site. The Judahite, who lived in Palestine, Illinois, while seeking employment, became a key figure in this prophecy.

As seen, the Trump International Hotel and Towers in Chicago is a premier commercial property. In a clear display of divine intervention, the Host of Heaven did not allow the Judahite to work on the Hotel and Towers because, as per the prophecy, The Judahite would stand as a relational contrasting historical marker in 2025 to start his biblical real estate commercial project.

Many years later, Trump ran in the national election as the President of the United States of America. The Judahite received his ballot for state elections and the U.S. President. Yes, The Judahite voted for a local candidate whose views are well known nationally, revealing that the government in Israel is not representative of the True Israelites and for Trump.

The Judahite's registration ballot numbers correspond to the ZIP codes of Palestine, Illinois. This is not a mere coincidence. The Hosts of Heaven meticulously orchestrate prophecies, ensuring that they are fulfilled. The Judahite's prophecy, as foretold, was a sign of

The registration ballot numbers for the Judahites correspond to the ZIP codes of Palestine, Illinois. This is not merely a coincidence. The Hosts of Heaven meticulously orchestrate prophecies to ensure their fulfillment. The Judahite prophecy, as foretold, served as a sign of Trump's presidency, which aligns with Jeremiah's two-pronged prophecy of seventy years: a) the conclusion of the seventy-year probationary period for the Jewish community and b) a time when Judah would exercise prophetic jurisdiction over Israel until 2025.

There is no such thing as coincidence. The Hosts of Heaven “dot the i's and cross the t's” regarding prophecy. Generally seen, the word prophecy is overused, misused, and fabricated for political purposes. Biblical prophecy self-validates.

Gaza's commercial real estate development is off-limits to non-congregational Israelites due to its deeply spiritualized approach to global development under the Stone Kingdom. This approach, guided by spiritual principles, ensures there is no need to steal from subcontractors, cut corners, or exploit labor in the interest of financed capital; the Executive Body of Israel in Exile has its own financial rules.

## **January 20, 2025: A Prophesied Day.**

January 20, 2025, was the appointed day set in October 2024 to shift allegiance to Judahtocracy. This shift promptly marked the negation of participatory democracy, a system born in the 1965 Voters Rights Act. This act gave America its political character worldwide as an American-style democracy.

Indeed, to evolve effectively, Judah and the Ten Tribes had to negate their own creation of American Democracy, which enabled their leap to Judahtocracy on January 20, 2025. Such an announcement was timely and in sync with the religious context of the Abrahamic Fourth Generation and the latter end times of the fourth and final Gentiles' social systems.

The announcement of January 20, 2025, came months in advance to highlight the purpose of Isaiah 19:19-20 regarding the civic duty imposed on the Israelites to vote out of self-interest.

Jeremiah's Letter to the Babylonian Exiles instructed the people to plant gardens, have children, and work to make Babylon great. As a compliment to Jeremiah's letter, Isaiah teaches the exiled Israelites to vote for self-interest using the 1965 Voter Rights Act as their political tool. Isaiah 19:19-21:

- *In that day, there shall be an altar of the Lord amid the land of Egypt, and a monument of the Lord at the borders thereof:  
And it will be for a sign and for a witness to the LORD of hosts in the land of Egypt; for they will cry to the LORD because of the oppressors, and He will send them a Savior and a Mighty One, and He will deliver them.  
And the LORD shall be known to Egypt, and the Egyptians shall know the LORD in that day  
**(JANUARY 20, 2025)**; yea, they shall worship with sacrifice and oblation, and shall vow to the LORD and perform it."*

### **A promise made; a promise fulfilled**

"And the LORD shall be known to Egypt, and the Egyptians shall know the LORD in that day, yea, they shall worship with sacrifice and oblation, vow a vow unto the LORD, and perform it." Isaiah 19:21

The Presidential Inauguration in the Rotunda of the U.S. Capitol in Washington, Monday, January 20, 2025.

Remember back in October 2024, January 20, 2025, was scheduled to be the inaugural day for the prophetic transfer of allegiance to Judahtocracy per Isaiah 19:21. Of course, on January 20, 2025, Trump was inaugurated as the prophetic President of America, yet true to form, both Trump and Harris were in the moment of prophetic ecstasy, standing under the Rotunda—Judah’s dome, a symbolic representation of the divine authority of Judah, as the Hosts of Heaven stood

watching the prophetic 47<sup>th</sup> President and the actual President.

The prophetic President is a function of Jeremiah's dual Seventy-year prophecy in which we see a reflection of King Cyrus. In the updated version of King Cyrus, Trump became aware of his historical image through the Israelis, though it was misplaced. Yes, the seventy-year prophecy, 1947, was, in part, the end of the probationary period for those in the faith of Judaism to realize that Yeshua is the Son of God. By grace, the Israelis of Judaism were given seven more years to realize that they were not of Judah and, at best, Jews of Gentile Dan. Regardless, what is significant is their acceptance of Yeshua as the Son of God, being of the Trinity as the Father, Son, and Holy Spirit. For the record, the Holy Spirit is femininity, NOT associated with either physical male or physical FEMALE, instead a divine nature of nourishing knowledge and understanding for spiritual and mental well-being. The Jews of Judaism have rejected the Trinity, a stance that takes us back to the Babylonia Talmud.

Still, because of Yeshua's grace, the seventy-year probationary period allowed many Jews to come to Yeshua's New Testament. Indeed, some Jews have converted to Christianity. The Executive Body of Israel in Exile will acknowledge the conversion in a coming national ceremony.

On the other hand, Jeremiah's Seventy-year period prophetically notices the returning exiles per the Abrahamic four hundred years. No Israelis can claim they returned to the land of Israel per the Abrahamic Covenant in 2019! Thus, there is no basis for rational discussion beyond the Scriptures.

In Trump's second presidency, Jeremiah's second-stage seventy-year prophecy transitions into the ACTUAL. As such, the operational role of the actual President is attached to the Transitional Movement, leading to the location where Judah and the Ten Tribes will possess monopolistic control of global capital.

The actual President, the announcer for tribal Judah, delegated her authority to the prophetic President when Vice President Harris presided over the joint session of the U.S. Congress to approve the electoral college vote tally. Once approved, Trump stood as the 47th U.S. President.

He was delegated the power to act within the extension of Jeremiah's Seventy-year dual prophecy consistent with his first mission, 2017, to Israel in the interest of the Judahite to restore Judah to his patriarchal homeland.

Remember, the Watchers, including the Hosts of Heaven, closely observed the election night voting proceedings in November 2024, the Senate certification process confirming the election results, the January 20 inauguration of Judahtocracy over the nation, and the pivotal January 29

Black Hawk Mission. This mission, a defining moment, solidified Judahtocracy's preeminence over the Transitional Movement, marking a significant step toward the Messianic era.

**A Fully Completed Circle:  
Judah, being socially disadvantaged, rose to  
co-regency & head of state.**

A pattern established by Moses is a thread that weaves through history, continuing with a list of personalities such as Joseph, Daniel, his three executive managers, Queen Esther, etc., providing a rich tapestry of historical parallels in biblical leadership. Tribal Judah, when seen relationally with the Ten Tribes of Israel, comprises Judah, Levites, and Benjamin. That said, the tribal Judah historically has occupied a socially disadvantaged position in society yet has been divinely elevated to co-regency in its respective national governments.

The historical circular pattern of completion before us is a testament to the profound influence of biblical figures on the world's institutions. Tribal members of Judah, whose lineage is deeply intertwined with biblical narratives, constructed the U.S. Capitol, the White House, and other buildings in the District of Columbia as enslaved workers. These institutions, governed by the Gentiles, who often act out of self-interest, are a living testament to Jacob's tithing blessings. They are, in principle, archetypal rulership repeated, echoing the legacies of Moses, Joseph-Egypt, Daniel-Babylon, Daniel & Esther-Persia, Eusebius-Byzantine Empire, and more.

Yet, Daniel's biblical concept possesses a unique and transformative quality. As we approach the end of the Gentiles' fourth and final social system, a supernatural stone, not cut by human hands, is prophesied to fall from the mountain and strike the legs of Daniel's Man Statue, causing its collapse. This event heralds the rise of the Stone Kingdom, a symbol of hope and transformation that will grow and encompass the entire planet.

People naturally like to look for personalities to lead them. NO, NO, NO! Do not look for personalities as is customary in society. The Bible subscribes statutes and models for us to measure the quality of leadership in the Israelites' evolutionary spiritual stages of development. For instance, Jeremiah's statutes, which were instrumental in authorizing the formation of the Executive Body of Israel in Exile, provide a framework for understanding leadership. The Judahite received certification regarding sealing the 144k, the Man-child has been born, etc.

Appropriately, well-defined Judahtocracy is not about a personality but about governance in the primary interest of Israel's Commonwealth of Labor. It is important to remember that this system is not artificial but has been formed and guided by divine influence. Through this guidance, tribal Judah has catalyzed governmental social policies for society for thousands of years. The Horses of the Apocalypse are the indexes for understanding the operational roles in each social system.

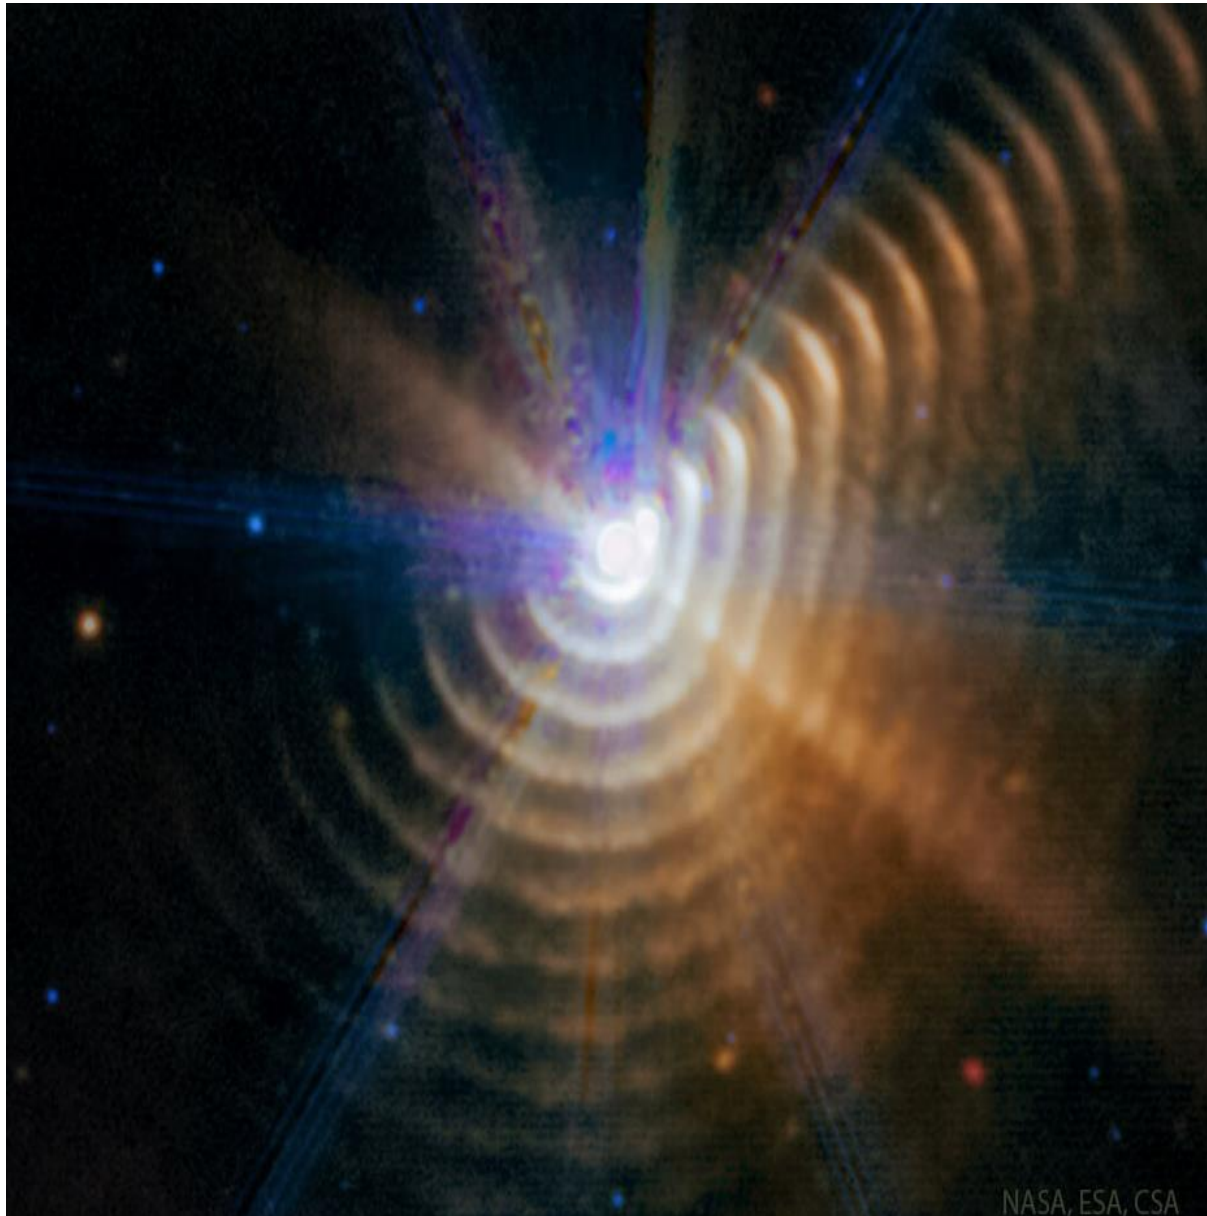

· Punctuating the evolutionary development of Judahtocracy, the inauguration on January 20, 2025, gives prophetic credence to the Fourth Generation per the Abrahamic Covenant. This is significant as the first day of the Fourth Generation came before the January 20 ascension, marking a new era in governance and leadership.

After the Judahtocracy inauguration on January 20, 2025, celebrating the Abrahamic Fourth Generation, the Hosts of Heaven demonstrated to the national defense forces at the Pentagon their inability to prevent the Black Hawk helicopter crash involving the American Eagle Airliner over the Potomac River.

## CERTIFIED EVENTS

Dust Shells around WR 140 from Webb

To the exiled Israelites, it is essential to understand that the air collision aligns with the cosmic Rotunda, signifying the cyclical rise and fall of nations, political parties, political figures, and policies that do not support the exiles' return to their ancestral homeland.

The Potomac River, a River of Consciousness, runs past George Washington's real estate. President George Washington appointed Benjamin Banneker to a six-man team that set the boundaries for the District of Columbia, the federal capital. *"The SW-9 Intermediate Boundary Stone of the District of Columbia in Arlington, Virginia is a stone marker that Benjamin Banneker helped place. The stone was designated a National Historic Landmark in 1976."*

Adding to the nation's time cornerstone, Banneker made the first American clock out of wood. When indexing the two historical names with the nation's birth, we see the Potomac River flowing as the consciousness of time, a circular completion with the ascension of Judahtocracy on **January 20, 2025**.

Banneker's wood clock represents the transitory duration of the republic, yet it is full of prophecy, telling when the predestined bottom rod would rise to the top. Washington was a slaveholder and knew that Judah would increase in divine prominence and overtake the nation's federal district.

The fall of the old and the rise of Judah is the whole meaning of the Black Hawk air collision.

Once we understand the meaning of the air collision, we have a basis for comprehending the essential precepts prophetically formulated by the Hosts of Heaven. We are going to see an air collision again involving a U.S. Armed Forces aircraft and a civilian airliner. As such, grasping the prophetic formula within the hidden precepts is necessary.

**On the surface, we observe four incidents orchestrated by the Hosts of Heaven.**

**However, we must learn the formulas involved in each previewed case.**

On February 17, 2025, The Judahite received an encoded message from the Hosts of Heaven shortly after 9:00 A.M. Later that afternoon, after learning about a Delta twin-jet aircraft that had crashed and overturned, filling the cabin with smoke at Toronto Pearson International Airport, the decoded message accurately reflected the events that occurred during the flight from Minneapolis to Toronto.

All passengers could have quickly perished in a fireball, but that was not part of the plan. Why not? We must understand the prophetic formula related to each case, as each is complex and criminalized.

However, the interpretation is relatively straightforward and fits within the fourth-generation framework of criminal justice, which seeks to provide recompense to individuals and agencies rooted in a belief system influenced by sexism.

From a prophetic perspective, the aircraft's wing detached after landing. This situation could be unprecedented, as there is no record, at hand, of an aircraft wing coming off post-landing.

Wings are crucial for lift during takeoff and for stability during landing. As an allegory, Jacob's tithing blessings have concluded. Without wings, no one can fly and gaze down to witness the prosperity of major cities.

- ✓ Next, the upside-down airplane represents society, which is currently tipping on its side and will soon flip entirely upside down.

At a deeper level of complexity, the passengers inside the airplane were huddled upside down, trapped in their seats. For the first time, they experienced the world from the perspective of living in an inverted, topsy-turvy society for the remainder of their lives.

As much as society rationalizes social norms and interactions, often overlooking biblical teachings in the New Testament, society deliberately excludes Yeshua's spirituality from the essence of our lives. No religion on Earth provides a coherent understanding of birth, life, death, restoration, and eternal life as outlined in Yeshua's teachings in the New Testament.

Relegating Yeshua's Covenant to the bottom rung of insignificance results in spiritual imbalance in society and individuals. For several reasons, people are locked in their upside-down seats, surrounded by society's delusional smoke, which contributes to psychological and spiritual vertigo.

For the record, the people on that flight are not the subject of focus here and should not assume wrongdoing. God placed them in an actual situation to illustrate recompense.

**Another aspect of complexity is that the flight originated from Minneapolis to Toronto, Canada.** The Judahite was privy to a conversation that included Minneapolis and Toronto decades ago that resurfaced on the morning of February 17, 2025. Suffice it to say that city, state, and federal agencies and/or departments are now represented upside-down in recompense for their institutionalized programming.

The agents of spiritual Hellenism believed that their enjoyable practices would endure without feeling the hands of divine justice for their misdeeds. Now, in the fourth generation, the Hosts of Heaven will apply the criminal principles of recompense. For instance, the same underlying formula used to bring about the death of the firstborn in Egypt a few hours before the Exodus will be employed to eliminate the evil source of rebellion from the Congregation of Israel.

As with today's plagues of Egypt, a formula exists for determining the suitability of each plague. Indeed, to fully appreciate the punishment, one must understand the misdeeds that make up the formula.

For clarity, the Exodus Formula does not exclusively involve death. Other means of removing the Egyptian goddess spirit from the Congregation exist. In retrospect, worshipping the golden calf or cow was and is tantamount to worshipping a female deity, which is the spiritual basis for the growing popularity of sex change identity worldwide—even at ten years of age!

Interconnecting to our times, Moses knew many Egyptians who came out of Egypt with the Israelites possessed the goddess molecular gene and by nature would be against the LORD God of Israel. In divine separation, Moses asked those who believed in Yahawah to come to him and those wanting to go back to Egypt and worship the goddess of Egypt to stand on the other side of the dividing line where they were killed.

As a matter of historical record, some Israelites continued to worship the "Queen of Heaven" secretly until they were eliminated in Egypt by King Nebuchadnezzar's invasion of Egypt.

The goddess religion was transplanted to North America. How so? Joseph relocated thousands of Egyptians, along with Ephraim and the Ten Tribes of Israel, to North America. Likewise, Joseph went East, along with Manasseh and a portion of the Ten Tribes of Israel, to the area of Cambodia, from which they spread to India.

To avoid misidentification, as stated years ago, not all Native Americans are included in the Ten Tribes of Israel—standing on the outside are those of Egyptian origin. Likewise, India of the East.

For the record, the upside-down criminal principles are generally applicable across the nation, although each state maintains its historical character, like Minnesota, yet reflects the national character. All states have either participated in or been partially involved in the subsystem designed to harm Judah's patriarchal lineage.

Overall, the upside-down aircraft means:

The plagues of Egypt adhered to a formula for determining appropriate punishment. To truly appreciate the punishment, one must understand the misdeeds that constitute the formula. The upside-down aircraft accurately interprets the reversed Mosaic Curses being transferred to the Gentiles. This is indeed a tribute to the Fourth Generation.

“Also, the LORD your God will put all these curses on your enemies and on those who hate you, who persecuted you.” Deuteronomy 30:7

### **Smoke is the sign of God’s disposition, either accepting or rejecting.**

The Scriptures teach about the end-time fire that will consume the evildoers. Zechariah 5:1-4 presents the eschatological judgment of the consuming fire as outlined in the Flying Roll.

In this regard, years ago, The Judahite discussed how a supernatural fire occurred in his apartment unit, leaving smoke rings around the hardwired smoke detector. The Judahite understood the sign.

Fast-forward to January 20, 2025. The building emergency alarm sounded in the morning wee hours, forcing The Judahite to get up to see what was happening. Smoke permeated the unit, coming in from around the door. Knowing about freezing temperatures, The Judahite quickly put on heavy winter clothing and departed the building, as did the others. The smell of smoke was everywhere. While outside, the Judahite looked up to the heavens in reverence to God’s timing, turned to a firefighter, and asked about the situation. In the meantime, other firefighters arrived in their vehicles.

#### **Affirmation**

Once back inside the unit, taking off the heavy clothing, the Judahite opened the entry door and saw four firefighters standing. They asked if the source of smoke was within—an epiphany moment. At that moment, the Judahite was standing under the smoke detector. The outcome: no fire was reported.

**Smoke symbolizes the eschatological theme of fire that consumes thieves and liars.**

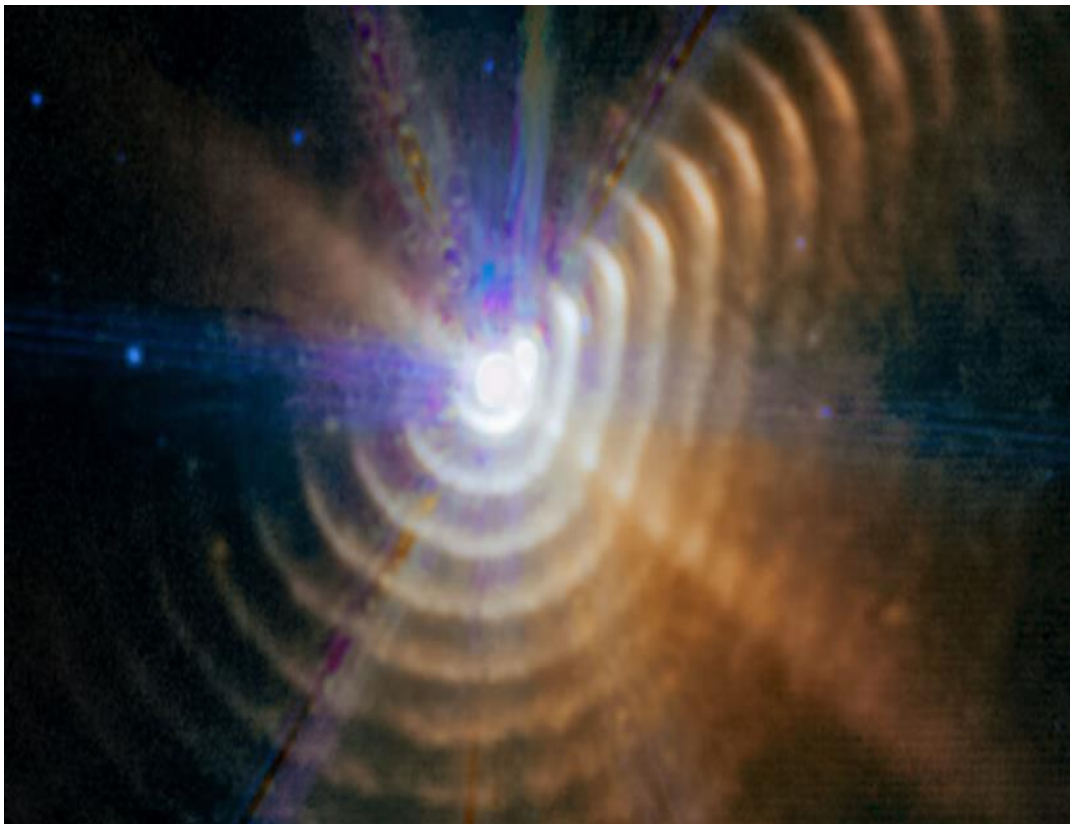

Smoke filled the upside-down interior of the aircraft in Toronto.

On February 24, 2025, smoke filled the cabin of Delta 876, which was flying from Atlanta to Columbia, South Carolina. The aircraft returned to Atlanta Hartsfield-Jackson International Airport three minutes into the flight.

Globally, smoke-filling aircraft cabins have been reported.

### **A Programmatic Method for Reconstructing Biblical Gaza**

The Hosts of Heaven maintain a cosmic record of individuals pledging allegiance to global Judahtocracy and participants in the Fourth Generation Transitional Movement, with records dating back to 2017 and January 20, 2025, respectively. The prophetic jurisdiction began in 2017, while actual jurisdiction commenced on December 1, 2024, marking the start of the Abrahamic Fourth Generation.

## **Organizational Framework for the Biblical Reconstruction of Gaza.**

The Executive Body of Israel in Exile has granted Harris the authority to establish a multidisciplinary team dedicated to creating a new Gaza. Harris, a member of the Naphtali tribe, has been chosen to head the Gaza Reconstruction Project (GRP).

There are billions of Israelites scattered across the globe. The GRP aims to recruit one million members, each qualified for their respective roles. The project will follow a structured workflow throughout each development phase, integrating and collaborating across various disciplines to create a spiritually unified, multi-level environment.

### **Becoming organized.**

- A. The immediate priority is to demolish all buildings on the land.
- B. Lady Naphtali will lead the Taskforce Project Council as the Project Chief Superintendent. The Chief's Office will have as many assistants as necessary. Twelve rotating Project managers will sit at the Council Round Table. The rotation is designed to align with the Project's phases of completion; as the project moves forward, new active phases will continuously occur, and new Project managers will take their seats. These rotating positions will include overlapping phases.
- C. The Chief will set up recruitment websites next week, gather resumes, and profile contractors. She will begin assembling her assistant staff as soon as possible.
- D. Gaza's surveyor parameters can be obtained by satellite or aerial photography, eliminating the need to be on the ground immediately. After Gaza's territorial surveyor map has been certified, the Taskforce Project Council Chief (TPCC) will distribute it to civic engineers and geologists.
- E. Controlling the Project  
The Critical Path Method (CPM) will be the primary managerial tool. Two different CPM centers will operate in parallel and different locations: one will be the primary or operational CPM, while the other will be used as a simulation for what-ifs. The Project will be fast-tracked.

Each project manager will develop task operations related to their specific task codes and submit them to the Chief for approval. The standard construction task codes are known as CSI MasterFormat.

After the council, which includes representatives from all disciplines, reviews all phased operational plans, they are uploaded to the Master CPM. The Judahite reviews the uploaded plans before forwarding them to the Chief.

This overview provides a basic introduction to the process for a general audience. However, it's important to note that the Project is considerably more complex and distinct from other projects.

At this point, there is no need to elaborate on the administrative procedures as noted above. The next step is to utilize websites to engage potential team members. Our primary focus for now is to identify the correct individuals in their respective fields of expertise.

# Logistics Operations

1. The removal of the Ammonites from Gaza.
2. Demolition equipment to clear the land.
3. Transporting individuals from one place to another for various reasons.
  - A. A fleet of aircraft stationed in Gaza for global transport needs.
  - B. Ships are needed to transport people and various items, such as food and equipment.
  - C. A fleet of vehicles for local operations during construction.
4. The U.S. government considers points 1 and 2 as priorities.
5. The U.S. government acknowledges point 3 in the Gaza Reconstruction Project (GRP).
6. The Army Corps of Engineers may or may not be enlisted as a resource, but the resources should be available if needed.

Seamless and effective point-to-point coordination must exist between the U.S. government and the GRP, underscoring the importance of Judahcratic centrality in the Transitional Movement in the Fourth Generation.

Under the Letter of Authorization, the Judahite requests a dedicated End Times Office (ETO) to interface with the GRP. As the central hub, the ETO will collect and process all requests, making the necessary arrangements to provide a streamlined and efficient process.

## Special Notice to the Trump Administration

The relocation of the Ammonites is urgent and must be expedited, whether temporarily, permanently, or as a combination of both. If Greenland is an option, they should be moved there partially or entirely. If any opposition arises, the administration should disregard it and proceed, fully aware that the administration's actions have been sanctioned per:

## **The Ammonites Resettlement Directive, dated March 3, 2025**

( Issued by the Host of Heaven on March 3, 2025)

On **March 3, 2025**, The Judahite received Directives under a Master Sanctioning Order from the Second Heaven Court covering all aspects of the Transitional Movement.

Prophetic statutes and court order directives govern the Gaza Reconstruction Project. Thus, there is no need to offer political compromises to anyone. Therefore, let's get started on a multi-year project.
