

July's Observance Outline & September 2023 Dates

July gives us an earth-shattering observance outline

Multi-level processes are in motion, simultaneously accounting for transitioning building blocks for sustaining energy stepping upward in the Commonwealth of Israel's formation while at the same time deconstructing the old social order.

The Magistrate's dates should be considered taglines and milestone events in the going and coming toward our short and long-range objectives.

July

July is known to have hosted prophetic events' materialization to the likeness of a 7.3 Earthquake. The month of July gives up an outline to follow each year to observe the occurrences.

- i. The Feast of Trumpet.
- ii. The chain-breaking and anti-gravity position allowed tribal Judah to move without jurisdictional restriction. Never again will tribal Judah come under the Gentiles' laws to be dominated
- iii. Tribal Naphtali announced the coming liberation of the Ten Tribes of Israel and the combined Juneteenth with the 13th Amendment to the U.S. Constitution. Lady Naphtali's manner of death continued the divine archetype of how Soundwave25 manifested. Soundwave25 is represented by Yeshua's Mission Statement for completing the **last phase** of his Mission: to give spiritual sight to the blind, to heal the brokenhearted between Judah and Israel, to give the breath of life to the dead (learning one's tribal identification), and to release the 3-phased captives of tribal Judah.
- iv. The New Jubilee 49-year cycle started when The Judahite's purchased milk supernaturally was released around the city without any depletion. Thus, the symbolic milk and honey are incorporated into the New Covenant.
- v. For thousands of years, the Congregation lost understanding of the meaning of Jubilee and the Feast Days per the Mosaic Curses. Still, in direct proportion as the Congregation understands and observes the required days, so come material rewards. If one doesn't correctly petition for material rewards according to the Appointed Days, one has fewer chances to receive them.

July 6 & 7 Their significance

Standing by the window on the 6th around 5:15 pm, The Judahite looked up and saw a blackish cell cloud forming and, within seconds, one loud sound of thunder, followed immediately by the explosion sound of a transformer. The air conditioner (A/C) shut down, losing electrical power. On the 7th, say around 10:23 am, power was restored.

Another factor to place in the mix, according to meteorologists, the past five days have been the hottest days since recording Earth's temperature.

The two days' significance is that God is marking his time for the Executive Body of Israel in Exile to start reorganizing the transitional procedures under **his intense** heat in different forms of expression. Consider

- a) The transitional processes,
- b) Prioritize statutory laws,
- c) Accounting for tribal functionality,
- d) Re-alignment of family relations,
- e) Categorize monetary assets distribution methods to conform to recasting Jacob's tithing-blessing in direct favor of the Commonwealth of Israel.

In one WORD,

Re-organizing.

The Reasoning

Elohim has deemed the overall process sufficiently mature for re-organizing the Congregation to support the Executive Body of Israel in Exile and the soon-to-be- elected 72 members Sanhedrin, consisting of representatives from each tribe.
