The Middle East's Timeline According to Ezekiel.

A Clarification, Current Situation, and Review of September.

The Shemites according to Genesis 10:21-31 lists Shem's family tree.

*“And children were born also to Shem, the father of all the children of **Eber**, the brother of Japheth, the elder. The sons of Shem were Elam, Asshur, Arphaxad, Lud, and Aram.”*

Eber's family tree acquired Hebrew, i.e., from Terah, Abraham, Issac, and Jacob.

Asshur's family includes Syria, a territory of great historical significance, and Elam's family branch includes Iran, another territory with a rich historical background.

In a previous presentation, The Judahite discussed how land allotment came to be in the Middle East and worldwide. After the flood, Shem, Ham, and Japheth, three key figures, partitioned the earth's landmass among themselves, a process that continues to fascinate historians and religious scholars alike. According to the Book of Jubilees, the territory known as Canaan came within Shem's partitioning.

Next, they took the partitioning proposal to their father, Noah, who not only approved of the plan but was incredibly pleased with Shem's allotment, a reassuring sign for the future of the territories.

Eber, being the son of Shem, represents his family tree through the Hebrew tongue or language. The Hebrews, or those speaking the Hebrew language, would symbolize their tree branch, a significant part of their cultural identity. The LORD instructed Abraham to depart the Chaldees, his father's land, to a land where the LORD would show him.

As stated in Genesis 15:17-21, Abraham received the deeded land and afterward, Abraham's life would be one of a surveyor; wherever he walked, he represented stakes and land claims. At the time of Israel's Northern and Southern Kingdoms, the Israelites only occupied a small percentage of the deeded land, according to Genesis 15:17-21. The returning exiles will claim all deeded land plus statutory lands.

Canaan

Genesis 10:6-20 lists the family tree of Ham. Canaan's first son, Sidon, created a city after his name. Genesis 10:15-19 allows for a concentrated focus as the discussion herein proceeds.

Often overlooked, after the flood, the Hamites led the advancement of civilization in the ancient world, i.e., the Cushite, Phoenician, Hittite, and Babylonian Empires. Cush transferred his kingdom to his son Nimrod, the founder of the ancient Babylonian Empire; they should not be confused with the neo-Babylonian era of Nebuchadnezzar's Kingdom.

Genesis 10:19 gives Canaan territorial boundaries, including Sidon (cities of Zarephath and Tyre), as the northern and southern borders that end at Gerar. In total, the territorial land description is called Lebanon. Historically, Phoenicia is the name territorial name of the Canaanite's Lebanon. From Sidon to Gebal, it is known as Sidonians, another Canaanite territory. Overall, Canaan's family tree covered that area, but not exclusively. The reason for highlighting the historical importance is that Lebanon is part of the deeded land to Abraham's descendants.

Biblical names associated with Israel

In a previous discussion, The Judahite pointed out the confusion of name identification. First, the Philistines, Israel's archenemy, disappeared from history before or during the Roman Era. Thus, modern-era Palestine has no cultural connections with the territory's original inhabitants.

For the record, the current-day occupants of the territory are the Ammonites, whose family tree includes Lot, and the Moabites, or the current-day Jordanians. Overall, Lot is the father, and Ammon and Moab are the sons.

The Ammonite's land of origin was East of the Jordan River, north of the Jordan. That said, the current-day Palestinians hold no land deed rights in Israel either during A.D. 70 or post-A.D. 70.

Dual Prophecy regarding Gaza. Currently, the last one.

Gaza, Ashkelon, and Ekron cities in **Philistines** were destroyed, each at different times. But they were rebuilt and held to prophecy in the latter years or at the end of time. Re-examination of scriptural text

- *Ashkelon shall see it, and fear; Gaza also, and shall be sorely pained; and Ekron, for her **expectation shall be ashamed**: and the king shall perish from Gaza, and Ashkelon shall not be inhabited. Zachariah 9:5*
- *"A mixed race shall settle in Ashdod, And I will cut off the pride of the Philistines.*

And who was the mixed race of people? The **Idumeans**.

- *I will take away the blood from his mouth, And the abominations from between his teeth. But he who remains, even he shall be for our God, And shall be like a leader in Judah, And Ekron like a Jebusite.*

Indeed, the Romans acted at the behest of the Hasmonean dynasty (the Maccabees), giving all ethnic tribal groups South of Judea an ultimatum: either unite and become part of Judea or be killed. Those who moved from the region lived because they abandoned all desire to create confusion, and those stayed integrated into the Torah's religion under the Mosaic Law. To be clear, some of those who converted did so without pure intentions; each chance they got, they practiced their pagan religion in the closet. Ezekiel witnessed directly what they were doing in the Temple in secret rooms practicing anamorphism, attempting to see the relativity of the spirit in any system of the imagination. Ezekiel was invisible as was the angel, yet they saw what was going on without them knowing.

Herod the Great, an Idumean, followed the Maccabees or the Hasmonaean dynasty in Judea. Herodian Tetrarchy's rule extended to the period of Apostle Paul.

**After A.D. 70,
the territory of Judea never measured up to its glorious days due to the Temple's
destruction, the abomination of desolation.**

Rome's conquest of Judea triggered the Great Revolt in AD 66-70. Yeshua gave notice of Rome's conquest of Judea so that the tribes of Judah would not put up a fatalistic resistance against Rome. This news was harrowing; Yeshua foretold his disciples about the new Era in which the Dark Prince would come after his ascension.

Additionally, he told them about the Temple's destruction, where no construction stone would be left standing on top of another. Even the Temple's foundation would be demolished.

**With the bad news of A.D. 70, also came good news
The Great Commission.!**

- *“And when you shall see Jerusalem compassed about with an army; then know that the desolation thereof is at hand.” Luke 21:20*
- *Then let those who are in Judea flee to the mountains, let those who are in the midst of her depart, and let not those who are in the country enter her. Luke 21:21*
- *On that day, let no one on the housetop come down to retrieve his possessions. Likewise, let no one in the field return for anything he has left behind. Luke 17:31*

An estimate is that 90% of tribal members of Judah heeded Yeshua's instructions and departed. Those who resisted Rome's authority until A.D. 132 acted on Old Testament archetypes, namely, the LORD would deliver his people from invaders and oppressors when they prayed and sacrificed with petitions.

Tragically, the Jewish resisters misread history and paid a heavy price because they lived in the past and needed to appreciate the Apostle Age. The resisters were mainly those of Judaism and Idumeans. They wanted Rome out of the territory, but God's plan called for the total replacement of Imperial Rome—not seeking to reach an accommodation with Rome. Indeed, Imperial Rome was overthrown by King Alaric of the Visigoths in A.D. 410.

Estimating, about 90% of tribal members of Judah heeded Yeshua's instructions and departed. Those who resisted Rome's authority until A.D. 132 acted on Old Testament archetypes, **namely that** the LORD would deliver them from the oppressors only if they prayed and believed and fasted. As Yeshua said, his sheep hear his voice and obey. Those not of his fold hear not.

The Khazar Kingdom of tribal Dan appeared in history and vanished.

Imagine a pagan kingdom, the Khazar, radically shifting its religious identity. After a meticulous study of Islam, Christianity, and Judaism, they chose the latter as their national religion, a decision that would shape their history and intrigue scholars for centuries to come.

The Judahnite has concluded the Khazars are tribal members of Gentile Dan. The Khazarian Empire once covered what is now known as Russia.

To best explain Dan's emblematic snake moves through world history, wars are instruments that change kingdoms. The victor takes all. Thus, weak countries are either outright eliminated or absorbed. In addition to wars, climatic changes force the disintegration of national states.

In perspective, Gentile tribal Dan comprised King Sennacherib's army of 200,000 of which the angel killed 185,000 leaving Danites with 15,000 men. "One day while worshipping in the temple of his god Nisroch, his sons Adrammelech and Sharezer put him to the sword and escaped to the land of Ararat". 2 Kings 19:37.

Gentile Dan went with Adrammelech and Sharezer to the land of Ararat. Over the centuries, Gentile Dan migrated and eventually established his kingdom, Kharaz, in southern Russia.

Daniel's Timeline Model depicts the Four Gentiles' social systems.

**From his Model, we find the drivers (Dan and Jacob's tithing properties, pushing civilization
Toward its end-time destiny.**

1. Judaism has different schools of thought, as seen in the Babylonian Talmud. The Torah (the first five books of the Old Testament) is the basis for applicable interpretation in daily life.
2. The Zionist Jews emerged from the Khazarian Jews. After losing their national identity through uncontrollable impactful conditions, they underwent a metamorphic evolution. The Khazar Jews intuitively behaved and thought like Gentile Danites and adopted the snake as their emblem. Over time, the Khazar Danites adopted biblical characters to politicize the Bible to advance Zionism.
3. Eastern European Dan renounced his affiliation as a congregational member of Israel because he wanted to personalize his worship with deities for materialistic reasons that would give the Danites greater control over people, making them participants in their commercialized systems for greater managerial manipulation of society. In contrast, the Danites in Ephraim/America have preserved their original standing among the tribal nations of Jacob because they were transplanted to the East and West by Joseph, the ruler of Egypt. The Danites and the other nine tribes were not part of Moses' exodus, though Moses knew their locations.
4. The Zionist Jews formulated their distinct mission using the Old Testament to justify their political plans for a nation-state.
5. What led to Zionist Dan's erroneous conclusion of being the recipient of Mt. Zion or Zion? Judah of A.D. 70 was no longer on the world stage as having a biblical identity; likewise, the Ten Tribes of Israel. Mostly, black people carried the stereotype of Ham or Canaan. So, in the eyes of the Europeans, Judah and all other melanated people from Africa wore the curse of Canaan. Accurate, yet the best correlations are the Mosaic curses with the four horses of the apocalypse in Revelation. Such facts led Zionist Dan to become the beneficiary of statehood.
6. Finance. When Caesar Augustus issued a decree that all the world should be taxed, the Judean government organized tax collectors. Matthew, Jesus' disciple, was a tax collector. As a class of collectors for state revenue, the Jews/Danites have a long traditional history of collecting taxes and offering finance packages to monarchs and or governmental officials worldwide.
7. Based on Dan's skill set in finance and banking, the banking class of Dan understood the psychology of **temple finances**. Yes, the rules in banking class Dan guided administration in creating supply and demand, valuation and devaluation of currency on multiple levels, and a shared currency pool to lend out money with interest.

Dan fostered the monarchs' addiction to spending freely without constraints. The monarchs spent money as though they had a money tree in the backyard. Realizing loans had to be paid, and little money was left in the state treasury, the monarchs were inclined to take policy proposals and advice from Dan's finance class because he could magically create money as if a money tree were in the backyard.

Dan understood the outline model of history given by Daniel, whereas others did not and still cannot comprehend. Hence, Dan expanded the banking and finance industries to include venture capital, investment banking, direct loans, and finance capital. Yet, more innovative capital techniques can be added.

8. Do you remember that the LORD gave Dan and Judah direct knowledge of constructing His Tabernacle with specified furnishings?
9. The banking class of Dan used the concept of temple finance to evolve central banking for currency evaluation and devaluation to assure financial equilibrium; otherwise, there would be economic chaos daily. Making it work, Dan's skills in interior decoration furnishing combined with Judah's skills in working with gold transferred the functional concept to central banking. The Judahite cannot overstate Daniel's 2:20 ratio guiding bank economists in their daily work, though they lack the spiritual principle that necessitates financial equilibrium in the economy. Factually, it is an impossible task, but the daily, dedicated efforts to manage the ratio as best as possible, with many businesses forced to close their doors. Now that Jacob's tithing blessing has expired, it is only a matter of time before the banking system collapses.

The Interlude **Between AD 70 and 1947**

While reading Ezekiel's end-time prophecy, notice the exiles who were chased out of the land **by the sword**.

In contrast, the focus is not on those who experienced prosecution outside of Israel, because the Mosaic Curses account for this episode of spiritual punishment. Moreover, Gentile Dan is excluded from the A.D. 70 departure.

In 1917, Britain and the Zionist Jews agreed to re-establish a Zionist State in Palestine. The Agreement is known as the Belfour Declaration.

In 1947, the United Nations Resolution 181 partitioned Palestine into Jewish and Arab states.

In 1948, the Arab-Israeli War came as a defining moment, defining the Israeli's narrative for land rights; and the Arab's narrative for its right to fight the conqueror. The anti-Jewish Israeli state included Egypt, Syria, Jordan, Lebanon, Iraq, Saudi Arabia, and local Palestinian forces.

Considering all parties and the relative resources for a military resolution, it is questionable if the Israelis could have survived beyond five years at the start of the War without a truce.

When did Judah-America make his prophetic claim over Israel?

Going back to 1917, Great Britain agreed with the Zionist Jews for the creation of a national state for Jews, quid pro quo, to secure their support for Britain during WWI, known as the Belfour Declaration.

Judah's Tuskegee Airman flew in WWII in defense of Britain with an outcome that created the United Nations that allowed Great Britain to partition Palestine.

Fast forward to 1947, the "Britain mandate of Palestine" allowed Great Britain to introduce Resolution 181 before the United Nations to partition Palestine. In a word, a two-state solution in which the Israelis and Arabs occupy the same territory.

Prophetically, the two-state arrangement allowed the Zionist State to become the caretaker government for Judah without altering statutory prophecies regarding the remnant of Judah and the Ten Tribes to assert their biblical claims as the primary landholders.

The significance of Judah's Tuskegee Airman was a prophetic marker, re-registering Judah's return home after A.D. 70 and approving the caretaker Zionist State until his relocation per the Abrahamic Covenant of 400 years and in the fourth generation.

As said, the Arab-Israeli War of 1948 included Egypt, Syria, Jordan, Lebanon, Iraq, Saudi Arabia, and local Palestinian forces. Had the War continued non-stop, likely, the Israeli State would not have existed beyond six years from the start of the War.

Ralph Bunche, from the tribe of Judah, a highly skilled negotiator who facilitated a cease-fire agreement among all parties won the Nobel Peace Prize in 1950. When considering the Arab's ingrained hatred for the Jews, credit is due to the Holy Spirit working through Mr. Bunch for a cease-fire in 1948, giving the Israelis time to build a robust military army for a rematch, known as the 1967 Six-day War.

By 1967, the Israelis had amassed excellent military capabilities and an intelligence spy network throughout the Middle East; they learned Egypt was preparing for war. The Israelis used the element of surprise and defeated **Egypt, Jordan, and Syria**. This time, the United Nations Security Council brokered cease-fire agreements with the support of Russia and America, agreeing to stop the fighting.

The Six-Day War led to the American Jews separating from the Civil Rights Movement on the issue of nonsupport of the Israelis. The militants of Judah supported the Palestinians as a struggling people.

Yes, a contradiction. We all were wrestling with the political character of Zionism and Jewish religious activism.

The Six-Day War opened Judah's eyes to a broader view of the global movement for self-determination. Yes, we supported the Palestinians based on the United Nations' definition of self-determination.

The separation was painful! Yet, Judah took the opposite position from that of the American Jews.

Over the decades, Judah evolved to see the dual character of Zionism. Whereas Zionism is an appointed caretaker government for Judah, the Zionists are not going to honor the Scriptures and submit to the Executive Body of Israel in Exile and disband.

Perspectives on tribal Judah's authenticity.

- Adolf Hitler knew that the Zionist Jews were fake because he had the evidence to support his position that the American Negro is biblical Judah. Adolf's position was well-known in his political party.
- Gamal Abdel Nasser of Egypt knew that the Jewish Zionists were fake. He said, "They left black and returned white."
- Jesus in Revelation 3:9 says: "*Indeed I will make those of the synagogue of Satan, who say they are Jews and are not, but lie—indeed I will make them come and adore before they feet. And they shall know that I have loved you.*"

Tribal Judah and the Zionist Jews started to co-evolve in 1947 to avoid any historical misunderstanding about the appointed time for Judah-America to Govern Israel per the Abrahamic Covenant after 400 years.

It's crucial to understand the historical evolution of the term Jew and its association with the Southern Kingdom of Israel. Historically, the Israelites from the Southern Kingdom were referred to as Judeans. Jew entered the vocabulary as a shorthand for Judah during the Babylonian exile.

We know that Jew was not used in communication exchanges about themselves as Jews.

The children of Israel in the Northern and Southern Kingdoms of Israel always referred to themselves by their family patriarchs.

Contrasting use of term. There is a difference between the external and internal use of the word Jew. Historically, external to Judah or the world outside of Judah used Jews to categorize the Israelites' religion. However, internally, the Southern Kingdom of Judah commonly used either Judeans or Hebrews themselves.

Later, Jews appeared in communication and literature as a disguised definition to take American Judah's birthright. The Zionists intentionally or unintentionally created complexity within the political dogma of Zionism through a well-designed plan to construct Ezekiel's Temple as the third Temple and expect a Jewish Messiah who would arrive shortly. They are not looking for Yeshua, but a different unknown person.

The class of people living in Israel today.

- a) Zionists. The Zionist Jews are nationalistic. They are politically non-align with those not supporting political Zionism. The banking class of Dan always supported Zionism, accounting for the Rothchild played a significant role in the creation of the Zionist State. Whereas the Zionists observed Old Testament religious practices, they are more materialistic and globally proactive to eliminate and neutralize any planned action to bring harm to the Zionist State—a full-time mission of acting and reacting to their enemies.
- b) Orthodox Jews or Judaism, what is the difference? The only issue that concerns tribal Judah is whether they believe in Jesus as the Son of God and the Gospels.
- c) Christian Jews. Those who have come to embrace the New Testament and Jesus as the Son of God.
- d) For the record, there are Christian Arabs in Israel.

Jeremiah's Seventy-year Prophetic Letter.

The year 2017 highlighted Jeremiah's Seventy-year Letter, marking when Judah would assume **prophetic jurisdiction** over Israel. $1947-2017=70$.

During the seventy years, we would see operational events, such as the fall of Babylon and the preparation for the exiles to prepare for departure. Looking back to 2017, the correct interpretation of Jeremiah's Seventy-year Letter is Judah's time to execution **prophetic jurisdiction** over Israel. Be mindful that it would be two more years before the 400-year expiration date set for the exiles' release from American captivity. However, the exiles would return to Israel with great wealth in the fourth generation.

Moreover, the Holy Spirit visited The Judahite dramatically in the seventy-year according to Jeremiah 29:10-14. This visitation is a powerful testament to the spiritual significance of the seventy years.

Many people make the mistake of not allowing time to unfold after a prophetic milestone has been registered. Patience and perseverance are key in waiting for prophecy to unfold.

For example, King Cyrus' Edict, issued under divine guidance, gave the green light for the exiles to depart with all the Temple's holy accessories. Even after the Edict, two waves of exiles became organized for the long promenade back to Judea. Thus, taking up to a year before departure.

Ezekiel's prophecies

Is there a dissimilarity between Ezekiel 28 and chapter 38? Yes, as regards the sequence of timeline events.

The Red-Hot topic at hand is Hamas, Hezbollah vs. the Israelis. Now consider what Ezekiel foretold about Lebanon in 28:20-26 regarding the LORD's judgments on Sidon.

What we know. The Israelis, since 1947, have always been in a state of war with their neighbors. During this period, the Israelis have designed security systems for the protection of the citizens and amassed military defense systems for incoming missiles, i.e., the Iron Dome. America has an unlimited budget for the Israelis' defense and security.

With a gun in one hand and work implements in the other hand, the Israelis have continued to make progress between war and peace.

On October 7, 2023, HAMAS planned an attack on the Israelis that claimed the lives of 1,195 and took over two hundred hostages.

Massive missile attack on the Israelis on April 13, 2024. They came from the Islamic Revolutionary Guards Corps., part of the Iranian national military, Islamic Resistance in Iraq, Lebanon Hezbollah, and Ansar Allah (Houthis).

The military engagement has been non-stop in recent years. It should be apparent to all considering Ezekiel 28 that peace never existed in Israel and surrounding countries.

A distinction between the Israeli Jews and tribal Judah.

Intricacies within Psalms 83

Four distinct times when Psalms 83 became operationally clear.

One. Queen Esther and Mordecai defeated the Amalekites. Queen Esther gave the numerological index when the Amalek will be destroyed from the earth, never again to be a problem for the Congregation of Israel.

"For they have taken counsel together with one consent: they have made a confederacy against thee; The tents of Edom and the Ishmaelites; Moab, and the Hagarenes; Gebal, and Ammon, and Amalek; Philistia with the inhabitants of Tyre:^{83:8} Yea, and the Assyrian also is joined with them: they have come to the aid of the sons of Lot.

Two. During the Arab slave trade. Many tribal members of Judah fought to the dead instead of forced conversion to Islam when given the option to live or die. Those enslaved were taken from Africa to the countries in the Middle East to develop the agricultural industry and do infrastructure work. What is very striking in the Arab slave trade is that a disproportion of slaves were women as compared to the transatlantic slave trade. Good estimates: from 40 to 60 million died during the Arab slave trade.

Three. Psalms 83:4 is seen again from 1947 through 2024 when the United Nations divided Israel into two states: an Arab and a Zionist Israeli. Action and reaction, reacting and acting, a perpetual cycle between the Israelis and Arabs.

Four. From A.D. 70 to 1947, 97% of the Ten Tribes and Judah had lost consciousness of their biblical identities through colonialism and the four horses of the apocalypse. Overall, the ships of enslaved Judah substantially validate Psalms 83 as a recap of the Mosaic Curses. As foretold, the Elohim is now pouring out the spirit of renewal as manifest in restoring biblical consciousness. Thus, today there is no need for a countered programmatic effort to defeat the confederacy.

Psalms 83 no longer applies to the true congregational members of Israel according to Ezekiel 28:25. *“When I gather the house of Israel from the peoples, among whom they are scattered, and I manifest my holiness through them in the sight of the nations, then they shall live in the land I gave my servant Jacob.”*

Interestingly, the Zionist Movement can be seen as a de facto member of the confederate described in Psalms 83:4. The Zionists, with their vested interest in suppressing the truth, have assumed the biblical identity of Judah and have rejected Judah-America as never having the landownership birthright. Their actions and assertions toward Judah-America were in synchronicity with the confederate’s strategic goal per Psalm 83, making their role in this context particularly engaging.

In 2017, the Court of Heaven recognized The Judahite as an A.D. 70 remnant.

In the first week of December 2017, a certified end-times realization occurred. This event was particularly significant as it corresponded to the prophecy in Jeremiah’s Seventy-year Letter validating the unfolding prophetic timeline.

The Scriptures reference the remnant of Judah in the end-time as having the divine mandate over Israel, a responsibility we must uphold with reverence and humility.

Since 2017, The Judahite and the Executive Body of Israel in Exile have addressed the Gulf States Commonwealth's future, Jordan has instructions about its future, the Ammonites (Palestinians) have a secure future—a protectorate of Judah, and Iran has received its forecasted future: the coming overthrow of the Islamic Republic. The Christian community in Iran will become part of the national government. Iran is a Shemite country, not Arab. The Executive Body of Israel in Exile will install a Christian regime as soon as possible, with Judah occupying part of the territory.

Syria supports the Ammonites in Gaza and Lebanon.

- Notice: ⁸³⁸ *Yea, and the Assyrian also is joined with them: they have come to the aid of the sons of Lot.*"

The sons of Lot: Moab and the Ammon or the Palestinians. Additionally, as foretold by Isaiah, Damascus Syria will be destroyed.

Prophetic Updates, Related to Jurisdictional Authority.

One.

The Executive Body of Israel in Exile issued a resolution a year ago to relocate the Ammonites to Texas. As of today, Alabama is on the list of safe-zone locations where all Ammonites will translocate.

Two.

About Jordan, Jordan has demonstrated reasonable faith in efforts to prepare for its transformation per the Executive Body of Israel in Exile's administrative plan.

A historic moment in keeping with Jordan's transformation occurred at the roundtable conference, a momentous and historic event held at the Maryland State House on September 25, 2024; it served as a significant platform that underscored the collaborative efforts between Jordan and the state of Maryland. This discussion, which delved into Jordan's rich historical context and its proactive efforts to attract investments, particularly in education, was significant for all involved.

The Executive Body of Israel in Exile, a regional stakeholder, sees Abdullah II ibn Al-Hussein as a proactive leader, a man of history, a man and a country living under a divine court order. His proactive steps, rather than reactionary, ensure the best for the King and the Jordanians, instilling a strong sense of reassurance and confidence in his leadership, regardless of their future.

A quick review. (1) Abdullah II is from the family tree of Moab, a historical lineage with significant insights. Through King Balak of the Moabites, we learn the appellate procedures in the heavenly courts in the Book of Numbers.

The legal process was set in motion at the district level when Balak, the reactionary King of the Moabites, opposed Moses and the Congregation, preventing them from passing through his land on their journey to Canaan. This conflict is not merely legal, but a rich spiritual context that underscores the intense spiritual warfare between the two camps.

Still, after blocking Moses, Balak negotiated with Balaam over his proposed pay for his spiritual skills to place a curse on the Israelites. Duly informed Balak: “Balaam could not curse whom God had blessed.” King Balak insisted he curse the Israelites. Listen to what Balak told Balaam after the appellate hearing before the High Court of Heaven: a qualifying statement of *disrespect* for the Most-High God; such is a characteristic behavioral trait in Lot’s descendants.

“I had determined, indeed, greatly to honor thee, but the Lord hath deprived thee of the honor designed for thee.” Numbers 24:11

King Balak’s appellate review ascended to the High Court of Heaven where the rendering ruling: a rejection of Balak’s appeal that asserted the principality over Sodom, Gomorrah, and Moab have absolute power over **the Most-High God**. The High Court’s decision held that the principalities would always be territorial with limited and not absolute control over the Israelites, a thought-provoking revelation. Additionally, Balaam foretold the fate of the Moabite King’s descendants in the latter days or at the end times, which is our current historical timeframe. Before departing for his home country, Balaam told Balak:

“I will give thee counsel, what this people shall do to thy people in the latter days.”

Numbers 24:14

*“I see Him, but not now; A STAR SHALL RISE out of Jacob and a scepter shall spring up from Israel: and shall strike the **chiefs** of Moab and shall waste all the children of Seth.”*

Numbers 24:17

Three

Jeremiah, Isaiah, Ezekiel, and others have fingered a list of Middle Eastern countries subject to end-time judgments. **The Judahite will update the prophecies regarding their current disposition** in a different presentation.

Current Perspective on the Israelis.

Over a year ago, The Judahite, in a presentation, asked Christians in Israel to wear red on a particular occasion to show allegiance to the Executive Body of Israel in Exile. The Judahite attempted to give a light of hope to the faithful in the Son of God.

Scripturally, Judaism or the Orthodox Jews: “They are the synagogue of Satan, who say they are Jews and are not, but lie.” An important distinction between Zionists and Orthodox Jews.

Yeshua's statement is directed at the Orthodox Jews, not at the Zionists, an essential distinction. Despite the Orthodox Jews' theological errors, the Son of God has granted them mercy. Under the Executive Body of Israel in Exile, no harm will come to them, assuming they continue walking in the Gospels and professing Jesus as the Son of God.

- Revelation 3:9 *Indeed I will make them come and adore before they feet. And they shall know that I have loved you.”*

Indeed, the Orthodox Jews will come before Zion/Judah and confess their errors. No! They will not come out of rational insight; only judgmental circumstances will compel them.

The Zionists

National sovereignty is crucial to provide security for its citizens and to protect them and guests inside its territory. No less, Orthodox Jews living in New York, Ukraine, or the Zionist State naturally expect protection from harm like any other citizen. Thus, there is nothing special about national governments' responsibility to its citizenry and guests.

As a cultural group, the Zionist/Dan could have lobbied for an autonomous region in South Russia. After all, the roots of Zionism are historically grounded in the Khazarian Kingdom, a landmass including southern Russia and Ukraine. Instead, Zionist/Dan selected the land of Israel for a culturalized identity to reconstruct the Khazar Kingdom.

Gentile Dan has always been in the banking and financial industries; for that reason, global finance was the primary motivation for the Zionist state. Still, Daniel's currency 2:20 ratio for national and international economic stability remains unchanged. To maintain financial equilibrium throughout the economy, the rule of thumb that all Going Concern must follow, intentional or unintentional, is to kill, steal, and destroy.

It's important to note that the Zionist State has stringent laws that significantly restrict what Christians can and cannot do, raising serious concerns about religious freedom.

For example, if one believes in Christ as the Son of God, suitable! No problem! But keep it to yourself, and do not broadcast one's Christian views. In doing so, herein, is a violation of law.

The Zionist State, like many national governments, accommodates different religions. While true, do not assume Christians in Israel have religious freedom as compared to life in America.

Are the Orthodox Jews favored in the Israeli state? Yes and no! The historical sites in the Holy Land existed before Zionism. Indeed, the birth of Christianity took place in Israel when Yeshua was born. Yet, the Orthodox Jews have no claim over religious sites. It is a fallacy to claim legitimacy due to preserving Old Testament religious practices. Factually, Yeshua put the new generation of Orthodox Jews in Israel to study history and to grow spiritually, concluding that the Son of God is Yeshua. Then, those in faith would come to reject Judaism, as the religion no longer has any value.

Still, preserve that which is good. The Feast Days are about religious practices focusing on the coming Messiah, Yeshua (Son of God). He came and gave us the New Testament so that we know what is good. Factually, on the road to Emmaus, Yeshua tells us what to preserve and discard. He called his disciples fools for having a misplaced focus on his death, and then Yeshua went on to explain the whole of the Old Testament was about him and his coming to teach and his death.

Considering Judah's pending return, those Orthodox Jews who continue to uphold Judaism and reject Jesus as the Son of God are considered operatives of Zionism.

The Question

Will the Zionist government surrender its sovereignty to Judah-America or the Executive Body of Israel in Exile? As a caretaker government, the end-times prophecy is on record for having made all necessary adjustments for the transfer of power. Indeed, a thought-provoking prophecy.

The Answer

With the LORD's hand, new relations will be cast anew under the authority of Mt. Zion as characterized as Judahtocracy.

Judah co-evolved with the Zionists, marking the Beginning and ending of Jeremiah's Seventy-years prophecy. Timely, For Judah to exercise prophetic jurisdiction over Israel.

Due to the crafty marketing campaign to bring America into WWII, Zionism became synonymous with Israel, an occupied legitimate position of being God's chosen people. The New York marketing campaign was anti-German, claiming the Germans were persecuting the Jews. Fakery drove a New York marketing campaign that achieved its goal—America entered WWII.

Since WWII, books and movies about the Jewish holocaust have saturated America. Through TV and radio programs, the public has come to accept the Zionist State as the representation of God's chosen people, not knowing that the Zionist Israelis are de facto members of Psalms 83:4.

Indeed, there is an invested interest in suppressing the true identity of Judah and the Ten Tribes of Israel. The Zionists have exposed themselves by taking the position they are the returning Jews who fulfill the biblical end-times prophecy of the returning exiles. The Zionists have advanced an exclusionary political policy against biblical teaching against Jeremiah and other prophets.

As end times events continue to unfold, it is imperative to separate the entangled concepts. On the one hand, the Zionists' caretaker government was formed to give protection to the Orthodox Jews, allowing them to complete their spiritual maturity to the degree that they see and understand Jesus is the Son of God and that the throne of David is a divine concept of theocracy belonging to Yeshua's system of governance. On the other hand, the AD 70 exiles are returning to the land given to Jacob. For practical purposes, the Orthodox Jews must (1) discard traditions not aligned with the completed Feast Days that occurred in America within the framework of the New Testament, which holds Yeshua's Mission Statement. (2) the Orthodox Jews will be required to discard cultural clothing.

Judah co-evolved with the Zionist State for the following reasons.

One. The Orthodox Jews were given the ideal environment to spiritually mature, parallel to the Ten Tribes of Israel and Judah. The designed environment aims to equip them with the necessary knowledge to understand their theology of Yeshua and the New Testament. As a new generation, the Orthodox Jews gained the insight to look back at history and find their place when studying the Old and New Testaments.

Two. While Judah awaited his bondage expiration date, the Zionists were appointed to head the caretaker government to protect the Orthodox Jews as they spiritually matured. As a condition to assist spiritual maturity, six million Jews died in the holocaust. First, six million Jews were not killed by the Germans. A few researchers did objective, comprehensive research that invalidated the claim of six million deaths, more like under one million. The numbers are not the point of emphasis herein; therefore, the incorrect six million will not be disturbed, though the motive for such a number was to invoke sympathy for a Zionist homeland without international opposition.

Comparatively, the tribes of Judah registered over one hundred and forty million deaths during the Arab and Transatlantic slave trade to the Jews' six million. Regardless of stated numbers, the Zionists' number cannot cover the fundamental association with the horses of the apocalypse, as stated in Revelation. Only the Ten Tribes and Judah hold such a distinguished position in advancing Daniel's model of the four Gentiles' social system.

Three. Sometimes, one's vision is better when looking back upon history than looking forward. At hand and in this hour of history, no one can say that Judah's proclaimed interest in the land of Israel best fits the adage: Johnny comes lately to justify denying Judah the quality of his statutory rights.

Thus, the fundamental principle for Judah-co-evolved with Zionism is to ensure a smooth transitional relocation per the Abrahamic Covenant and lands under statutes.

As the caretaker, the Zionists are responsible for waging war with conspiratorial neighbors. Thus, the Israelis must continue to address the prophetic issues of Hamas and Hezbollah, according to Zekiel 28: 20-24.

Notice to all Jews: if Yeshua's instruction is not followed for Jews to pledge allegiance to Judah, you have the option to disassociate with the jurisdictional laws of Mt Zion by departing Israel and the region.

Hamas and Hezbollah are close to their final prophetic resolutions.

- And there shall no longer be a pricking brier or a painful thorn for the house of Israel from among all *who are* around them, who despise them. Then they shall know that I *am* the Lord GOD.” Ezekiel 28:24

A topical clarification, Ezekiel 28:24 validates the removal of all thrones for the returning exiles to live in safety. Ammonites, Hamas, and Hezbollah are now under military attack by the Israelis.

What comes after their defeat?

The gathering of the house of Israel. those who were in the scattering with the **Northern Kingdom**. They will take possession of Lebanon and their assigned lands. Notice that Judah is not the subject of this Bible passage.

- “When I gather the house of Israel from the peoples, among whom they are scattered, and I manifest my holiness through them in the sight of the nations, then they shall live in the land I gave my servant Jacob.” Ezekiel 28:25

In conclusion, those Jews of the New Testament living in Israel will have protection from those outside and inside. Good news!

- *And I will encompass my house with them that serve me in war, going and returning, and the oppressor shall no more pass through them: for now, I have seen with my eyes. Zachariah 9:8.*

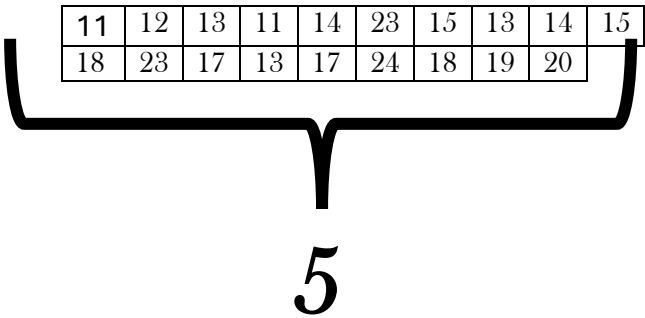

New Residents of Jerusalem and surrounding areas with special honors.

While the Zionist State has provided relative security for the population since 1948, Jewish Christians will have to relocate if they cannot show proof of their association with Judah's descendants who departed Jerusalem in A.D. 66-70.

The new residents of Jerusalem will be those descendants or remnants of tribal Judah holding special honors for following Yeshua's instructions to run for their lives when they saw the invading Roman Army. The importance of proving one's lineage cannot be overstated in this context.

SEPTEMBER 2024
REVIEWING A FEW
HIGHLIGHTS

Received August 14, 2024, for September

A breakdown

13- (3)	19- (1)
14- (2)	20- (1)

We see either (1) or a few instances; instances (X) give the times that the number will be repeated or seen. As in 12-(1), there is only one 12.

As the operator within the calendar dates regime, we should look back to September and see Yahawah's **omnipotence** operating on the given dates.

As a reminder, the calendar dates' driving thrust is guiding, in part, Israelites' relocation under the Abrahamic Covenant. No, we cannot pick up and relocate, as might be the thinking among some in the Congregation of Israel.

Over the past few years, The Judahite has illustrated such through practicing the sanctification and purification process as instructed by Archangel Raphael, which is a requirement before departing. The aim is to weed out those who are not true biblical Israelites and members of tribal Judah. We want to express our jubilation in praise to our God for being faithful in returning us to our homeland without the distraction of those who are not believers in Yahawah.

We pause now to acknowledge the registered 144k and the Executive Body of Israel in Exile as the transitional leadership composing the governance in Mt. Zion.

- *Blessed is the man You choose, And cause to approach You, That he may dwell in Your courts. We shall be satisfied with the goodness of Your house, Of Your holy temple.*
Psalms 65:4

The Elohim revealed many secrets to Daniel because he was chosen to dwell in God's courts and, thus, qualified to receive insights. As in the case of the Israelis' retaliatory offensive in Lebanon, The Judahite received an illustrative briefing from the heavenly courts in September about the most innovative attack in warfare in modern times. Nothing like it. On the same timeline briefing, hurricanes Helene and Milton. The Judahite saw the ever-intensification of warfare and natural catastrophes as processed judgments.

Looking at the briefing outcomes in Lebanon.

1. Fuad Shukr, commander of the Lebanese militia, was killed.
2. Then, thousands of pagers were detonated with a remote-programmed code, killing and injuring many people.

3. Thousands of walkie-talkies exploded like pagers the following day, putting over 4 million people in fear, not knowing if they would be next.
4. In reaction, Hezbollah launched hundreds of missiles and rockets into Israel.
5. Hassan Nasrallah, commander of Hezbollah, was killed in Beirut by the Israeli Defense Forces (IDF). Taking Nasrallah out, Hezbollah is now without capable leadership to effectively sustain the war with Israel.
6. Military action and reactions continue in the perpetual cycle.

On October 3, 2024, the Court Order came down to execute the green light to realize Ezekiel 28: 20-26. **The Judahite is now giving IDF the Order to finish its assignment immediately.**

The IDF should know there is no more time left to remove opposition to the returning exiles out of Egypt-America and the tri-city states of Babylon to claim their deeded land and lands under statutes.

Again, the Executive Body of Israel in Exiles gives the Israeli Defense Force, IDF, the heavenly court Order of October 3, 2024, to finish Ezekiel's prophecy per 28:20-26.

After eliminating all oppositional resistance, the Executive Body of Israel in Exile will take over the administrative body of Lebanon per Ezekiel 28:26.

[5]

In keeping with 5 in the operational calendar regime, the focus of 5 is the omnipotence of God. Consider:

- *"A thousand men shall flee for fear of one; and for fear of five shall you flee, till you be left as the mast of a ship on the top of a mountain, and as an ensign upon a hill." Isaiah 30:17*
- *The LORD shall cause thine enemies that rise up against thee to be smitten before thy face: they shall come out against thee one way, and flee before thee seven ways. Deuteronomy 28:7*
- *How should one chase a thousand, And two put ten thousand to flight, Except their Rock had sold them, And the LORD had delivered them up? Deuteronomy 32:30*

Herein, David will be used to add understanding to Five's omnipotence. David selected five stones from a brook to use to take Goliath's four brothers, but David only used one. David threw the stone, and the LORD guided the stone to the right spot, killing Goliath instantly. Next, David cut Goliath's head off, and the Philistines took flight out of fear.

Omnipotence 5 spiritual base:

- *And David said to the Philistine: Thou comest to me with a sword, and with a spear, and with a shield: but I come to thee in the name of the Lord of hosts, the God of the armies of Israel, which thou hast defied. 1 Samuel 17:45*

September 18, 2024

As usual, The Judahite doesn't preconceive outcomes of any dates upon receiving them. As the calendar regime became operational, The Judahite saw a cluster pattern of five, which is not unusual to see cluster patterns, regardless of the numbers. However, on the 12th, The Judahite received preview dates from 12 through 20 from the Heavenly Court. This unexpected turn of events added a layer of intrigue to the situation.

Through a combination of factors, September 18 appeared as a stand-out date within cluster pattern five. Thus, The Judahite looked forward to September 18 days in advance, building anticipation and engagement.

Sept. 18 judgmental theme covers (17,18,19, 20 & 24)

The Judahite highlights Area 51—bad news.

To avoid miscommunication, The Judahite repeats his assertion about Area 51. First, The Judahite states that the Watchers over Earth use Antarctica as their home base and maybe bases elsewhere.

Roswell was a beacon of hope for guiding humanity's technological development after WWII. In 1947, an antigravity flying disc crashed in Roswell. Following Roswell, antigravity flying discs crashed, and flying discs crashes gifted Earth's civilization to advance to the next level. The flying discs always end up in black operations concealed only to a few and surrounded by tight secrecy.

In the U.S.A., the secret laboratories are linked to the armed forces. Therefore, it is assumed that the U.S.A.'s black operations research facilities are inside and worldwide. Equally valid, the same could be said about the major world powers having domestic black operations guided by Roswell's flying disc crash.

Again, more evidence is needed to prove projects' progression or outcomes claims in Area 51's network facilities. On the other hand, there are many dead bodies of those seeking to find out Area 51's secrets.

The Judahite has encountered numerous accounts of secret laboratory research, a topic that raises profound ethical concerns. The need for more evidence to substantiate these claims leads the Judahite to ponder the moral implications, concluding that only God truly knows what is happening.

By observation, there is a circumstantial correlation between Area 51 and other flying disc crash sites worldwide linked to Antarctica. The idea behind the crashes is not to allow one country to monopolize the technologies as it would lead to the country becoming tyrannical and the results of stopping the progression of the world's civilizations.

So, The Judahite uses Area 51 as a category for black operations using alien technologies regardless of facility locations.

The Judahite spoke of circumstantial correlations between Antarctica and Area 51 and the Germans related to civilization's quantum leap in 1947. Even so, The Judahite makes no assumptions that the base city of Antarctica explicitly sanctioned 100% research and development at Area 51 due to its linkage to the Military-industrial Complex.

The Order to Desist Research Operations at Area 51

The Judahite received the heavenly Court Order on September 18 for alien operations and associated research and development to Desist, as they are repugnant before the LORD.

A relational similarity for contemplating the ramifications.

The first group of Watchers sinned by defiling themselves in personal relationships with Earth's women. They asked Enoch to petition the Heavenly Court on their behalf for clemency. Enoch did so. The Heavenly Court denied their Clemency Petition, and Archangel Michael took them into custody, where they are today, waiting to be sentenced at the end of the Age for murder.

Repeating, The Judahite is not saying the aliens in category Area 51 are in the class of Watchers in Antarctica. Instead, the Watchers in Antarctica have an organizational system that allows aliens to interface with Earth's civilizations per God's prophecies.

The Judahite received the heavenly Court Order on September 18 for alien operations and associated research and development to Desist in the Area 51 category. Logically, if the Court Order is not followed, there will be consequences.
