

RECEIVED ON FEBRUARY 2, 2024. AN APRIL MODEL 2024

The February 2, 2024, date was an April calendar model independent of monthly dates. The Judahite personally shares his response to the incoming model dates, as never seen in such a format. The numbers came independently of time, existing outside the spacetime continuum. It was not long before The Judahite linked the divine numbers to April's 8 solar eclipse that will move across America.

Being greatly afraid because of where the numbers originated, The Judahite linked the divine numbers to the Day of the LORD as cited in the Scriptures. Specifically, Jesus became unnailed from the crucifix inside the church of France, followed by parishioners seeing bloody footprints inside the church. Moreover, they heard an explosion occurring in the heavens after February 2024. What is the sound? The Judahite links the sound to the Day of the LORD, a time of darkness, a shaking of the earth, calamity, and devastation.

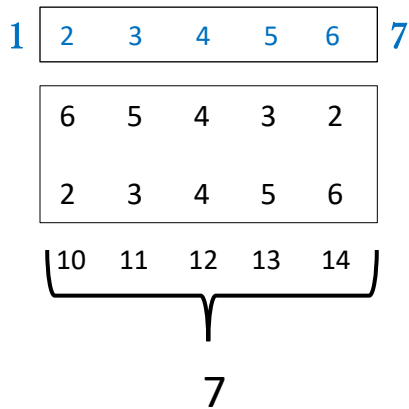

Independently of the earth-time, the number seven appeared in the order

- 7
- 6
- 5
- 4
- 3
- 2
- 1

The meaning of seven represents spiritual completion. Genesis tells us that the earth's creation took place seven days or 7,000 years according to the cosmic time of heaven. Thus, *seven symbolizes spiritual perfection*, in this case, creation; such is the religious reason for the Sabbath. Yet, on the other hand, seven is also arranged in significance for completing a process of evil.

Numerally, seven is arranged as three and four, five and two. For spiritual operation, herein, Five and Two.

Insightfully, consider the numeral arranged format.
