

**Atonement has reached a quantitative state of disassociation
And now transforming into a
Qualitatively different existence from the old.**

Atonement ritualized animal sacrifice, according to Leviticus 23:26-27, symbolizes taking away sin through blood. In the New Testament, Jesus is presented as the sacrificial lamb for redeeming humankind and putting an end to animal sacrifices.

The redeeming blood of Jesus qualifies us to stand before the Elohim without any intent to act contrary to the moral codes established by Covenants, just like in the Garden of Eden.

Instead of blood sacrifice, we have Holy Communion in remembrance of the divine blood displayed in Gethsemane, in private, with his disciples. On the other hand, publicly used instruments to draw blood from Jesus' body enabled Jews and Gentiles to understand his doctrinal theology of the New Testament.

Indeed, we doctrinally feast on Jesus' blood by coming directly to him in supplication **without** a third party, the priest, to do a stand-in substitution for us.

The Second Coming of Yeshua

When the two parts of the Edenic Judicial Decree are fully understood, then we act as upgrades, as the ones who have been redeemed; acting with a mission to cut the heels of the Serpent to immobilize his descendants.

The Feast Days, fulfilled or non-fulfilled, are still days of pre-determined outcomes to be observed in meaning until the actual day when Christ appears in person.

Is Atonement a Pre-rapture Requirement?

Yes.

For the first time in thousands of years, the exilic Congregation resumed Feast Days' observance in 2017 as prescribed by the Elohim to The Judahite. For the record, a few Hebrew Israelites started practicing Feast Days observance many years before 2017.

Today, we have journeyed past Pentecost and Trumpet, and now, we are in August, the month of Atonement. In clearing up the massive confusion about the Feast Days, the time distinction is not in the annual calendar days observed but upon the date when the promised rewards are received.

The proper understanding of seasons is in understanding the signs of heaven and their casting shadows upon the earth that are recorded as calendar dates; yet, independent of annual calendar dates. The Elohim guided Nat Turner from the tribe of Asher to illustrate the Feast seasons for the appointed times of Pentecost, Trumpet, Atonement, and Tabernacle.

The Problem of not knowing one's tribal Identity

During the Feast Days

As foretold, the Ten Tribes of Israel and the tribes of Judah would lose consciousness of their biblical identities per the Mosaic curses.

There are exercises that would enable those of the Congregation to regain knowledge about their tribal affiliations that would effectively aid in one receiving rewards contained in each Feast Days.

Which one is your tribal affiliation?

- a) Asher 1; Dan 2; Gad 3; Issachar 4; Naphtali 5; Reuben 6; Simeon 7; Zebulun 8; Judah 9; Benjamin 10; Levi 11; Joseph 12. Joseph's sons: Manasseh 13; Ephraim 14.

A cautionary notice.

Do not assume all dark-skinned person are congregational members. Historically, everyone with dark skin were put within the same political category of social oppression. Then Dr. King came along and said judge a person by the content of their character. Assuming if one is right, then, ethical integrity would be seen in a person social conduct, or the lack thereof.

Being fully equipped to stand correctly in disassociation:

A required of Atonement.

The LORD hates Esau and loves Jacob. The LORD selected Isaac and rejected Ishmael.

Paul practiced disassociation.

Paul often admonished those people who purposely misrepresent facts. Being equipped to sustain the purpose of Atonement, Paul delayed his departure by many months until late fall to ensure Christians had Gospel ammunition to preserve their spiritual clarity. When he decided to leave, the weather conditions did not allow travel without high risks. *"We spent a long time there, until it became dangerous to continue the voyage, for by now the Day of Atonement was already past. So, Paul gave them this advice." Acts 27:9*

The plumbline

for Positional Disassociation is found in the heaven.

Close to thirty days before the birth of the Man-child, the solar eclipse across America timely announced the Man-child's birth and his dissociative mission to overthrow imperialism, the dominant social system on the earth.

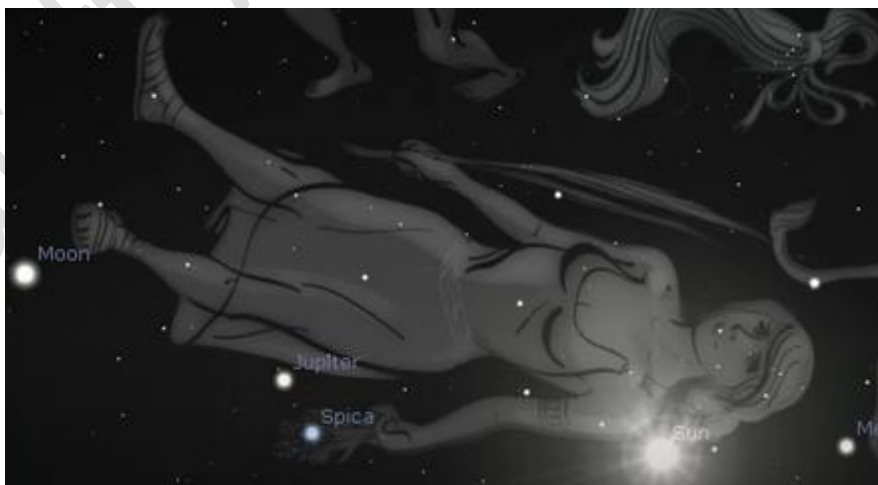

Atonement's internal growth appears in disassociations and dissolutions of the old.

The signs of heaven don't lie, they are manifested ordinances of the Elohim given to the Congregation to know the seasons, to pay attention to the proclamations: America is under divine judgment.

The Revelation 12 sign.

The Birth of the Man-child and the iron rod of rulership

The Man-child appeared two years pre-expiration date Per Abrahamic 400 years.

The Man-child's maturity has evolved through the

- b) Feast Days
- c) Prophetic Days given by Apostle Paul, Jeremiah, Daniel
- d) Judah's jurisdictional control over prophetic Israel per Abrahamic 400 years.
- e) Re-affirming the statutory principle of Jubilee.
- f) Jurisdictional confrontation with the Red Dragon two years after birth.
- g) Asserting Lands of Promise claims per Abrahamic 400 years Covenant.
- h) Planning for the decisive take down of the Red Dragon and imperialism.
- i) ORDER24J Ruling affirms the Commonwealth of Israel's 27 trillion dollars capital base to be used in fashioning itself in the Stone Kingdom.
- j) The Feast of Pentecost made declaration twice, one on the prior year and the other on May 27, 2022.

Progressing as indicated by b) thru j), each cycle year allowed us to evolve in dissociation with imperialism. Indeed, a complex process. Atonement's principle of disassociation involves operational procedures.

- **Mental** (cutting the Serpent's descendants heels)
- **Psychological** (recovering tribal identities)
- **Theological** (understanding the purposes of the Feast Days.)

Our transitional steps are **not simple**. Yet we move forward with sustainable energy to push disassociation from the old. We have a solid foundation, the Man-child, upon which to do design systems to supplant the old system by preserving the good and discarding the uselessness.

A good model for explaining transitional delays.

Israel's forty-years purification wandering is a good application model for understanding the long delay for entering the Land of Promise. Just think, had not the old generation died off, they would have attempted to perpetuate old habits of Egypt in the new land.

Starting with a clean slate enabled the new generation to focus on driving the inhabitants from the territory while at the same time forming new institutions—no room for internal enemies within one's own family.

Thus, the transitional period allows enough time for sorting out and discarding moral impurities per the Promised Land's jurisdictional statutes.

The Americanized Model of Atonement
Rests on the mandate to

Will be provided.

Atonement Outcome Objectives

One. The Mosaic Economic Treatise composing Six Provisions with current day upgrades focus the exilic first steps in constructing the Commonwealth economic implementation programs. The Executive Body of Israel will recast the Mosaic Economic Discourse. **Deuteronomy 30: 3-9 composes the Mosaic Economic Discourse. Moses' assigned theological property-value to each tribe predicates refiguring the** associativity relations with integrity serving the interest of the Commonwealth according to a blueprint design. **Hence, the need to know one's tribal** affiliation to be constructive.

Two. Within the Commonwealth of Israel, a person will reference his or her tribal identity by name, i.e., Gad, Manasseh, Ruben, etc.. No more usage African American, black, Native American. For those outside the Congregation, you should continue using whatever nationalistic description of your choosing.

Three. Coming together from the four corners of the world. Tribal amalgamation will bring about tribal intermix from different countries. The procedure for intermixing. First, each tribal nation will have its own state like in the United States.

In the first phase of relocation, the woman of marriage will have the option of going with her husband or registering with her father's tribe. Children twelve years and older have the right to select the tribe of their father or mother. Under twelve, the children are assigned to the father unless he decides otherwise.

Once completing tribal registration, people will be free to relocate anywhere, but always the registration will remain in one's tribal home state.

Four. Institutionalized pledge. Headphone25 grants liberties that conform to an enrich life prescribed to developmental stages of the Stone Kingdom.

Looking ahead

The Judahite received notice on July 24, 2022, and again in the first week of August about what is coming on August 24, 2022, and on **August 24, 2024**. It doesn't look good. Consider the following:

The Twin Sisters of Damnation

Waste dumping. (That which has been processed and used per its life cycle, regardless of the degree of usefulness, come to the designated places of waste dumping.

AND

Disintegration. (Unlike waste dumping, those representing unwanted are subject to the liquefaction and pulverized techniques. A working view of the method. A grinder platform with two lugs rotates (induction motor), knocking the food around and around against a stationary bland. The rejected stuff becomes liquified when the two work together in timing.

The unwanted requires no life cycle and no processing. The unwanted can appear in any state, both raw and processed.

The switch

Only the sanitized hand of flipping the switch actualizes disintegration. Without turning on the disposal switch, the disfavored will never become pulverized by grinding and finally pushed down the sewer drain.

The Disfavored

The unwanted are those without inherited land claims. The **Commonwealth of Israel rests on territorial** rights of real estate inheritance.
