

## January 21 & 22, 2022 come as another milepost For Looking homeward bound

13 January 2022 came as a date to outline January 17 & 21 as mileposts dates. Recalling, on 13 January 22, the hosts of heaven combined the signs in the sky with writing on The Judahite's wall, holding eight adjudicated judgments per the first seven days of January plus one day. The summary day equals the eighth ( $7 + 1 = 8$ ). As a sign, the Holy Spirit selected an eight-legged spider to remain on the wall until 21 January 2022, signaling the execution of phased-judgments. There are many different judgments; therefore, understand the context and statutory codes to avoid misunderstanding.

On 21 January 22, the spider fell from the wall dead, foretold on 13 January to watch as a sign. The faithfulness of the Elohim must be given honor for his trustworthiness.

The Consent Decree establishes its qualifying date. By our actions, we too give credence to the Consent Decree, which compels us to search out possibilities within the Commonwealth of Israel by letting go of the old. For example, many blacks still react to racialism. Any gesture that might be construed as racism goes full-blown. The typical reaction to racism is reciprocal mutually beneficial to each side, both whites and blacks. Honestly, this is true!! Citing a classical cast study. Jesse Helms, U.S. Senator from North Carolina, fashioned his entire political career around anti-Communism. After the Soviet Union executed its interdependent breakdown, Jesse Helms stood like a naked man, nothing more to react to without being seen as a relic—time had done him in. He no longer had a political identity.

Similarly, the 144k and the movement of Firstfruits have a dedicated commitment to the New Israel, knowing that the current system of the Chaldeans will soon fade away. The Congregation will accelerate its separation from the old system, now that tribal identities have been restored during the Festival of Lights.

In contrast, those Gentile blacks, BLM, got no future without whites. In keeping both identities alive, whites feed non-tribal Israelites with racial tidbits, prompting a confirmatory reaction to their black minds. On the other hand, the real Israelites give little to no attention to the programmed racism, i.e., the first black to do this or that.

Likewise, sexism. Without any questions, sexism must be fought against continuously, wherever it appears. However, like racism, women have an interest in perpetuating sexism. As a question of priority, Congregational women are putting their natural energy into relocation and building the Commonwealth of Israel.

Overall, today's timing demands letting go of capitalists' ideologies of racism, sexism, and economic exploitation. Yes, 21 January contained the news of responsibility for each to bring the freshness of possibilities to advance the Commonwealth.

On January 21, The Judahite held a worship prayer service with a menu. The menu covers January 22. The prayer service ended around 11:30 pm on the 21<sup>st</sup>, having the **Theme: Yeshua's Faithfulness is Trustworthy.**

## January 22, 2022

While in Bed, The Judahite saw a raven flying from the North, slightly to the West, in the direction of the South, somewhat to the East. Knowing with anticipation, The Judahite would receive an announcement.

Shortly after that, The Judahite saw scattered thin clouds that appeared to be a washed-out pinkish-red color.

The scattered clouds appeared and disappeared within seconds. Then appeared an enormous cloud, which followed a cycle of shrinking and enlarging in size. With each enlargement, the color became dark pinkish-red. The phenomenon was localized in one area of the sky North by 7 degrees.

What came to mind was the exodus of Egypt. The Israelites followed the clouds by day and by night pillars of fire. After fifteen minutes or so, the clouds turned white.

Throughout the day, The Judahite saw death. Yet, on the other hand, The Judahite saw many promising signs currently associated in part or whole to him, including flaky black substance flowing from above his head onto the floor—a soft landing. Per the Abrahamic Covenant, it is now time to make the wealth transfer to the Commonwealth.

## 23 January 2022

The frequency of communication coming to The Judahite confirms pending wrath of God, though segmentized. We all can expect days of darkness for those who have received judgment notices.
