

First phase execution per Gilgal II July 19, 2022

A Short Chronicle:

July 10, 2022

- ☐ The sound of 2 cannon blast.
- ☐ At 2:34 am, the Congregation got dressed.
- ☐ The Congregation moved to the River Jordan, the conceptualized place for crossing over--the shift.

July 11, 2022

- ☐ The Congregation crossed the Jordan. As soon as the Priest's foot touched the Jordan, the water parted.
- ☐ 12 stones were placed in the Jordan for the twelve tribes.
- ☐ Encamped at Gilgal II July 11 thru the 18.

—

On July 12, the February soundwave25 frequency wave returns to its seat of origin in the following forms: energy conversion, the formula, amplitude, and equations. Honestly, the spirit of instruction presented an impressive, coherent presentation to The Judahite.

The twelve stones placed in the Jordan, the pre-introduction to the Book of Numbers. Indeed, the twelve stones represent nationhood, as July 12 previews the new nationhood of Israel because the Elohim certified the day. The Judahite always receives the actual days of their certification from the Elohim. If in the future, any time, the days are violated, consequences will follow.

Indeed, forty years formed a nation in the wilderness, yet the Congregation had the task of constructing a governing system for its twelve nations.

July 12

Planned priority

- The **Council of Seventy** looked over the entire administrative systems of the new nation, just like on Mt. Sinai. This time the 3-phased wrath of God will either restrict or eliminate the use of a) the internet; b) electricity; c) all forms of telecommunications.
- Shredding the social system of imperialism. The best components of imperialism will be integrated into the Commonwealth of Israel.

July 13

July 13 confirms July 14.

As an interactive paradox, July 14 comes before July 13. And July 16 before July 13.

At Gilgal II, the Congregation washed its hands and cleaned its mouth with the sanctified word of God's promises of milk and honey blessings. Both hearts of men and women are circumcised.

1. President Biden arrives in Israel under the prophetic jurisdiction of The Judahite. He would spend four days in the Middle East as his prophetic assignment to signal the Executive Body of Israel's coming.
2. A colorful day or orange.

The Judahite saw so many people wearing orange. One person wore orange with patches of blue.

3. On July 12, The Judahite removed a twelve-inch pizza from the freezer to thaw for July 13, a ceremonial day. A pattern for two specific prophetic days.
4. On July 13, The Judahite baked the pizza around 9 am. Maybe an hour or so, The Judahite cut the pizza into eight slices, domination of July 18.

5. The Judahite bit into one of the slices and hit a big olive pit with his teeth. Truly, a big olive seed caused no pain or damage to any tooth. Supernaturally placed, the olive pit illustrates the jurisdictional prophecy **a).** Judah or Zion is the center of the twelve tribes. **b).** the Congregation camped at Gilgal II. **c).** A prophetic jurisdictional agent of The Judahite, Biden visited the region like a comet to signal that the mighty armies of heaven are on the way. **d.)** At the Gulf State Conference, Egypt and all countries east of the Nile constitute the Lands of Promise. Many American tribes will transfer to Egypt. **e.)** The Judahite received a visual illustration of anti-gravity speeds beyond his understanding. Even so, the point is that the armies of heaven will execute the 3-phased judgments of wrath within a matter of seconds.

July 18

- The Gilgal II camp broke up at midnight on July 18. Gilgal II's banner reads: **sanctified goodness** and ***five-gallon bucket to plant all the LORD's oaths*** made to Jeremiah upon Judah and Israel's return to the Lands of Promise. Also, the pledges were supernaturally demonstrated by the bucket filled with water in the presence of The Judahite. Each tribal nation carried the banner. Additionally, *each person took a cup of water given by The Judahite. After drinking, all are refreshed and committed to claiming their inheritance and displaying their sanctified goodness in the white cleaning pan.*

July 19

July 19, 2022, phase-one action starts.
