Prophetic Pentecost Pre-set Programmatic Agenda.

Over the weeks, The Judahite has presented pathways to Pentecost's contents and programmatic thrust. Remember that Pentecost means Covenant, a constitution. The Israelites broke the Theological Constitution between Yahawah and the Israelites, which was given at Mount Sinai. Hence, the reason for the New Covenant is directly related to Pentecost, a connection that will be validated on May 22, 2025.

Not repeating the Old Testament history regarding the era of Judges, when people did what they thought was good and right in their own eyes in governing the federation of inter-tribal nations. Today, as we plan to enter Gaza and Israel, the land of our foreparents, we bear the significant responsibility of a larger population growth compared to two thousand years ago. Nonetheless, the new Theological Constitution is inscribed within our hearts and minds.

On all levels, we are preparing to enter the lands of our foreparents. We will return with reconstruction plans to construct the Stone Kingdom, which Daniel described as an Israelite social system superior to those of the four Gentiles.

Factually, the Stone Kingdom will systematically dismantle the Gentiles' social systems by taking those things that are useful and discarding those things that **are not edifying** in a spiritual sense to construct a Judahtocracy.

Awakening to a New Tomorrow

A song: My Lord, What A Mornin' (Harry Belafonte)

It's becoming increasingly clear that the Gentiles' economic mechanisms are no longer sufficient, and we are being overtaken by new technology in the world of Corporatism, which underscores the vital importance of preparing at all levels to adapt and become the masters of our destiny.

Jacob's tithing blessing is **no longer flowing**. In response, the Gentiles now believe they can compensate for the progressively shortfalls in economic growth and return on investment by using technology as an offset. However, they will soon realize that they are doomed.

The second Pentecost, May 22, adheres to the Mosaic economic Covenant, as per Deuteronomy 30:3-9. Moses foresaw thousands of years into the future that when we exit the gates of captivity, we would need assurance that we would possess all the necessary skills and resources to begin designing and planning for reconstruction.

- a) In continuation of the spiritual skills imparted to Judah and Dan for the construction of the Tabernacle, the Holy Spirit will provide all the new skills necessary to develop the Stone Kingdom. We will be given a green thumb, and we will possess spiritual wisdom to direct and employ labor effectively. Indeed, we don't need any of the skills of the Gentiles.
- b) We jump for joy. The curses per Deut. 28:68 that inflicted Judah and the Israelites will be transferred to the class of the oppressors and exploiters.
- c) On February 17, 2025, a commercial airplane left Minneapolis for Toronto, Canada, and crash-landed, turning upside down. The Judahite knew in advance about the crash, as revealed. No one died, but all were hanging upside down in their locked seat belts. This serves as a perfect illustration of the transfer of authority when the Gentiles will be subject to Judah. Minnesota is part of the Angkor Thom prophecy recorded in stone three thousand years ago.

In the proper season, events unfold according to the cosmic clock of heaven; in this regard, the Mosaic Covenant states that a governance reversal will occur when Judah rules over the Gentiles.

Maintaining a reference point of TIME as we move forward.

A few years ago, the Judahite declared that the 144k had been sealed according to Revelation 7:3-4

- *The angel said, "Do not harm the earth, the sea, or the trees, until we mark the servants of our God with a seal on their foreheads."*
- *And I heard the number of them which were sealed, a hundred and forty and four thousand, sealed out of every tribe of the children of Israel. Revelation 7:4*

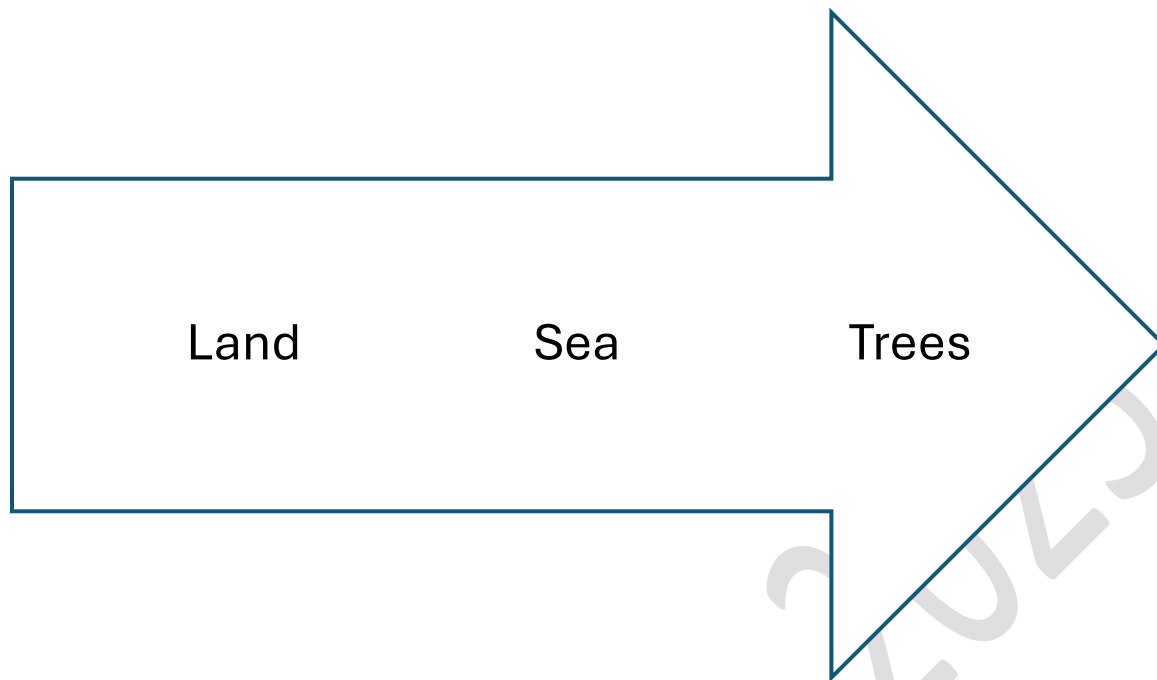

Sealing the foreheads of the 144k, twelve thousand from each of the twelve tribal nations, was the prerequisite for the Four Angels before harming the earth. The twelve thousand, representing governance, were selected from the twelve tribes that formed and fostered capitalism and imperialism.

Judah, Reuben, Gad,
Asher Naphtali, Manasseh,
Simeon, Levi, Issachar ,
Zebulun, Joseph, Benjamin

Select your tribal family. Don't you know? It's imperative to know!

The 144k Sealed

The 144k will stand on Mount Zion with Yeshua. Their purpose is to reign with Yeshua during the Messianic Era.

The Pre-conditional Evidence.

- The Euphrates has dried up by 80%, with small ponds scattered along the river.
- The land is dry, with insufficient rainfall for tree roots to drink.
- Wildfires are reported worldwide, and many rivers have and are drying up.

A case study is Israel.

Everyone in Israel says that due to the dryness, wildfires spread throughout the land. While this is true, it is not the full explanation. First, the ground had to be damaged, parched from a lack of water.

In California and other American states, wildfires and unprecedented weather events are happening.

People and governments are deluding themselves; there is no slowing down in the frequency of national catastrophes.

Currently, no one understands the implications. The reality is the impending famine in different parts of the world. Moreover, earthquakes are increasing in magnitude.

Your guideline to follow

A few years ago, supernaturally, the Judahite received illustrative evidence that the 144,000 had been sealed and the Four Angels sanctioned to deliver judgment. The Judahite discussed this visitation years ago. Since then, the world has witnessed many events but has offered no coherent explanations. Naturally, the world rarely takes notice of occurrences in the spiritual realm related to judgment.

Jerusalem is ablaze, indicating that the Four Angels are carrying out their mission. Hoping to improve conditions to return to normalcy is wishful thinking because the prophecy regarding Judah's return to Israel is no longer a fantasy; it is a growing reality.

Who are the 144K?

The Judahite has not been gifted with this knowledge; however, it will be revealed in context in the coming months, not all at once. Remember, we are in the Messianic Age, and the Holy Spirit selects while the Judahite makes the announcement.

Closing

Truly, our understanding of the prophetic Pentecost has deepened, underscoring the stark contrast between the old and the Messianic Age. This profound insight guides our preparatory work, ensuring a smooth transition as we prepare for our relocation.

The long-awaited seasonal Alleluia has dawned, marking the divine timing of our transition. Let us praise Yahawah for His faithfulness in resolving the issues that once hindered our path, as He promised and has indeed done.
