

# Juneteenth Internationalized

## For Judah, Juneteenth Comes as a Momentous Time as Foretold by the LORD.

In contrast to Texas' annual celebration, the congressional National Day of Celebration focuses on the constructive transformation of the biblical curses; as such, there are defined programmed parameters that the Executive Body of Israel in Exile will use as an

### **Annual format.**

- a) Groups will: teach and tutor young people to read. Additionally, the volunteer group will guide people in researching topics of their interest.
- b) Seminars on court cases filed by prisoner Judeans per se within North America. International cases of prisoner Judeans filed by professional lawyers outside of North America.
- c) Seminars on what laws under capitalism and imperialism must be discarded, never to be used in the Commonwealth of Israel.
- d) Seminars on proper social behavior to attract the best suitor for a wife.
- e) Seminars on forming contracts.

The five categories were fundamental to the ex-enslaved people. They still maintain their usefulness.

a). Indeed, they wanted to read the Bible for themselves. Innately, they looked toward the day when a Moses would deliver them. For hundreds of years, they look forward to the day of crossing the River Jordan and going into the Promised Land. Often, history minimizes the genetic impact of corporal punishment if an enslaved person was caught teaching or reading the Bible or any other printed pages. Over centuries, the desire for reading still burns but was less of a priority after 1877. Further, the Southern aristocracy reinforced the need not to read, serving their interest. Consider the mileposts toward international Juneteenth.

1. Black Reconstruction's legacy is public education for all. Still, the ex-enslaved people regarded paying to support their education as privileged. Every penny went toward building their schools.
2. Black Reconstruction officially ended upon the Compromise of 1877, when the Union Troops withdrew from the South, thus castigating the 13th Amendment. The reason is simple to understand. The South desperately needed reconstruction capital, but first, it had to repay loans before and during the Civil War. Nevertheless, out of necessity, the South reorganized around the oppression of black labor by taking the inventiveness of black labor through the Black Code Laws.

3. The Black Code Laws worked. The South finally gave birth to a white business class. Social and economic conditions were so bad, compelling Booker T. Washington to make the Atlanta Compromise.
4. When the South figured it was on the rise again to monopolize economic resources, the LORD told George Washington Carver to look westward to Texas and see the cotton economy collapsing. God gave him three years before the domino effect would fall on Alabama onward to Georgia.
5. George W. Carver introduced cash crops, allowing the South to form a new economy.
6. Denying blacks public funding for education, it turned out that black education saved everyone in the South. Tuskegee's gift to the South.

Closing points: The tribes of Israel must go beyond the social limitations imposed by society. Advanced thinkers in the field of education have known that education is a function of industries. In many places across the country, the schools serve as warehouses because there is no need for an educated workforce; thus, public funding cuts. The schools are increasingly like prisons, a precondition for adjusting young people to their socially restrained future imposed by governmental policies.

Tribal members of Judah are committed to commemorating International Juneteenth globally and will be part of any gathering regardless of location.

Court cases filed by prisoner Judeans per se. For those Judean prisoners, we want to acknowledge their strong desire for justice by studying the law and applying the law to their specific case. Indeed, it is generally recognized that our legal system is corrupt.

Contract law. The Judeans wanted enforcement of labor and contract law after the Civil War. The Judeans always knew that the violation or breach of contract was a criminal matter. When contracts are formed in fraud, a chain reaction occurs financially impacting many people. Like all the others seminar, this one is in the context of the Commonwealth of Israel.

Seminars on proper social behavior to attract the best suitor. The Judeans always wanted a family, a stable family life, and their community church building. The two elements went together. Today, as in yesteryears, the governmental designed policy is to cause the disintegration of family life among the Congregation. In Alabama, family life became stable, and from this social unit of the family, solid strong, social institutions arose that advanced the overall social life of the black community.

The Judahite has consistently urged tribal members not to quickly embrace the notion that all blacks are well-meaning. They are not. Who are these blacks? Again, one must go to the Holy Spirit for discernment. Still, many don't share the same values and world outlook as Judah because either they are of the Gentiles; or wicked. Indeed, it is common for both congregational members and non-congregational members to come out of the same family.

Fathers who happen to have children with LGTB+Q association and who were around in the late fifties with their fathers and mothers find it hard to accept the reality when considering many people paid for blacks' social progress and belief in God to see their children falling down worshipping idols.

While hard to accept, it is clear to the family that Satan has been outed, and the family must move toward. Not so long ago, a black woman was holding her three weeks old baby, an estimate, saying **gay**. On the social media platforms, nothing is surprising. Hence, the reason to know one's tribal membership is to be in spiritual fellowship with one's partner.

f) Seminars on what laws under capitalism and imperialism must be discarded, unfit for use in the Commonwealth of Israel.

For clarification, the economic laws of capitalism and imperialism are not the subjects but rather labor relations within scientific socialism. There are models to look at. For example, the history books contain many pages with pictures of enslaved Judah working in agriculture. But, next to nothing about enslaved Judah working on roads, in construction, and factories. Slave numbering over two hundred to one master is considered a small self-sustained village or town. Indeed, they made equipment, bricks, etc., to run the corporate town plantation.

Thus, there are many models to use in labor relations to the instrument of production without being chained to wage slavery.

### Summary Point.

There are an estimated 1.3 million registered lawyers in America. A nation of liars! Blacks make up 5%. We live in a litigious society. No wonder so many lawsuits.

In violation of the Ten Commandments, there are volumes of legal books. The Gentile's legal system must go. The Commonwealth of Israel has nothing in common with liars.

## **For Judah, Juneteenth Comes as a Momentous Time as Foretold by the LORD.**

- "The LORD will scatter you among all the nations, from one end of the earth to the other, and there you will serve gods made of wood and stone, gods that neither you nor your ancestors have ever worshiped before. Deuteronomy 28:64

To distinguish it from the local observant, congressional Juneteenth hereafter will be called International Juneteenth with its own programmed format.

International Juneteenth incorporates December 18, 1865, as the official ratification of the 13<sup>th</sup> Amendment to the U.S. Constitution, ending slavery held in other states as of December 18, 1865.

International Juneteenth was signed into law in June of 2021. Judah built the U.S. Capitol building in which ratified the 13<sup>th</sup> Amendment and the International Juneteenth Act.

Projecting the future, the moon stood still for three hours on the night of Joe Biden's election win. Now consider:

- "It shall be for a sign (**the U.S. Capitol**), and for a testimony to the Lord of hosts in the land of Egypt (**America**). For they shall cry to the Lord because of the oppressor, and he shall send them a Savior and a defender to deliver them." Isaiah 19:20

Human evolution is on the 6<sup>th</sup> floor as of the year AD 2023.  
Look up and see how many more evolutionary years are before us.
