

THE CHINESE/ISHMAELITES COMING DEMISE

Abstract

This presentation is about deconstructing China or the Ishmaelites. Abraham asked the LORD to find favor for his son Ishmael. As promised under grace and mercy, the Elohim made China/Ishmael the most populous country and assigned him with 12 sons to become nation-states. On the other hand, Jacob is the offspring of the seed of promise, produced 12 princes, the children of Israel. Jacob made an oath to the Elohim that if he would preserve his life and return him to his father's land, he would give a tithing ten sons. Jacob's tithing-blessing to the world enabled China to piggyback on capitalism to mature Ishmael's social system of imperialism. Honestly, the Ishmaelites have made good through the trade relations with the banking class of Dan and the Jesuits. We do not assume that all Chinese are Ishmaelites, though the ruling majority makes a case for validation. Scriptures guide history. China is the imperialistic dragon who seeks to kill the Man-child, Judah. The social system is the central focus, not the personalities of INDIVIDUALS. Predetermined by Father Abraham, China/Ishmael has a unique financial system that seemingly can generate an endless supply of financial capital for its spending spree and global investments. Judah has no governmental impact on foreign relations policy between China and the USA; still, a prophetic family tie exists. China's economic connections with Babylon, the Beast, and the Chaldeans compose the completeness of the Amorites' iniquity.

Introduction

The Advantage of being of the Divine Seed.

For many people, knowing about the pending accelerated prophetic events in society and earth's geography cause sorry and depression.

In contrast and in keeping with our current day realities, the Congregation of Israel (the ten tribes of Israel + Judah) is on the verge of making a qualitative leap in human governance systems.

According to Revelation, the 144k and Firstfruits walk boldly into the future with expectations of receiving divine rewards. Truly, we have a bright future of hope, joy, and our awarded divine organizational roles within Yeshua's theocracy will forever satisfy our productivity.

As future awardees, we can expect to receive an **invitation** to the Lamb's wedding feast.

- Then the angel said to me, "Write this: Happy are those who have been invited to the wedding feast of the Lamb." And the angel added, "These are the true words of God." Rev 19:9

Truly, those invited will travel to heaven. **My God, how joyful to be on your guest list!!** Listen,

- And I say to you, I will not drink from henceforth of this fruit of the vine, until that day when I shall drink it with you new in the kingdom of my Father. Matt. 26:29

God Almighty! What a joyous expectation of being in the Heavenly Kingdom!

Looking back thousands of years ago, the Elders of Israel were taken to heaven for a Holy Covenant dinner. Today, everyone assumes the dinner took place on Mt. Sinai; not so. Going to heaven will be different this time; either at the Wedding Feast or after receiving the invitation, our DNA would have changed from a double-stranded helix to a triple stranded-helix.

The Wedding Feast is about celebrating combining DNA strands. Herein, the suggestion is three, but it could be four. The **central point**: marrying Yeshua's DNA or part of his DNA with our DNA. Remember, Adam's rib gave Eve life.

Why look back after being placed on the right path?

We embrace the expectation of receiving the Lamb's wedding invitation, so why look back after being placed on the right path? One's commitment accredits the wedding invitation to the unity of words and deeds.

Lots' wife looked back in remembrance to continue her life as Sodomite instead of focusing on the future. Likewise, billions of people will be looking backward with false hopes of returning to a society that would no longer exist. As another case in point, the Israelites wanted to return to

Egypt rather than go forward to claim their inheritance. They demonstrated very little faith in their God.

Transitioning is Judah's number one priority. Our inheritance awaits the whole house of Israel. As in all transitional periods, violation of the rules set exclusively by the historical process itself will immediately be purged. Why? In a word, some people who are the Serpent's descendants never believed and will never believe in the LAW given to Moses on social morality; further, a percentage of people will seek to go back to the old order just like during in the wilderness days. Values and practices belonging to the old social order put people in contradiction with the NEW order while shaping its character identity.

Why give time to something with no futuristic value? The Executive Body of Israel's primary focus centers on constructing the Commonwealth of Israel.

**Chinese/Ishmaelites' Astrotheology is written in heaven.
Their destiny cannot be changed.**

When decoding Cain, China appears. For sure, one can argue over the etymology of Cain and China, but the Scriptures' end-times conclusion cannot change. The Judahite is the only one who has advanced the prophetic supposition that China's hidden spiritual psychology shares Cain-archetype.

Moreover, on The Judahite's motion, the Court of Heaven has removed the stay seven-fold punishment would befall anyone taking Cain's life when learning about his predisposition to wholesale disregard the physical wellbeing of his brothers. Not to be confused, the focus of today is not on a person but the entity representation.

Besides her spiritual psychology, China's external character conforms to Ishmael's social description given by the LORD. **A.** He will always live among his brothers. **B.** He will always fight against all men, and all men's hands will raise against him. **C.** He will live according to his system of conduct without no restrictions on what he can and cannot do. **D.** He will have unlimited children as a weaponized defense of security. **F.** He is not his brother's keeper unless his brothers allow him the right to uphold his personalized interest as a legally protected class.

The LORD prescribed Ishmael with twelve sons who would become heads of their nation-states. Abraham specified their ultimate location in the East or "the children of the east." Being learned in all the Egyptian schools of thought, including Thoth (Enoch), Moses knew Ishmael's location and his confrontation with the children of Israel in the latter days. God wrote the Chinese/Ishmaelites' Astrotheology in the heavens, which means their destiny cannot be altered.

Enoch gave end-times knowledge about the earth to his children, who gave Noah and his sons the book. Look. Shem taught Abraham Astrotheology. Hours before Jacob's death, he equipped his sons to be Astro Theologians, the master of their destiny. Enoch constructed all the megalithic structures worldwide for humanity to look to the heavens to understand its placement relative to the dimensions of time in our vast universe.

Ishmael's birth came out of Tradition.

Ishmael was born as Abraham's first son and, by tradition, held in the highest esteem above his other brother. The LORD assigned twelve sons to Ishmael, who would grow and become a dragon in the latter days of the Age. It would take time for the dragon of imperialism to mature into a social system of its princes.

The Chinese Ishmaelites are traders by nature.

When the serpent of capitalism matured (Central Bank system, World Bank, IMF, etc.), it invested in developing the dragon's manufacturing industry. Trading and manufacturing enabled China to amass a massive amount of investment capital. Then China became the financial hitmen through terms and conditions of loans that would result in 75% defaults.

China goes around the world funding projects by request or on proposals that will facilitate expanding trading routes for their products. As Ishmaelites, China's core strategy is to develop trading routes in every country. Indeed, the Ishmaelites preserve their core competency over thousands of years.

China's economic foreign trade balance sheet looks good. Driven by foreign investments, China's manufacturing products reach every market worldwide. But there are problems. One. As in developed markets, like the USA, China's lack of quality control in manufacturing is a significant issue. Two. Because of China's low-quality products, the raw materials used in the production process, landfills are ever-growing. Even the oceans are now dumping grounds.

The recklessness of capital investment, as a standing rule, creates more problems than it solves. The very few, without any power, can see that man himself is the biggest threat to his survival. Consider, the owners of investment capital must show a return on investment, regardless of good or bad social consequences and harm to the environment; a good return matters the most. Let government and others deal with any problem.

The Chinese/Ishmaelites got deep financial pockets, allowing them to make unlimited real estate purchases worldwide. China's real estate investment in America is over 110 billion dollars. Additionally, China holds America's obligation or carries 1.03 trillion dollars. If China decides to cash out, America must consider declaring bankruptcy as an option.

Imperialism

"The serpent is on the loose."

May 12, 1828

When one reads Revelation 13:3

- One of the heads of the beast seemed to have been fatally wounded, but the wound had healed. The whole earth was amazed and followed the beast.

...then one sees the coherency in the timely angelic announcement “the serpent is on the loose.” The alert notice marks the regeneration of the beast, the starting period when the **serpent, banking class Dan**, nourishes the Dragon’s evolutionary maturity.

Nat’s imperialistic model

God reveals the keys and codes to those who have prequalified themselves specific to their calling.

Nat Turner, the Asherite, gave us the illustrative administration for the appointed Feast Days. He prototyped the energy sources that would push the development of capitalism and imperialism. He put into place the exaction prototype for oil and natural gas. After which, Turner illustrated the Feast Days. Under the Feast of Atonement, the Ten Tribes of Israel were assigned Oklahoma as their capital state, the necessary precondition to certify Jacob’s tithing-blessing. Tulsa became the oil capital of America.

There is no such thing as chance as regards biblical prophecy.

Texas, the slave state, would become the international gateway through which Judah would arise relational to the imperialistic dragon. On the same timeline, Turner and President Andrew Jackson’s actions or lack of activities cemented imperialism’s foundation when Texas came into the Union (the United States of America) as a slave state.

On a Feast Day in Tabernacle, Nat Turner was hung. After which, his head severed as the symbolic distinction of his ministry among the Ten Tribes in illustrative administration separate from Judah’s prophecy involving the dragon. The American tithing-blessing would continue through the Ten Tribes, but Judah would be the one to confront the Ishmaelite dragon.

Both capitalism and imperialism are naturally linked; however, when monopolistic capitalism had matured, imperialism emerged, as seen in Israel’s developmental growth in separation from Judah’s evolutionary pathway toward maturity.

Illustrative of Judah’s era of history, Turner’s body was deconstructed. First, deskinning as to construct industries. The symbolism of the black-skinned purse= the banking industries and the Pero-dollar. And parts of his body turned into grease, the lubricant that enables all the industries’ mechanisms to operate as one robust economy.

The Man-child arrives and asserts jurisdictional authority over the Red Dragon.

On September 23, 2017, the Man-child’s conceptual birth took place in Heaven, seen by millions. The congregational woman had twelve crowns above her head and the moon under her feet. Judah represents the moon. (*Going back to Isaac, the moon is associated with Judah*).

Revelation twelve sign has an earthly application.

The narrative. The Red Dragon of imperialism still awaits to devour the Commonwealth of Israel while in infancy. The Judahite greatly appreciates the Trust Fund Account that allows the Commonwealth to control and manage its growth.

For example, the International Monetary Funds (IMF) manages emerging markets in the interest of the banking clique of monopoly capitalism. On the other hand, the Red Dragon holds

the necessary resources attached to restrictive terms and conditions on foreign financing. Truly, the Man-child's economic plans are waiting to be killed by the Dragon because no man can serve two masters. The Executive Body of Israel cannot serve God by allowing the Dragon to claim the necessary resources needed for the Commonwealth of Israel.

Division Three

China's is one of God's best kept secrets.

There are some things that the LORD our God has kept secret; but he has revealed his Law, and we and our descendants are to obey it forever.
Moses

The Point of Singularity is the essential thrust of this presentation.

Ishmael vs. Jacob of whom use Father Abraham as the pivotal point.

Organically being of the same earthly father, Ishmael's 12 tribes and Jacob's 12 tribes are coded to govern one over the other. Of the two, the divine Father of Heaven selected Isaac as the child of promise. Galatians 4:28.

In all fields of scientific endeavor, the Theory of Singularity appears in many forms of debate. The debates are not idol. In the circle of the globalist managers, accepting or nonacceptance has and will continue to have profound implications on guidelines for what path humanity will follow to survive.

The intellectual debate is ongoing, but the Theory of Singularity is valid for the selected. Consider, thousands of years before modern man entertained the Theory of Singularity, the Elohim explained and illustrated the Theory of Singularity to Abraham.

- At the age of ninety-nine, the Elohim appeared before Abram and made the covenant with him to "multiply you exceedingly." Gen 17:21
- I will surely bless you, and I will multiply your descendants like the stars in the sky and the sand on the seashore. Your descendants will possess the gates of their enemies. Gen 22:17
- Remember Your servants Abraham, Isaac, and Israel, to whom You swore by Your very self when You declared, 'I will make your descendants as numerous as the stars in the sky, and I will give your descendants all this land that I have promised, and it shall be their inheritance forever.'" Exodus 32:13

Time Divisions Specify Land Inheritance.

When and Who can make a real estate claim?

Upon a close examination, divisional times within the Covenant allow Abraham's descendants to claim their real estate.

Consider the facts, before **Isaac's** birth, the God's real estate and wealth Covenant was made with Abraham while Ishmael lived. In fact, on the same day that the Covenant was made, Abraham's household was circumcised, including Ishmael.

Before this day of April 2022, Ishmael's claim rights within the Covenant never came up because the proper examination was never made between the divine child of promise and Ishmael having rights of non-bloodline. While it is true that Abraham visited Ishmael and his wife in the desert, it would also be accurate to say that his descendants could assert a partial claim to Mecca as the city of Ishmael.

Yet, Ishmaelites have claimed contingent estate and estate at sufferance. That said, Ishmaelites' rights per grace and mercy must give way to the Covenant made with Abraham, of which the clause clarifies that after four hundred years, the Israelites take full possession of all lands promised.

Operational tasking under divine promises vs. promises under grace & mercy on condition to support divine missions.

The theological meaning of **Isaac** being the child of the divine promise is seen when he was sacrificed, certifying the theological coming of the Redeemer. And within the definitional scope of Tabernacle, Jacob's divine blessing conditions the Feast Days and makes them operational doctrine for the Redeemer.

Jacob's vs. Esau is about preserving the operational bloodline that protected the purity of the lineage of the promised Redeemer. Indeed, the Redeemer arrived to give us the New Testament.

Transitioning Ishmael from the Middle East to China.

The key for unlocking the mystery between Israel and the Ishmaelites.

- And there was seen another sign in heaven: and behold a great red dragon, having seven heads, **and ten horns**: and on his head seven diadems. Revelation 12:3

Parallelism is the key. Look. The ten tribes of Israel, with Jacob's tithing blessing, conditioned the regrowth of Daniel's tree of global prosperity. Ten horns apply to ten sons or tribes of Ishmael. The banking class of Dan routed the ten top industries of America to China.

What about the seven heads? The Judahite holds that seven heads are an index reference. If using this approach, then the central conceptual thread is unbroken. Consider the city of Rome, the Empire's capital known as the seven hills because of the geography regardless of shape and size. Washington, D.C. uses the seven hills analogy of Rome to refer to the Hill. Seven mountains surround Jerusalem. Also, seven hills surround Mecca.

Scripturally, Jerusalem is occupied by the Gentiles who control the country of Israel. However, prophetically, The Judahite holds jurisdictional authority. Still, the seven heads have the mental constitutional design to be anti-Stone Kingdom.

The seven heads are symbolic codes to mean the Beast of Roman, regardless of standardized forms, and the system of Babylonian, including the Chaldeans. Consider when Yeshua asked the Father in Heaven to forgive them for they know not what they do. The Roman soldiers were

gambling over his garment—the precursor when the Romans would entertain themselves with sports by feeding Christians to beast for hundreds of years.

Overall, seven as a biblical number can express itself as an ordinal number, retaining its significance within multiple situations and locations.

Generally, the biblical seven heads concept applies to the Vatican, Washington, London, Beijing, Mecca, Jerusalem, and the New York Bankers.

The Assigned Judgments:

biblical tribal nations, including black Americans, not tribal members of Judah.

The ten tribes of Ishmael went on and constituted the country of China. The other three tribes are a mixture of Moab, Ammon, a percentage of Esau, and the Hamites.

The Arabs of today. Who are they? First, the peninsular of Arabia existed long before the current day inhabitants. Religious unity of the region accredits Muhammad's sword for the Quran's acceptance. Revelation's four horses of the apocalypse reveal Islam's inclination toward religious imperialism, still charging to conquer the infidels. As seen today, Arab Muslim immigrants enter European countries possessing the ideological traits of Moab, Ammon, Esau, and Ishmael. They now constitute a city within a city across Europe, yet the worse is yet to come as their population will aid in the formation of a two-nation-state. They expect to play a significant role in America's downfall in the interest of a new Arab caliphate.

There is no need to be concerned with the exact names of nations that will escape God's judgment. As the process of elimination moves forward, many inhabitants will be either liquidated or expelled from their countries. Or some will become servants of Israel.

- The LORD says to Israel, "The wealth of Egypt and Ethiopia will be yours, and the tall men of Seba will be your slaves; they will follow you in chains. They will bow down to you and confess, 'God is with you—he alone is God. Isa45:14

As can be seen, tribal members of Ham will be saved. The Muslims in Egypt will have their wealth taken, implies the inhabitants will be removed or a small percentage will remain to do service work.

A percentage of current Jews in Israel will die. A percentage will live assuming if they have currently repented of their sin against the Man-child, Judah.

- Look at those who belong to the synagogue of Satan, who claim to be Jews but are liars instead. I will make them come and bow down at your feet, and they will know that I love you. Revelation 3:9

Black Americans

The Festival of Lights celebration manifests the twelve tribal identities, drawing the line between those with tribal identities and the have-nots. From the primary source, the Mosaic Curses explain why the entire Congregation of Israel was forced to mix with Gentiles regardless of color. During the foundational stage of capitalism, skin color became a standardized policy in the differential distribution of society's wealth.

Tribal Judah has always sought to distance himself from black Gentiles. Besides the ungodly social character, the Israelites tried, though not substantial, to embrace the Old Testament's cultural practices after the Civil War.

Then came Islam or the Black Muslims. They gained and have held the respect of many American Blacks because of how they carry themselves in public and their business success. They are still viewed as a model of consideration.

A cursed people. The children of Israel fell to all the Curses listed by Moses. The Holy Bible became their source of inspiration. They compared themselves with the Israelites of Egypt, not knowing their ancestors were the Hebrew Israelites, just as Moses foretold total loss of consciousness. Yet, some of the progressive Tribes always searched for spiritual answers.

To assist in spiritual recovery, seek the Holy Spirit to guide you to re-establish your tribal affiliation. Always be aware there is a behavioral distinction that separates the Israelites from the black gentiles. Because of the political economy of racism, all Gentiles, regardless of skin color, have a monetary interest in perpetuating blackness in all areas of society, both the positives and negatives. **Beware**, some Israelites will fall for the programmed black character traits, regardless of reasons, then the Executive Body of Israel will reject them immediately, at the drop of a hat.

The Executive Body of Israel is fully aware of the workings of demonic behavior among black Gentile Americans. When skin color is used as a calling card, a red flag, those who seek unity on issues based on skin color have a hidden agenda. The Watch Word: seek safety in your tribal affiliation and prepare to depart to the lands of promise.

Division Four

The Man-child is predestined to overcome the Dragon.

The Man-child is predestined to overcome the Dragon by using his imperialistic weapons.

Biblical singularity organically includes the unity and struggle of two opposites, one with a divine mission and the other with a flesh-driven mission flowing around sin.

Yahawah has certified his divine purpose from heaven to specific persons from the beginning of biblical history. There is no exception to his proceduralized method of communication. Hence, the law of ONE.

- On the night of Abraham's birth, Yahawah wrote out Abraham's destiny in the heavens for his family to see. One galaxy star (Abraham) rushed to four other star galaxies in a quadrant of the universe, representing the Gentiles' social systems, and swallowed them. What? Today, with the aid of a deep space telescope, astronomies have seen a galaxy disintegrate another. Yes, beyond comprehension! Yet, beyond the next one thousand years, our star system will no longer exist!!
- Isaac's sacrifice stopped in the nick of time with the appearance of the lamb as his substitute.
- Consider the Star of Bethlehem and the Angels appearing to the Shepherd singing Glory to God the Highest.

- Consider, on May 12, 1828, Nat Turner received his directives from the voice of heaven, saying the serpent is loosened and “slay my enemies with their own weapons.”
- The 2017 solar eclipse across America was followed by the Revelation 12 sign, Man-child's birth. Today, very few people understand the implications, say about 1% of the world's population. In 2024, the solar eclipse comes again with a conclusion X.
- The Red Dragon appeared two years after the birth, ready to harm the Man-child. The Judahite and the dragon of imperialism now face each other as representatives of their respective systems wherein the armies of heaven fight for the Executive Body of Israel.

Division Five

Deconstructing Chinese Ishmaelites' system with their own weapons.

The Judahite respects the Archangel's Directive to Nat, who serves as the biblical administrator. The Man-child will use the Dragon's weapons, meaning industries, gold, and technologies, to deconstruct the system of imperialism through real-time fashioning the Commonwealth of Israel. Reaction and act, Act and then React in a set of seven times, the total times to complete the Red Dragon's demise of rearrangement.

China will be shredded into separate parts and absorbed into the Commonwealth of Israel.

In Closing

As already known, the Red Dragon of imperialism will never consent to render to the law of God.

- But if you are led by the spirit, you are not under the law. Galatians 5:18
- We realize that law is not enacted for the righteous, but for the lawless and rebellious, for the ungodly and sinful, for the unholy and profane, for killers of father or mother, for murderers. 1 Timothy 1:9
- For sin shall not be your master, because you are not under law, but under grace. Romans 6:14

The Stone Kingdom will force all Gentiles' kingdoms to collapse under the Divine Rule of Heaven.

Division Six

The Banking Trust Account for Israel & Judah Replaces the Abrahamic Covenant.

On March 30, 2022, The Judahite received notice of the Trust Account formation. Days later, The Judahite received a statement that the Trust Account being funded. “Reserved Strategically.” The Judahite doesn't know the amount in the Account. For sure, at least one trillion dollars **got to be in the account, as a starter**. As a funding schedule, funds can be deposited into the account each week or month. Or, as determined by the trustees.

Directly informed by Raphael: The Trust Account is “Reserved Strategically.”

- In the fourth generation your descendants will return here, for the sin of the Amorites has not yet reached its limit." Genesis 15:16

The use of the Trust Funds. **One.** The Judahite requested in the sequence of progression to make assets available immediately. **Two.** Make assets available as needed in the administration of governance.

“Reserved Strategically” reflects Two. Genesis 15:16. The Amorites’ iniquity includes the entire banking and financial industries. “The love of money is the root of all evil.” Therefore, The Judahite took the reservation statement to mean that a large portion of the Trust Account would be funded by the system of imperialism headed by Chinese Ishmaelites and managed by the serpent Dan. Otherwise, the resources will not be available to start the massive systems development.

Requesting **One** has been fully acknowledged with I NEED to link all the parts together. The direct feedback: things are in motion!!

Jacob’s Covenant Conditions the Feast of Tabernacle forever.

Upon returning to the lands of promise in peace, the Congregation has an obligation to the Righteous One to be of service and live a godly life forever.

Jeremiah, Daniel, and others have already given us guidance on when and how we will return to expand the Stone Kingdom.

New Covenant with Israel and a different Covenant with Judah.

The Elohim has established a New Covenant with Israel. A unique and different Covenant with Judah.

- As the host of heaven cannot be numbered, neither the sand of the sea measured: so, will I multiply the seed of David my servant, and the Levites that minister unto me. Jeremiah 33:22
