

## UPDATED A Moment of Reflection 6/7/2022

### Part 1

On June 7, 2022, the web post caused two topical misunderstandings. Therefore, an expanded discussion herein updated.

#### May 28

On May 28, The Judahite received prophetic and operational real-time dates, the essential thrust of re-planting following Pentecost. May 30 and 31 emerged with a firm Action Plan and the List of Orders of implementation.

#### June 5

June 5th displays itself as an embedded component of May 28. The Judahite did not post June 5th as a watch date because time would have demanded explanations of the differences between prophetic dates and real-time arithmetic schematic dates.

At 6:36 am, The Judahite awoke by the sound of the fast-moving cavalcade summoning those holding reservations to link up.

Before getting out of bed, the Magistrate Court of Heaven announced its acceptance of the oblation at last night's altar. It affirmed its jurisdictional ruling of May 28, holding developmental contents of Order24J.

The Court used thirty as its index reference for the Commonwealth's epic formation.

To give an idea of The Judahite's procedural interaction, review Daniel's ruling. It is necessary to see Daniel as the Magistrate when he ruled against the King of the Chaldean.

At hand,

- a. Mene, Mene, the days are numbered when the governmental system will surely fall.
- b. TEKEL. May 28 gives a Legal and Ecclesiastical justification of May 30's Plan of Action.
  - *Let me be weighed in an even balance, that God may know mine integrity. Job 31:6*
  - *Take away the dross from the silver, and there shall come forth a vessel for the finer. Proverbs 25:4*

- c. Phares. Judah and the Ten Tribes should expect to experience divisional blessings. One: fertility & healing; two: strength and authority to form the Commonwealth of Israel.
- *I will go before you and level the mountains; I will break down the gates of bronze and cut through the bars of iron. Isaiah 45:2*

**Some Conditions that foreshadowed  
June 5  
And  
Concurred on June 5**

***God has certified the location herein for curtained prophetic events.***

- A. A Reubenite woman received 1.2 million dollars in her bank account as self-evidence of a clerical error, but the Holy Spirit directed the deposit. The Reubenite refuses to return the money. She has purchased a new house and other things for life's enjoyment. The Reubenite has a right to keep the funds, though it might be a question of ethics. The point: according to Phares, the distribution of property and monetary assets will shift into the hands of the Israelites. The Reubenite gives us a benchmark in the amount to receive.
- B. The offshore lift boat flipped due to high winds in the Gulf of Mexico. The Archangel informed The Judahite in real-time about the lift boat situation and death.

...having an association with the Ever Given that caused global food shortages.

... a futuristic association with China's naval fleet. The message: the spiritual waters of history always forget the existence of the proud and ungodly nations as they come to rest at the bottom. On top of that, new generations travel over the memorable graveyard of time.

*Apr 25, 2021 — An **Indonesian navy submarine** that sank off the coast of Bali on Wednesday has been found split into three pieces on the seabed.*

NO HUMAN ERRORS CAUSED THE SUBMARINE TO BREAK INTO THREE PARTS.

C. The Hardrock Hotel's Collapse. Foretold told and illustrated to The Judahite.

The Judahite has proven the connections between the lift boat and the Hardrock Hotel through deaths in different presentations.

D. Lady Naphtali's death by suffocation occurred before George Floyd's suffocation. The Judahite displayed the connections through Soundwave25.

- E. According to St. Paul, The Judahite served as the lynchpin to Jeremiah's seventy-year prophecy for Judah's prophetic control over the state of Israel by voting for Trump, who won the presidential election.
- F. The moon remained stationary for three hours for The Judahite to see the future Forty-six U.S. President. Though it would be days before the final vote count ended, the announcement came: Biden.
- G. The Judahite stands as the Magistrate over the U.S. Fifth Circuit Court of Appeal and the U.S. District Court of Dallas, Texas, for their many prejudicial rulings. The Judahite has given his final ruling over the Courts per the Tablets of Heaven.

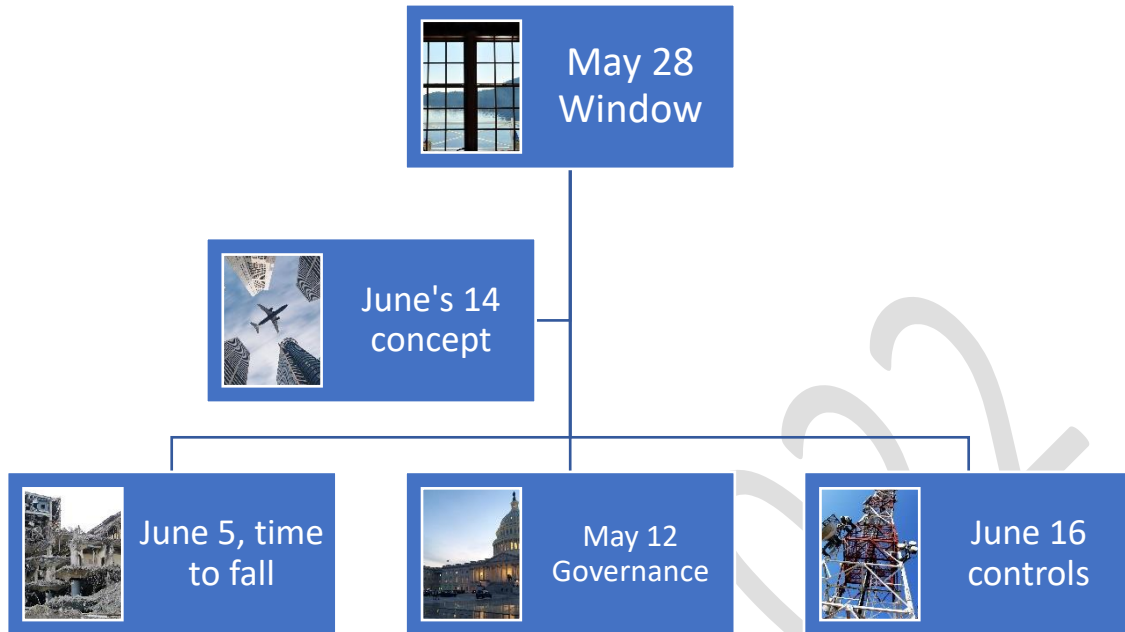

### **June 5 and its prophetic Thrust Foretold days in advance.**

The Holy Spirit assigned a particular person to announce the programmatic designed events for June 5th. The Spirit gave the person the overflow from May 28 to promote as herein described.

### **The Particular Person Announces June 14**

Of the three dates given for June according to May 28, the particular person announced June 14 as the next Watch Date. June 14 is not a Watch Date.

Still, fourteen holds its integrity in Israel's relocating that desires hope and joy within the Commonwealth. Fourteen is a prognostic classification applied to any operational phase of Israel's re-planting; therefore, fourteen holds good.

## Part II

The Judahite and the Executive Body of Israel are engaged in house cleaning policies for those living in the Lands of Promise. The priority is on preventing territorial entry of those most egregious to Yeshua's theocracy, the unspiritualized righteousness.

The Executive Body of Israel (EBOI) repeatedly states that no deviant social will enter in Lands of Promise, as seen daily. Say, for example, if bad social behavior shows up for one reason or another in the Lands of Promise, it will quickly be removed.

The current laws of the world have no respect before the Executive Body of Israel. For all practical purposes, all Israelites should consider existing laws obsolete.

### **Riding on the 144k's coat-tails**

From a correct perspective, Noah's sons Shem, Ham, and Japheth were blessed because they were righteous. Over time, the three brothers' descendants became corrupted. Often overlooked, the serpent entered Ham's son, Canaan, just like he entered Eve. Further, not all women are of the gene of Eve. Ham and Japheth's wives possessed the gene of Eve. On the other hand, Shem's wife contained the exclusionary gene of Noah and his wife.

*"And he said, Blessed be the LORD God of Shem, and Canaan shall be his servant. God shall enlarge Japheth, and he shall dwell in the tents of Shem." Gen 9:26 &27.*

Like Canaan, millions of people intermixed. By and by, the gene pool has expanded quantitatively, favoring the serpent's descendants in governmental and financial affairs of the world.

As a rule, judge the tree by the fruits it produces. Those descendants of Shem, Ham, and Japheth with **uncontaminated genes are** most likely to become **Firstfruits**. Thus, be not deceived in thinking that everyone who says LORD, the Redeemer, save us is genuine in their beliefs.

### **What Triggered the Flood?**

Generally, the flood is known worldwide; however, many people do not know the degree of wickedness in the world. The giants started to eat people and themselves without food to be found. Life reached a devolutionary stage where cannibalism became the order of the day.

Please, just for one moment, THINK. Why did God flood the earth? It ought to be clear to anyone with a little common sense that conditions beyond our current day comprehension triggered the incomprehensible devastation.

Indeed, everything became corrupted. No exceptions, all life forms on the earth underwent molecular changes. Noah was the exception. In short, gene-splicing.

Post deluge, God selected a group of people to be his priestly people on earth to serve as role models for the heathens. "To be a light to the Gentiles."

The Edenic Judicial Decree outlines the two stages of the conflict between the Serpent's and Adam's descendants. Therefore, those who choose to be ignorant of the contentious battle between good and evil must roll with the consequences.

### **LGBTQ+**

There is the sex industry. So, why is so much energy placed on sex? Like any other industry, product demand must meet supply for owners to make money.

Fundamentally, the spiritual motivation is to bring about the same outcome as in the pre-flood days. Consider the current formula. LGBTQ2SIA+ (**Lesbian, Gay, Bisexual, Transgender, Queer, Two Spirit, Intersex, Asexual**)

Each year a growing percentage of people count themselves as part of the formula due to the laws of society, encouraging formula identification among younger people.

### **The Rainbow Represents a Divine Oath.**

The pre-flood era will eternally be a model statement: changing Elohim's designs beyond their definitions will bring consequences of CORRECTION. Today, all the significant institutions of society stand in direct contempt for the Divine Oath. Always giving unending reasonings why God made a design mistake, and they are making the proper correction.

The Serpent's descendants have hijacked the Divine Oath's symbolism. Before our eyes every day, the LGBTQ2SIA+ flag is a solemn declaration of **their choice** to be condemned by **FIRE—** a self-willed solemn statement of noncoercion.

The pre-flood days currently exist with the same plan to repeat the same narrative except for FIRE and consumption to take them from the face of the earth. Many people join the LGBTQ2SIA+ movement and express daily contempt for the Divine Oath.

The day is at hand for people to separate from Sodom and not look back. History tells us of the consequences of looking back.

### **The Executive Body of Israel's Policy to Eradicate LGBTQ2SIA+ From the Lands of Promise.**

The Executive Body of Israel's policy is clear. Nowhere in the Commonwealth will those practices exist. NO! There will not be "high places and groves" in the Commonwealth. Although Scripture is conspicuous in associating high places and groves with ritualized sexual practices involving LGB in deity worshipping, a large percentage of people move with social trends not knowing there is **a living deity** that accepts LGBTQ2SIA+ as their spiritual children.

Food for thought, not engaging in a lengthy discussion.

- Mark 5:12 tells us that a man possessed by a homosexual deity asked Yeshua permission to go into a herd of swine. "Go." But first, Yeshua asked the demon to identify itself. *"We are legion, for we are many."*
- The demonic deities are personally involved in the sexual acts with their children. They derive spiritual joy through knowing that they stand contradistinction to the DNA definitions of Adam and Eve because they married earthly EVE their DNA.
- Look. The Serpent made a logical, rational argument for her to reach out and touch the fruit. Then, bite into the fruit. Finally, she went to Adam and said, "I ate, and you should too."

- The fruit triggered chromosomes in Eve, allowing the Serpent's gene to attach to Eve's chromosomes. Once connected, **Eve's genes** give birth to both Adam and the Serpent's seeds. Hence, the Edenic Judicial Decree.
- Having attached itself, the Snake-gene constantly crawls around and hides in secure places, unsuspected locations, where it formalizes a community or group to breed transgenerational demonic spirits. The demonic spirits like **hospitable** environmental conditions. As proof, the demonic spirits asked Yeshua to remain in the exact location with the swine. Granted, but "Legion" did not know that Yeshua's righteousness could not co-exist with demons without conflict. Yeshua was not conceived of a woman. He is Holy.
- The array, **LGBTQ2SIA+**, of inter-sexual connections is always better—for "*we are many.*"

The Snake gene manifests itself by tradition. The Snake-gene must find an exact copy of itself, a self-reflective mirror regardless of age. Once the demonic gene sees its self-imaging, communication is maximized with the deity. For sure, we know that Baal is a deity.

### **Putting an end to high-places and groves**

High places and groves mean a place of ritualized sexual activities where the gods are intimately involved. The deities take possession of the body in which to express physical gratification as **derived from knowing their practices violate divine law.**

One might be surprised to know that today there are countless places known as high places and groves. Yes, we live in a different era but still the in-group has allegiance to "Legion". In-group members keep everything on the down-low, away from the public eye. 2 Chronicles 14:3 and 1 Kings 14:23 give us historical background on high places and groves.

### **The Executive Body of Israel's perspective on house cleaning**

a. there are extenuated guardian conditions that have fostered the anti-Levitical law on same-sex relationships. For those who wish to leave that lifestyle, the EBOI will show compassion. However, some will never put that lifestyle behind them. b. currently in progression, the Ten Tribes of Israel are undergoing sexual gene changes. Historically, the Ten Tribes are known to follow the ways of the Gentiles and overtake their evil behavior to the degree that even the Gentiles are embarrassed by such behavior. They usually end up doing 50% worse than the Gentiles. The gene's change positive effect is making them pause and think before wrongdoing. c. Judah's new covenant is not the same as the Ten Tribes.
