Officially The Fourth Generation arrived on December 1, 2024.

- “In the fourth generation, they will return here, for the iniquity of the Amorites has not yet reached its full measure.” Genesis 15:18

Introduction

Without question, today's Jacob's descendants are overjoyed to have arrived as the Fourth Generation according to the Abrahamic Covenant.

We now know with absolute certainty that the countdown has started for Judah and the Ten Tribes to relocate to their patriarchal lands that have been deeded according to Genesis 15:18-19.

Before departure, like in the Exodus template, the American/Egyptian empire and the Babylonian system will face punishment under the Abrahamic and Mosaic Covenants and many criminal statutes stated by biblical prophets. Punishing plagues have already commenced, and various catastrophic destructions will become a daily reality until the national governing systems become feeble and helpless.

This presentation, though short, critiques Elisha's Transgenerational Court Order, now in its last divisional phase. In addition to empires, people and groups that have sustained their oppressive interests against Judah and the Ten Tribes will find their resolution of elimination within the overall kingdoms' destruction.

We are now in the Fourth-generation theological incubation. Judah and the Ten Tribes must prepare for departure and sanctify themselves spiritually as a qualification for entering the Messianic Era.

The Seventy-years and Seven-Week prophecies overlap. There's no need to be confused.

The Fourth-Generation interpretation excludes linear or cardinal sequential counting. Jeremiah's seventy-year prophecy is dual, including the application of ordinal and cardinal numbers.

Factually, the end of Jeremiah's seventy-year prophecy was punctuated when the Second Heaven Magistrate wrote on the Palace's Wall, making known its statutes that composed the ruling against the Chaldean King, whose case law would be cited at a future trial when the Chaldeans' epic rulership would be indicted. The case will again come before the Magistrate of Heaven.

In summary, Daniel used the heavenly statutes to adjudicate the Chaldeans' violations against the LORD. Indeed, Nebuchadnezzar's Criminal Edict rested on the Second Heaven statutes demanding holy respect for the living God of Daniel and his three associates ($3 + 1 = 4$).

Those Chaldeans found violating the King's Criminal Edict would end up like the King of the Chaldeans and the conspirators, who put Daniel in the lion's den. As a twist of divine justice, the lions, symbolic of Judah, ate the conspirators and their families in the latter days.

Earthly Magistrate Daniel's prosecutorial procedures, given by the Magistrate of Heaven, will be followed by The Judahite and the Executive Body of Israel in Exile to litigate the end-time Chaldeans and Amorites. Whereas the prosecutorial procedures will be followed, the host of Heaven will deliver the decisive blows during the Fourth Generation.

In review, what to expect:

- The Chaldeans and the Amorites will be tried according to Daniel's prosecutorial procedures.
- The Hosts of Heaven will act according to Revelation's mandate in breaking the six and seven seals. The sixth seal has been broken.

"It shall happen when seventy years are accomplished, that I will punish the king of Babylon, and that nation, says the LORD, for their iniquity, and the land of the Chaldeans; and I will make it desolate forever." Jeremiah 25:12

Gabriel's Seven-Weeks

(Daniel 9:20)

Gabriel's Seven-Weeks prophecy, which incorporates Jeremiah's dual Seventy-Years prophecy, was understood by Daniel not just through his intellect but also through his unwavering dedication and faith. After Babylon fell to the Medes' forces, Gabriel granted Daniel the skills to comprehend his Seven-Weeks prophecy. This was not a mere coincidence but strategic timing.

Deliberate timing: Gabriel's appearance before Daniel after the fall of Babylon is a clear and intentional move to provide a distinction between Jeremiah's predictive destruction of future Babylon and the contextual Seven Weeks prophecy, wherein Babylon of the West emerged at the time when Nebuchadnezzar's metaphoric global tree of economic prosperity would bring better living conditions to the world.

As a location marker for Babylon-West, the Watcher cut Nebuchadnezzar's tree to its trunk in North America and regrew in North America in synch with fashioning America's superstructure, as foretold by Daniel.

Furthermore, Daniel viewed the buffalo, indigenous to North America, as a significant marker indicating where the future Babylon would rise again. While this is true, it's crucial to differentiate between capitalism and its evolutionary phase of imperialism. In this phase, the international banking class of Dan, represented by the snake, tasked China to lead the evolution of global imperialism, aiming to position monopolistic capitalism as a non-threat to imports of cheap commodities. Gentile Dan has no national allegiance to any country.

Additionally, Gabriel continued to give Daniel descriptive characteristics of Babylon-West to identify latter-day Chaldeans. Daniel saw a deceptively animalistic double appearance of a sheep and a dragon as the Vatican (Esau, the White Pope) and the Jesuits (Dan, the Black Pope).

Again, there is a contrast between American plutocracy and imperialistic growth driven by international bankers, who are in union with the corporate global vanguard of about two thousand companies.

The Scriptures give functional views of the four horses of the apocalypse in revelation regarding the Gentiles' four social systems base and the governing superstructures that sit on top of society.

Articles Under the Abrahamic Covenant:

- I. Then the LORD said to Abram, “Your descendants will be strangers in a foreign land; they will be enslaved and oppressed for four hundred years.
- II. But I will also judge the nation to whom they are enslaved, and afterward, they will come out with many possessions.
- III. In the fourth generation they will return here, for the iniquity of the Amorites has not yet reached its full measure.”

**The procedural steps
Taken in 2017,2019, and 2024
Lead to the Prophetic Date.**

Overlapping prophecies are crucial for understanding the arrival date. We start with the numeric value of seven. As is known, seven denotes the completion of a cycle or a systematic prophetic process. But it's more than just a number. Spiritually, seven symbolizes perfected completion, a divine seal at the end of a significant phase. In the Creation Story, the LORD God ended creation after six days of labor and rested on the seventh day, a testament to the spiritual power of seven.

Rested on the seventh day has profound implications today. The Serpent started on the eighth day, modifying God’s creations and twisting all social relationships.

Thus, seven is not just a number but the key to understanding the Abrahamic Fourth Generation. In brief, consider **that** the number seven is a thread that weaves through the fabric of our understanding, **profoundly** connecting the past, present, and future.

From December 1, 2017, to December 1, 2024, completes a seven-year prophetic cycle.

Prophetic interfaces or prophetic interrelationships must be studied and understood.

Jeremiah's Seventy-year prophecy has a dual timeline. First, the handwriting on the Palace Wall concluded the first phase with a divine revelation establishing the statutory codes for prosecuting the Chaldeans. Queen Esther and her uncle Mordecai used the same criminal codes to prosecute Haman, his family, and the Agagites (Amalekites' relatives).

In the second phase of Jeremiah's dual Seventy-year prophecy, the LORD God extended his grace to Jews who practiced Judaism, giving them seventy years to take a fresh look at world history and understand their place in it.

Gracious God assisted the 1947 United Nations Resolution 181, Partition Resolution. The land was divided into Jewish and Arab states. In 1948, the Israelis raised their national flag over their territory in Israel.

For the first time, the Jews were in a place, divinely planned, to gain a fresh perspective of history, knowing it was Judah who followed Jesus' instructions to drop everything and run for their lives in A.D. 70. Indeed, Judah did not resist Rome's invasion, but the Jews put up a feeble resistance until they were wiped out during the first third of the first century A.D.

Given the seventy years of grace, it is inconceivable that Jews now on location did not know their ancestors did not escape in 68, 69, and 70 AD, never to look back. Those captured were taken to Rome as servants. Many Jews living outside Israel at that time lobbied Rome to eliminate the Christian Movement and Jesus' disciples.

Further enrichment: Many people of different ethnic groups worldwide, now living in Israel, have claimed and demonstrated their religious faith in practicing the Torah for thousands of years as one of the ten lost tribes of Israel. Even tribal Chinese have proved their identity in the practices under the Torah, giving the Israelis of Judaism a much-needed fresh historical perspective of the lost tribes of Israel.

A notice arrived in 2017, marking the moment that Judah reestablished his Prophetic Jurisdiction over Israel. When the U.S. Embassy moved to Jerusalem, the Jewish community was empowered to exercise their options regarding non-deeded property rights.

Since 2017, Israeli Jews in the faith of Judaism received an extension of time to see what was happening within the Judah-America community. They heard Judah's voice increasing in volume, notifying the world of his return to Israel under the Abrahamic Covenant. This has facilitated their decision to accept Yeshua as the Son of God and his New Testament or continue to embrace Judaism, rejecting Jesus as the Son of God.

No one is forcing Israeli Jews to accept Yeshua as the Son of God. The problem is that the Jews can go elsewhere with their faith because, under the Messianic Era, only those in the faith of the New Testament will occupy the land deeded to the returning exiles.

**On December 1, 2017,
the probationary countdown started for the Israeli Jews
to decide on their religious faith by December 1, 2024:
Judaism or Christianity.**

On December 1, 2017, The Judahite's bed rug moved each night until December 6, 2017, when President Trump announced relocating the U.S. Embassy from Tel Aviv to Jerusalem. The announcement was timely and conformed to Angel Raphael's anointing of The Judahite as Judah's remnant per subject-matter jurisdiction.

Now consider symbolism. The moving bed rug signifies Judah waking, getting up, and answering his prophetic responsibility to prepare to litigate those opposed to Judah's religion.

Years ago, the same bed rug was supernaturally saturated with water with no signs of WATER under or around the carpet rug. Therefore, the two signs, though years apart, are integrated as Archangel Raphael arranges. In principle, Archangel Raphael is consistent in his interaction:

- “Look, I shall put a fleece of wool (**rug**) on the threshing floor; if there is dew on the fleece only, and *it is* dry on all the ground, then I shall know that You will save Israel by my hand, as You have said.” Judges 6:37

Gideon was tasked with forming an army for war by weeding out the undesirable. Yes, many were ready to fight, but they were spiritually undesirable and would have diminished faith in God by making misleading claims and elevating their valor above God's hands.

Form follows Function

Form follows function as related to Jerusalem. Otherwise, the U.S. Embassy should have remained in Tel Aviv.

A functional warning. Yeshua told the Judeans in Luke 21:20

- *And when you shall see Jerusalem compassed about with an army, then know that the desolation thereof is at hand. Then let those who are in Judea flee to the mountains; and those who are in the midst thereof, depart out: and those who are in the countries, not enter into it.*

Yeshua said Jerusalem, not Tel Aviv. Jerusalem became a living hell on the earth where the women ate their babies due to hunger. Such is one account among many because Satan's disciples took over Jerusalem. For Judah, Jerusalem will continue to be the point focus of Salvation. NO, Substitution!

In a significant act of faith and trust, the Judahite voted for Trump's presidency in 2017 in a quid pro quo exchange that conditioned Trump's pre-announcement to relocate the U.S. Embassy to Jerusalem. While in Jerusalem, President Trump visited the prophetic Wailing Wall, which symbolizes Heaven's Courthouse and Elisha's Transgenerational Court Order.

Trust? Yes! The Judahite read the Scriptures regarding the Feast of Trumpets and learned that Trump was predestined to aid in ushering in the Feast of Trumpets.

Remember that Yeshua fulfilled four of seven required Feast Days, including the Passover, in Judea. The unfulfilled Feast Days would be fulfilled in North America among the Ten Tribes and Judah.

Judah and the Ten Tribes of Israel constitute the Congregation of Israel.

The last divisional time mentioned in the Court Order pertains to the Congregation of Israel.

The circumstances that engendered the Western Wall construction involved the Maccabees'

multifaceted war against the Jews, who betrayed their faith in the God of Abraham, Isaac, and Jacob by embracing Hellenism, whose objective was and is the cultural disintegration of Judea or Judah. On the other hand, the Maccabees fought against the Seleucid Kingdom in a life-or-death conflict. During the War, the Maccabees or Hasmonaean dynasty skillfully modeled the Judean treaties and diplomatic relationship with Rome until the Temple's destruction in A.D. 70.

Yeshua's warning in Luke 21:20-21 directly reflected Elisha's Transgenerational Court Order. In a word, Yeshua acted according to Elisha's Transgenerational Court Order. The Wailing Wall is an essential touchstone in Elisha's Transgenerational Court Order.

When President Trump visited the Wailing Wall and inserted his prayer note inside it, he included himself in the last divisional phase of the Mt. Horeb Court Order either in policy support for the Israelis of Judaism to the exclusion of Judah America or in policy support for the Congregation of Israel Transitional Relocation Movement.

Background on Mt. Horeb's Transgenerational Court Order.

Demoralized by Israel's apostasy, Elijah presented his case before the Second Heaven Court, a theological concept representing a higher spiritual authority. This court, often referred to in religious texts, is believed to be a celestial assembly where divine decisions are made. In his indictment against the Israelites abandoning the Law of Moses, Elijah sought the ruling of the Magistrate, a holy figure, who issued the Transgenerational ORDER: Elijah received the Court Order with the instructions to give it to Elisha for litigation.

Despite religious customs and many blessings given to the Israelites, there existed a hardcore who vacillated in their religion, in part because King Ahab married Jezebel with her idols. Thus, the Israelites wanted to serve two opposing masters simultaneously.

With unwavering courage, Elijah contested Jezebel's theological emptiness, culminating in a life-and-death showdown between Elijah and Jezebel's priests and prophets. This showdown was not just a physical battle but a theological one, demonstrating the supremacy of the LORD over Baal and the futility of serving multiple masters.

Before the Second Heaven Court, Elijah recounted ordering Baal's 450 prophets and Asherah's 400 priests killed because the gods or deities could not display supernatural powers by accepting their offerings, proving their fakery. In reaction, Jezebel sought his life.

Elijah's departure was known when the LORD accepted his offering on Mt. Carmel.

After accepting Elijah's offering on Mt. Carmel, the LORD called Elijah to heaven for his next mission: to prepare the way for Jesus by baptizing those who repented their sins with water to attain forgiveness. While John baptized with water, Jesus baptized with holy fire (the Holy Spirit), the Spirit that teaches.

What is the Spiritual Law that underlines Mount Horeb's Judicial Transgenerational Court Order.

The underlying spiritual root lies in those who practice the Anti-Law of Moses. We observe this Anti-Law in all social forms throughout society.

A declaration against the spiritual root.

- ❖ *You shall not adore or serve them; I am the Lord your God, mighty and jealous, visiting the iniquity of the fathers upon the children to the third and fourth generation of those who hate me. Exodus 20:5*
Keeping mercy for thousands, forgiving iniquity and transgression and sin, but will by no means clear the guilty, visiting the iniquity of the fathers upon the children and upon the children's children, to the third and fourth generation. Exodus 34:7

The purpose of the Court Order is punishment, while the Spirit of the Law is regenerative through holy baptism.

- *Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born anew, he cannot see the kingdom of God. John 3:3*
- *Jesus answered, Verily, verily, I say unto thee, Except a man be born of water and the Spirit, he cannot enter into the kingdom of God. John 3:5*
- *But the Spirit produces love, joy, peace, patience, kindness, goodness, faithfulness, humility, and self-control. There is no law against such things as these. Galatians 5:22-23.*

Second Heaven Court granted Elijah's petition with stipulations. Elijah would go to heaven or a heavenly division of heaven and return to Earth as John the Baptist, a figure of immense significance, to institute the holy Baptism of faith in the Father, Son, and Holy Spirit—the sustaining theological power Elijah desperately wanted to see as a perpetual reality in Israel, because the Holy Spirit produces spiritual fruits throughout one's life.

Overall, John the Baptist's ministry conditioned Yeshua's mission. Still, Elisha's assignment involved litigating religious tenets according to the Babylonian Talmud, the Pharisees/ Judaism, and others who would continue to hate the New Testament Covenant. One of the Christian tenets Apostle Paul preached in his missionary work to the Gentiles is Justification by Faith.

To distill the theological concept, regardless of significant degrees of man's good works, he can never pre-qualify for salvation because the Son of Man freely gives salvation to those who repent of their sins and do baptism.

While true, beware that some people don't believe in theological sin. Thus, they see no basis for repentance. Such must alert the righteous not to embrace a false expectation that he or she will come around when there is no basis.

Elisha requested a double portion of Elijah's spirit.

With profound insight, Elisha requested a double portion of Elijah's spirit before being taken to Heaven. Indeed, Elisha's request was granted. This act symbolized the enduring nature of the Court Order, ensuring that the haters of Christ's New Testament would continue and be under the Court Order until the latter days. The purpose: the Court Order would be litigated during his lifetime and after his death, i.e., A.D. 70. Such continuity is reassurance that the righteous spirit will prevail over false religious beliefs

Elisha talks about the Maccabees' appointed mission to motivate the building of the garrison, of which the Western Wall stands oppressively as one of four sides.

To review, Trump became the 45th U.S. President as an elevation benchmark through a quid pro quo exchange. According to Jeremiah's second Seventy-year prophecy, two issues would be addressed. First, Judah would reestablish his prophetic jurisdiction over Israel after seventy years using Daniel's prosecutorial procedures.

An Explanation Regarding **Prophetic** and **Actual** Jurisdiction.

In 2017, Judah remained under 400 years of jurisdictional confinement. The principle of 'quid pro quo,' a powerful force in this narrative, significantly influenced the relocation of the U.S. Embassy to Jerusalem. This shift in attention brought Judah's end-time relationships to the forefront, involving America, Jews of Judaism, and Middle Eastern countries.

In contrast, nothing came to resolution during the prophetic jurisdictional period, though all the problems were on the table. Now, under the weight of the Abrahamic Fourth Generation mandate, resolutions will be finalized under **actual** jurisdiction.

Significantly, the decision to relocate the U.S. Embassy from Tel Aviv to Jerusalem reactivated the use of Ezekiel's (6:20-21) judicial template. This move has profound implications for the mutual protagonists, with a historical link to the Maccabees, and it marks the closure of the last divisional time phase of the Transgenerational Court Order issued on Mt. Horeb. This 'divisional time phase' refers to specific periods in the historical and spiritual timelines within the Court Order wherein significant events and changes will occur related primarily to Judah to maintain concentrated focus on the Tabernacle or the spiritual purpose of the Redeemer.

A potent symbol, Trump's visit to the Wailing Wall inadvertently invoked The Judahite's prophetic connection to the Maccabees' spiritual warfare against the spiritual precepts and tenets of the Pharisees and Judaism. Unbeknownst to him, this act directly and indirectly linked him to Elisha's Transgenerational Court Order. Trump's visit, in a way, became a part of this spiritual warfare. The Wailing Wall, also known as the Western Wall, bears the historical weight of the Syrian army garrison, where many Judeans, along with their animals, were burned alive.

Pre—and post-A.D. 70, the Wailing Wall's enduring symbolic representation reinforced Judah's cultural and spiritual disintegration through Hellenism and Judaism. This enduring symbol carries the weight of history, reminding us of Judah's past artistic and spiritual struggles and the final judgmental division with the Transgenerational Court Order.

Since the Court Order was issued, spiritual warfare has been an ongoing conflict, litigated according to divisional timelines in each prophetic season, spanning thousands of years, including our time.

Since 1947, Israeli Jews have steadfastly asserted their right to their homeland, the state of Israel, a claim rooted in centuries of religious persecution. They provide many examples of mistreatment.

However, they seem unaware that the Wailing Wall perpetuates their transgenerational curse, which endures to the third and even the fourth generations for those who despise the LORD God by continuing to uphold unchanged beliefs, traditions, and tenets. Exodus 34:7

Reconnecting to the Western Wall, In the final Transgenerational Court Order's divisional phase.

Prophetic Jurisdictional Highlights

- ❖ Trump's presidency as the 45th U.S. President was a political event and a significant historical moment. It was a quid pro quo arrangement, a signal of the imminent Feast of Trumpets. This connection to trumpets, inherently linked to Judah and the Ten Tribes of Israel's Transitional Movement, should pique the audience's curiosity.
- ❖ ❖ For the Judahite and the Executive Body of Israel in Exile, this arrangement underscores their prophetic and actual jurisdictional authority over the Jews of Judaism and the lands of Egypt/America or the Chaldeans.

Two historical tracks intersect in the complexities of history tied to the parties in this discussion. First, Elisha's Court Order has seen some of its prophetic divisions come to pass. As of 2025, Elisha's Transgenerational Court Order continues its journey through the river of time toward its ultimate resolution. Notably, Trump's act of placing his prayer note inside the Wailing Wall was a pivotal moment, as it invoked Judah's prophetic jurisdiction, prompting Ezekiel's Judicial Template to Reactivate the Executive Body of Israel in Exile, which involves the mutual protagonists (Hellenism and Judaism vs. Judah).

When the Judicial Template was used during the time of the Maccabees, spiritual victory manifested in the Feast of Dedication.

Ezekeil's Judicial Template:

- *"Go through the whole city of Jerusalem and put a mark on the forehead of everyone who is distressed and troubled because of all the disgusting things being done in the city." I heard God instruct the other men, "Follow him through the city and kill. Spare no one; have mercy on no one."*
- Utterly slay old *and* young men, maidens and little children and women; but do not come near anyone on whom *is* the mark and begin at My sanctuary." So, they began with the elders who *were* before the temple.
- Desecrate my Temple," he told them, "And fill its courtyard with the dead!" So, they went out and began striking down people throughout the city. Ezekiel 9:4-9

Today, Hellenism is a rich tapestry of diverse occult flavors, each catering to different spiritual needs and desires. The core of Hellenism, which has remained unchanged for thousands of years, has an elemental dynamic that flourishes with each generation. Similarly, the Chaldeans' spiritual core, unchanged for thousands of years, maintains its aim of oppressing Judah hopelessly.

Under the same Transgenerational Court Order, a significant aspect of Hellenism, Yeshua cursed a fig tree and Clears the Temple Courts. See Mark 11:12-25.

- ¹² *The next day, as they were leaving Bethany, Jesus was hungry. ¹³ Seeing a fig tree in leaf in the distance, he went to find out if it had any fruit. When he reached it, he found nothing but leaves because it was not the season for figs. Jesus told the fig tree, "No one shall ever eat figs from you again!" And his disciples heard him. Mark 11: 12-14.*

The above are examples from the first quarter of 2025, with more to come during 2025 and the Fourth Generation. The Host of Heaven, a powerful spiritual force, continues to influence these events, and we can expect more punishing events. For example, consider the result when you multiply 4 by 30,000.

The U.S. Military is powerful, but under the Abrahamic Fourth Generation, as seen, it is nothing compared to the overwhelming power of the Hosts of Heaven.

The inevitable catastrophes deserve additional character information, but only a few sentences for now.

First, there are two explanations for the Black Hawk and American Eagle collision: **a)** the Black Hawk pilot intentionally smashed into the American Eagle, or **b)** the Spiritual Force guiding the nation into its divine judgment as foretold—there is no course reversal, though the coming collapse is seen in paralysis by all without any human means to avoid the inevitable smashing. No, there are no coincidences or accidents. From here on out, remove those two words from your vocabulary.

Briefly, the Black Hawk's spiritual significance is one of consciousness. When retracing the Black Hawk's flight route, we see the Potomac River as the flight route, a conscious review of historical milestones on the right and left of the Potomac River. The U.S. Capitol is three miles from the Pentagon, where the air collision occurred in Prophecy as a time marker.

Gaza and Lebanon's conflict with Israeli Jews has a deep-rooted history, spanning over seventy-five years.

Over the past fifty years, **numerous** peace proposals have been placed on the negotiating table, resulting in the yearly progression of a war that pulls in more and more parties with their agendas, ever-escalating the conflict and engulfing the entire region. The Houthis in Yemen are now actively involved, attacking commercial ships **and significantly impacting** regional and global trading, **thereby amplifying the conflict's broader implications**.

Aligning with Prophecy, Judah is the only solution to the Middle East conflict.

Over a year ago, the Executive Body of Israel in Exile granted Protectorate status under its authority to the Ammonites, now known as the Palestinians, ensuring their well-being and resettlement. Despite changes in plans, the Ammonites have shown remarkable resilience, which testifies to the potential of the Protectorate status under Judah's authority. Originally scheduled to be resettled in Texas, USA, they are now set to relocate either to a single location or multiple sites, continuing to be a Protectorate of Judah.

Remember, the Executive Body of Israel in Exile operates on a millennium schedule, with no time for insignificant politics that do not contribute to the evolution and expansion of the Stone Kingdom, a social system crucial for the planet's future.

Weeks ago,

President Trump stated that the United States possesses authority over Gaza.

It's essential to understand the historical context here. Trump's declaration presupposes that Judah's deeded land gives him a recognizable standing. **His act of placing a** prayer note inside the Wailing Wall in May 2017 and his subsequent allegiance to Judahtocracy are recorded in the cosmos. At his inauguration, Trump also made an allegiance to Judahtocracy on January 20, 2025. The Hosts of Heaven made a cosmic record of the event and his allegiance to global Judahtocracy and the Fourth Generation Transitional Movement. He acknowledges the Executive Body of Israel in Exile's prophetic jurisdiction over Israel and America in 2017 and actual jurisdiction on January 20, 2025.

It's important to note that over a year ago, the Executive Body of Israel in Exile, a key player in the region, granted the Ammonites, now known as the Palestinians, Protectorate status under its authority, ensuring their wellbeing was secured.

Looking ahead, the Executive Body of Israel in Exile will guide the Transitional Movement with a set of priorities, sparking President Trump's curiosity about what these directives may entail. They are coming in the next posting.

The Executive Body of Israel in Exile oversees The Abrahamic Transitional Movement in its biblical reconstruction of Gaza and deeded lands.

Dr. Leon Sullivan Model

The Judahite walked throughout Africa with Dr. Leon Sullivan, the Convenor of the African-African-American Summits, as did thousands of tribal members of Judah with heavy credentials (expertise) in medicine, agriculture, business, education, theology, etc.

Dr. Sullivan taught the Judahite the key to African development. Instead of employing individualized motivational solutions per discipline, the Judahite emerged from the experience with a conceptual framework for Africa's growth in the 21st Century.

The Executive Body of Israel in Exile (EBOIE) is committed to the Sullivan Multi-Disciplinary Approach for the construction of a new biblical Gaza. As the rightful owners of Israel's deeded lands, tribal Judah will lead this initiative under the guidance of EBOIE.

While it would be nice to see Gentiles' real estate commercial development plans, they would be inadequate for a spiritually attuned people and nation. Biblically, only congregational members are pre-structural for heading the congregational reconstruction. This spiritual focus will inspire and connect the team working on the project.
