

Informational

January 21, 2024

On January 21, 2024, parishioners of a Catholic church in France reported a supernatural occurrence. The only reason that The Judahite is commenting on the supernatural event is that the mystery of the crucifix was given to him by the Second Heaven Court in early 2023. Otherwise, no comment would be made.

Being systematic, The Judahite will draw the line about the crucifix's mystery by not disclosing anything at this time but later. Next, The Judahite will relate what the parishioners reported. For a full report, see the video under the following capture.

"Last Sunday France, Jesus Unnailed From The Cross. Bloody Footprint
Appeared On The Church's Floor"

Worship Messages (the website)

In brief, the parishioners reported:

- A. The nailed statue of Jesus became unnailed from the crucifix.
- B. Blood appeared on the crucifix, and bloody footprints appeared on the Church's floor.
- C. A parishioner heard Jesus' warning.
 - 1. As February ends, an explosion will be heard in the heavens.
 - 2. It will be a global event where the seas will overrun cities.
 - 3. Two nations are already poised for war
 - 4. The international event will trigger WWII.

In short, The Judahite can **vouch** for the unnailed crucifix and the footprints of Jesus. As far as the warning, The Judahite has no comments. However, the warned events are already known to occur or are pending per prophecy, thus only a question of timing.

As far as the triggering event occurring sometime after February, it could be possible. Still, The Judahite will makes no comment on timing.

A comment on the Mystery Crucifix

Given the mystery of the crucifix, The Judahite sees powerful events that will overtake many, making man as helpless as a baby that could come at any time in phases. Again, as discussed in previous presentations, bloody judgments are coming. Additionally, many will be made as dung. Indeed, just as Isaiah walled three years without clothes to dramatize the coming event, the dung warning will fall on those who think their wickedness is funny.

With discernment, anyone can see events or predictions unfolding each week.
