

## The Stone Kingdom's Prophetic Year 2022

The emerging Stone Kingdom is assigned to be perpetual. The rulership will never pass hands from one people to another, for Yeshua's theocracy will continue to evolve upward, representing the Tree of Life.

### The first seven days of January 2022

January's first seven days, architecturally, programmed the design for the entire year. All elemental representations were certified during the seven days by the Elohim. As such, the recorded daily events will unfold in the coming year according to Yeshua's theocratic paradigm.

January 8, 2022, comes as an occasional date recommended by King Nebuchadnezzar once he saw the predestined hand of the Most-High God. At the end of this presentation, the two requirements are listed.

This presentation, though brief, relies on scriptural affirmations.

### Historical reference to the Stone Kingdom

*Dan 2:33* "Thou sawest till that a stone was cut out without hands, which smote the image upon his feet that were of iron and clay, and brake them to pieces.

2:34 You watched while a stone was cut out without hands, which struck the image on its feet of iron and clay and broke them in pieces.

2:35 Then was the iron, the clay, the brass, the silver, and the gold, broken in pieces together, and became like the chaff of the **summer** threshing-floors; and the wind carried them away, that no **place was found for them**: But the stone that struck the statue became a large mountain which filled the whole world.

Dan 2:44 And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and **the kingdom shall not be left to other people**, but it shall break in pieces **and consume all these kingdoms**, and it shall stand forever.

### Asher's Role in the Fourth Kingdom

- "About Asher he said: "May Asher be blessed, along with his descendants, may his brothers be pleased with him (**operational guidance for the Church Age's combined with the Great Commission**), may he dip his feet in oil (**oil industry—the U.S. Petro-Dollar**).” Deut. 33:24
- Bishop Eusebius and his role in fashioning the Church Age through the Byzantine Empire.
- King James I of England. He comes as a milestone of history. He held the monarchical title as King James VI of Scotland while King of Britain, and he is well

known for his King James Version (KJV) of the Bible. Widely spread throughout the world and is the most-read version in the world. American's prophetic future was assured when he became King James the I and when Pocahontas arrived in Britain on a trade mission.

- Nat Turner. Illustrated America's life cycle and its final phase imperialism belong to the Gentile's Fourth kingdom.

The three appointees, the Asherites, were selected as the biblical illustrators to reflect Daniel's Man-image that depicts the Gentiles' social systems. Because history has labeled him as foolish, purposefully designed by the Holy Spirit, Nat's quote reveals his essential mission to flag Judah's historical stage of imperialism. He will encircle the Dragon with heat flames of fusion hotness, causing imperialism's collapse.

"May 1828, I heard a loud noise in the heavens, and the Spirit instantly appeared to me and said the Serpent was loosened, and I should take it on and fight against the Serpent, for the time was fast approaching when the first should be last and the last should be first."—Nat Turner

Nat Turner prototyped gun powder, paper, natural gas, and oil, imperative tools for evolving imperialism into the final phase of capitalism.

"...may he dip his feet in oil."

The Petro-dollar is the world's reserve currency. Both the Asherite, Turner, and tribal Asher played a significant role in fulfilling Jacob-tithing-blessing to the world, spreading the Bible to all corners of the world accompanied by offering economic opportunities. Yes, the bad comes with the good, and some agents got more than others.

Energy drives the global economy, which is the determinant placed on all countries' economic growth. As foretold in Daniel's dream interpretation, Nebuchadnezzar's tree of prosperity would again regrow and cover the world. Indeed, regrowth occurred in the nation's

capital city of oil, Oklahoma, the home state of the Ten Tribes of Israel. Still, Texas would become the global gateway for the American Empire of Energy.

Judah directly correlates with Judah. During the Arab slave trade, Judah worked the entire Middle East for over a thousand years, and Texas came into the union as a slave state. President Jackson orchestrated Texas' entry through the Texas Revolution. Thus, the cornerstone of imperialism. As foretold by Daniel, iron and clay will not mix during the fourth Gentiles' social system.

The USA's Petro-dollar, the USA's Armed Forces, and the USA's legal system are the elemental illustrations of Nat's prototypes, expressing triple arms of imperialism. Having spiritual insight about his mission, Nat saw forces of white and black angels in spiritual warfare, an archetype characterization, during the life cycle of imperialism.

During Nat's life, Jesuit Dan had an established presence as one of the signatories on the U.S. Constitution and continued to evolve the revolutionary government through legislative policies. As planned, Jesuit Dan cemented his role in the United States of American, Corporation under a different Constitution. Now call the Act of 1871.

Operating from their base in Europe, banking class Dan had a firm hold on global banking through financing international trade that triggered the American Civil War. Both tribal members worked for mutual benefits: one controlled governmental policies, and the other controlled investment capital. Under the New Constitution, both tribal members of Dan interfaced with China, thus giving birth to the Dragon. Daniel and Revelation speak of the corporate relations that the Dragon will form with countless counties and corporate entities.

The Dragon grew and grew and became very big because Dan opened the door for the Chinese to come into the USA and copied everything they could find and returned to China for reproduction. Without long investment years into product research and development, China was able to gain critical mass in a relatively short period.

Biblically, Dan is the snake or serpent, and China is the dragon or the serpent-dragon. The snake presented the Dragon with the true definitional meaning of imperialism—all worked out. Next, the Dragon received all the necessary mathematical tools to emerge into its definitional role, covering the globe.

Honestly, the banking class of Dan pushed many corporations to invest in China out of self-interest. Today, China, as a manufacturing giant, produces just about everything. The Chinese desire to manufacture everything on earth due to their worldview. For sure, the Chinese people want a better way of life, but consider the effects of cheap and low-quality goods; because of defects with a short duration of usefulness, they end up in the ocean and landfills. The craziness feeds upon itself through the balance sheet of profit and loss and the expected return on investment. As an illustrative depiction, the Dragon trying to outfly its tail.

On balance, all industrialized countries contribute to environmental pollution. What a disgrace! In general, killing the environment to make a profit is illogical.

## Conclusions

Daniel presented the ratio 1:20 by working out the principles through the Babylonian Banking system; as such, the staggering wealth of the Persian Empire attests to his proportion. Banking as now practice will soon end.

Still, today, there are the mavericks who seek to work around Daniel's financial ratio 1:20 in a fruitless attempt to reform the banking and financial industries. Cryptocurrency is the latest trend, which is nothing more than a subset of stealing. Gambling presupposes winners and losers. As long as the Gentiles' social systems exist, their essential core will always compose stealing, killing, and deprivation.

### Jacob's Tithing-promise to the world realized.

There is nothing more to give. The Fourth Gentile's imperialistic system has effectively ended, Jacob's tithing-promise fulfilled. Furthermore, the serpent-dragon, by definition, is a corporate entity. However, if a state owns a more significant percentage of corporations or state-owned, the character description becomes imperialistic fascism as seen in China's international behavior.

Although Judah has yet to return to the Promised Land, departure is pending because 2019 concluded the 400-year jurisdictional restrictions on Judah. To emphasize the exile's duration, Jacob called his sons and told them what would befall them **in the last days**. The latter days refer to the Gentile's fourth kingdom that contains the Feast Days fulfillment, the Year of Jubilee, the Man-childbirth, the flood water within The Judahite's apt/unit, and the Man-child's maturity exit.

- **In the days of those kings**, the God of heaven will set up a kingdom that will never be destroyed, nor will it be left to another people. It will shatter all these kingdoms and bring them to an end but will itself stand forever. Daniel 2: 44.

## THE PARALLEL

### Between

#### The Amorites' maturity and decline, and the Man-child's maturity and rising

Jacob's Bethel Oath clearly states: God will truly be his God upon returning to his father's land in peace and with wealth.

The interpretation: he and his descendants will serve the Gentiles for over six thousand years until the Amorites' date of iniquity matures, meaning the time when international corporations globally interlock to determine economic growth and investments of any country. Indeed, about fifteen hundred corporations have interlocking directors that determine priorities for global economics.

The interpretation presupposes Jacob's tithing-blessing depletion. Truly, the deficit forces the organic theologies of each of the twelve tribes to modify the applicability toward self-serving.

**The following outline gives quick notification of coming changes.**

- I. Now, as the Stone Kingdom emerges, the world will transition to a non-petroleum-based economy. Fusion technology will become a reality. Dethroning oil-based technologies is one of the Executive Body of Israel's energy policy.
- II. Existing governmental forms as seen today worldwide will disappear forever, and so will political economy.
- III. Yeshua has expressed the desire to establish an economic order without financial turmoil. Privately-owned companies will no longer exist. The economic madness will end, and so will wage slavery.
- IV. The internet, as seen in its current form, will disappear. **Do expect lots of good** things to come.

**On Saturday, January 8, 2022, the Seven-day records were Summarized.**

Saturday afternoon brought some thundering, lightning, and mild showers. Electricity in The Judahite's unit went out. When time permits, The Judahite takes time to analyze the circumstances for supernatural occurrences. In this case, The Judahite directly associates the lightning with the blackouts.

As a review, 1) many rainstorms have come through the area without affecting electricity over the years. 2) Many lightning and thundering have passed through the area without affecting electricity. 3) lightning, thundering, and rain have passed through the area without affecting electricity. 4) transforms have exploded in the area without any weather conditions. 5) transformers have exploded in the area with mild weather conditions.

On Saturday, The Judahite saw blinking lights twice but saw neither lightning nor thundering. Later in the day, the electricity in The Judahite's apartment went out twice, everything shut down. Given the history of transformer explosions, total blackout in the unit never occurred. Later in the day, the weather system brought lightning and thunder.

**Notice: lightning doesn't affect electricity blackouts, but blackouts are associated with lightning for announcing proclamations.**

The two blackouts have a direct association with the *four-division outlined above*. The host of heaven affirms the scheduled policies changes. On the other hand, heaven-sent lightning all day proclaimed Jeremiah's seventy-year prophecy about to be completed, excellent news to The Judahite and Judah.

**[See the upcoming presentation on the Eighth Day Summation.]**

Looking ahead, expect total blackouts, emergency generators not working, and inoperable electronic communications.

### **Please comprehend the following:**

“For the nation or kingdom that will not serve you will perish; it will be utterly destroyed.” Isaiah 60:12.

#### **Action Plan**

The electronic infrastructure will be modified either by removing components or destroying and building from the ground up with specific focus platforms. Software designers will no longer be adding all the bells and whistles functionality for contingencies, saving over 100 billion dollars per year.

Redesigning the entire electronic infrastructure from the ground up will require time, though the workflow will progress systematically. Do expect no electricity and telecommunications for long periods. Certain areas and regions will be prioritized, as determined by the Israelites' areas of concentration.

Expect the new system to provide diverse communities to tailor one's interest without concerns of criminals being around and people with bad intentions acting on them. Plus, the new system will satisfy all areas of educational learning. Time will be available to build a new system that performs without little to no maintenance.

All should be **mindful, a third to two-thirds of earth's people will be removed under biblical statutory codes.**

### Conforming to the Commonwealth of Israel's Operational Plan

- A. The Executive Body of Israel will issue a standard conversion format that eliminates all private ownership of companies.
- B. Twelve regions will divide the world. The Executive Body of Israel will call regional conferences on all critical industries to establish priorities and reorganize with expected outcomes of consolidation and discarding sub-industries for different reasons.

### Yeshua Assigns Environmental Locations to Mark Milestones.

**Wilderness.** The biblical wilderness days refer to the Israelites wandering for forty years in the desert due to their lack of faith. Biblically, all students of the Bible know the meaning of wilderness; therefore, there is no need to repeat wilderness's meaning. Now therefore consider:

- A. After forty years in the wilderness, the Israelites emerged as a unified nation having its cord orientation around the LAW of Moses.
- B. Place selection is always important for certifying milestones of history. Geographically, the LORD imprinted his name for the city of Jerusalem location.
- C. Likewise, Mt. Zion's place selection is vital, distinguishing the Northern Kingdom from the Southern Kingdom of Judah. So, when Mt. Zion is referenced, one thinks of the Southern Kingdom, or Judea holding to faith in God by following the LAW.
- D. The LORD selected The Judahite's Closet, among other places, to mark historic milestones. Why the Closet selection? The Judahite's analysis has evolved over the years with milestone events and concluded the brilliancy of choice. Ignorance and the Mosaic Curses placed Judah in mental darkness for thousands of years.
- E. The Closet as defined by online Dictionary.Com:
  - "a small room, enclosed recess, or cabinet for storing clothing, food, utensils, etc.
  - a small private room, especially one used for prayer, meditation, etc.
  - a state or condition of secrecy or carefully guarded privacy."

Principally the Closet serves as the depository of divine milestones. Look, the door opened in sync with Revelation 12 sign became the nursery for the Man-child; the year of Jubilee where milk flowed; the flood water came from above floors to harm the Man-child, and the maturity of the Man-child forced his exiting. Finally, a feather-like floated through the air and landed on the floor during the first seven days of January 2022. Such came as a notification of the falling rock, Stone Kingdom, to crush the feet of all Gentiles' kingdoms.

## Oblation and Fragrances

- Then the king Nebuchadnezzar fell upon his face, and worshipped Daniel, and commanded that they should offer an oblation and sweet fragrances unto him. Daniel 2:46
