A reflection of July 4.

July 4, 1776, marked the birth of America's Constitutional Republic. The date holds profound historical significance, as it symbolizes the courageous act of the colonists in breaking free from the monarchical European governance system. It also signifies the acceptance and appreciation of Jacob's tithing-blessings and the regrowth of Nebuchadnezzar's global economic tree of prosperity.

Yet, within the Declaration of Independence, the Constitutional Republic incorporated Judah into the Constitution as a congressional voting equation (3/5). After 1865, the voting equation was no longer practiced in the open, yet practiced as a "gentleman agreement" until the late 1960s.

In recent weeks, there has been a surge of public discussions about Project 2025, a political plan of action to restructure the national government. The relevance of this Action Plan to our current prophetic season cannot be overstated. It is a time of significant change, a season of separating those who rightfully belong to the transitional movement.

Given America's current social and economic conditions, July 4 is no longer an ideal day to celebrate with zeal and inspiration for the Congregation of Israel.

- a. Homelessness is increasing each month.
- b. In major cities, the cost of living is rising.
- c. Across the country, all cities are wrestling with budget issues and tax increases.
- d. Crime is an ongoing problem.
- e. Internationally, there is a shift away from America, i.e., the Petrodollar has been abandoned by significant countries.
- f. The most informed public is now beginning to see WWIII as no longer a theory.

Considering the current issues, a percentage of the Ten Tribes and Judah have been busying themselves over the past year as instructed by the Executive Body of Israel in Exile to update their skills and make business plans for the post-America reality.

While it might sound divisive, The Judahite has said over the years that melanated people, the former enslaved, should seek out their tribal affiliation—knowing which tribal nation one belongs to. A certain percentage of melanated Gentiles were enslaved along with Judah. Good news: the LORD has lifted the Mosaic Curses from Judah and the Ten Tribes, allowing people to search for their tribal nation as a practical matter.

Take comfort: the righteous Gentiles are not being rejected or denied becoming a participant in the Commonwealth of Labor and religious rights per the New Testament of Yeshua. Please understand that the Mosaic Curses were particular to the tribal nations of Israel.

Since 2017, some of the tribal members have undergone a profound evolution, both psychologically and spiritually, allowing us to gain insights on where we are standing on timeline of prophecy. It's important to remember that the Holy Spirit is our constant guide during this transitional movement, installing us with the faith and trust we need to enter the Promised Land. No, we have no goals of recreating the culture of Egypt-America and Babylonian, for all the baggage will be left behind.

The High Court of Heaven

July 4

Before the High Court of Heaven on July 4, The Judahite stood before legal proceedings in affirmation of the Abrahamic Covenant, statutes addressing monetary assets recovery, the Ten Tribes' equity proportionality to its tithing-blessing distribution, and Judah's return on labor investment as a contribution to the foundation of capitalism.

In the interest of posting the timely calendar dates, The Judahite briefly summarizes the proceedings.

The LORD's timing for locking doors.

An understanding of perfect spiritual orderliness is a must for executive spiritual power. Without arranging the perfect spiritual order, supernatural **power** cannot be executed. In a word, self-executing a divine subroutine causes the spirit to automatically arrange the perfect order to control and subdue opposition forces. Seventy is the number for grasping spiritual order for execution.

The Judahite understands 70 as the premise. $7 \times 10 = 70$. Seventy is the spiritual power of execution and order.

The High Court of Heaven affirms that it is time for Exiles to be awarded their contributions after having struggled through many adversities over the centuries.

- “*Whoever keeps the fig tree will eat its fruit; So, he who waits on his master will be honored.*”
Proverbs 27:18

God’s blessings will pour out rich fruitfulness in one’s life, including one’s place of honor in his Stone Kingdom. Indeed, the distribution of monetary assets will start flowing toward Judah and the Ten Tribes in a systematic order.

Seventy years Or Seventy weeks.

Jeremiah’s seventy-year prophecy came as a doctrinal summary. Daniel gives us **seventy weeks** when the milestone transitional break would occur sufficiently for the Executive Body of Israel in Exile to become autonomous in operational functions.

- *Seventy weeks are shortened upon thy people, and upon thy holy city, that transgression may be finished, and sin may have an end, and iniquity may be abolished; and everlasting justice may be brought; and vision and prophecy may be fulfilled; and the saint of saints may be anointed.*
