The Man-child arrived in 2017 with the mission To Rule with an Iron Rod

Over the past years, The Judahite discussed an array of events: first, the six days events before the delivery, the celestial birth on September 23, 2017, the infant transferred to the earth, the years of quantitative evolutionary changes toward prophecy fulfillment, the distinctive qualitative leaps (July 7, 2019, ended Judah's 400 years jurisdictional restrictions), and the date of maturity when the Man-child exited his nursery.

The Judahite has discussed the quantitative and qualitative changes in different presentations over the years. Therefore, this presentation focuses on accentuating the Iron Rod's validation.

And she gave birth to a Son, a male, who is going to rule all the nations with a rod of iron; and her Child was caught up to God and to His throne. Revelation 12:5

One.

"Before she was in labor, she gave birth;
before she was in pain, she delivered a boy.
Isaiah 66:7

Two.

He will rule them with an iron scepter and
shatter them like pottery--just as I have received
authority from My Father. Revelation 2:27

Three.

You will break them with an iron scepter;
You will shatter them like pottery."
Psalm 2:9

Four.

I know a man in Christ who fourteen years ago was
caught up to the third heaven. Whether it was in the body
or out of it I do not know, but God knows. 2 Corinthians 12:2

Five.

How long wilt thou go about, O thou backsliding daughter?
for the LORD hath created a new thing in the earth,
A woman shall compass a man. Jeremiah 31:22

Dragon vs. the Man-child's Divine Right to Rule

“...and you are to proclaim to them that this is what the LORD of Hosts says:

I will shatter this nation and this city, like one shatters a potter's jar that can never again be repaired. They will bury the dead in Topheth until there is no more room to bury them.” Jeremiah 19:11

China is the Red Dragon spoken of in Revelation, but China is only one country among many to come under the iron rule of the Man-child or the Executive Body of Israel. Once the Chinese are seen as the Ishmaelites, Abraham's first son, biblical prophecy readily falls into place.

China's presence in global economics is linked to President Andrew Jackson and Nat Turner. First, Andrew Jackson was a Freemason and the father of American imperialism. Jackson engineered Taxes into the Union with an enslaved Judah.

When Texas came into the Union, it came in by Jackson's imperialistic model that remains in use until monopolistic capitalism transformed itself into its predestined stage of imperialism, whereas China took over.

Under Jacob's pledge, his tithing-blessing to America fertilized regrowing Nebuchadnezzar's global tree of prosperity. Classes within tribal Dan, i.e., banking, religious, and political governance, created global capitalism, using enslaved Judah as the resources for capital accumulation. Or in other words, the enslaved Judah capitalized the accumulation of capital, giving birth to capitalism through the Triangular Trade.

Dan, the planetary manager, knew monopolistic capitalism had served its usefulness for having developed the global infrastructure of commerce. Still, it held back social development, the bottom line yet simple, yet complex.

Dan, the snake, enabled the USA and China to sign a trade agreement in November 1999, as pathway for China's accession to the World Trade Organization (WTO) in December 2001.

The snake had some control over the Dragon to a limited degree. Having gained membership, China broke the WTO's trade rules out of self-interest. Dan, the snake, promoted the deception that China was on track to overtake the USA. There are countless notions about China's future, with each being self-serving.

Here is the thing, global imperialism belongs to China because of its command of financed capitalism. As such, China has no desire to overtake the USA because if such a situation came into existence, currency differentials necessary for financed capitalism would no longer benefit China, and its mountain of debt would suffocate China's economy.

China's style of imperialism is locked into its destiny track, just like monopolistic capitalism had a fixed life cycle. After the fall of imperialism, the Man-child brings into existence the stone kingdom. Daniel's 2:20 ratio still holds, imprisons all social systems as depicted by Daniel's Man Statue Image of the Four Social Systems on the earth.

Pictographically, Raphael presented the following images to The Judahite. They assist in understanding Job 41:15-25.

For the first time the revelation comes about Dan's financial/banking system depicted in the fable and allegory of Behemoth. And the imperialistic dragon depicted as Leviathan, the fable and allegory of China.

No one has been able to translate the fable and allegories before now. Based on the allegories, the Man-child's declaration has been clear for thousands of years.

Chinese Ishmaelites

Regardless of the commentaries supporting China's current policies in all spheres of social endeavors, biblical prophecy put Chinese Ishmaelites on the same timeline as the Man-child. Therefore, there are no angular escapes from God's prescriptions.

God is Righteous. He allowed humanity to develop in all the sciences to reach space to learn what came before human society by looking at Mars, a once advanced civilization but no more. Suppose a reasonable degree of spiritual intelligence exists among the righteous. Then, in that case, the logic is straightforward with application to the planet—man's life on the earth can quickly go the route of Mars. The rainbow in the sky promises earth's destruction will come by FIRE next time.

Putting the world's problems on China would be a misfocus. Therefore, the Bible delineates in parceling out judgments on nations. When looking at Leviathan, we have a description of a social system named imperialism. Daniel describes imperialism in his Man Image Statute of the Gentiles' four social systems on the earth.

God gave Job an unchanging description of imperialism and an operational portrayal of the two monsters, Leviathan and Behemoth, in their beastly nature. In time, countless kingdoms and governments arose within each social systems. For example, the United States of America is not a social system. It is a sovereign state within the social system of capitalism. Likewise, China is a sovereign state within the social system of imperialism.

The fables of the two social systems transcend time, though always fresh to remind us of the beastly nature of man's social systems akin to Leviathan and Behemoth.

From the first primitive social systems to all the rest, their cores still exist and attach to each successive social system. Yes, the core precepts remain and serve the interest of the new order.

The Bible gives us both concepts and precepts of the monsters in the institutions of society. At hand, the Bible refers to the beasts as a concept with the classification of inhuman—without a heart.

Imperial Rome, the Holy See (Holy Rome), Spain, England, Islamic caliphates, the USA, and China, to name a few, each having their peculiarity with overlapping traits of the other to varying degrees.

China, for example, is fascistic. Unlike other countries that wore the pre-WWII fascist label, China received the full definitional honors through capitalism that paved the way for its accession into global commerce with the aid of the WTO.

China promotes and emphasizes extreme nationalism. Additionally, China drives its global movement of economic progress through trade and infrastructure investment loans worldwide. As an economic hitman, China brings to the proposal tables a bag full of money to bait and switch. However, China **acts without** statutory biblical knowledge; as in the case of all national governments, imperialism assigned Chinese Ishmaelites theatrical garments to fit their acting role in life, which is a one-time performance. In conclusion, China is a global financed capitalist, a financial hitman.

China exists as the embodied maturity of fascism, unlike underdeveloped fascistic states seen during WWII. Yes, China has a leader, but not an influential leader with military ambiguity. Still, the Chinese Communist Party (CCP) is a corporate state within the national state of China, like how the UNITED STATES OF AMERICA, Inc. exercises authority over the sovereign state of America.

The Programmed View of Job's Fable

Cargo container ships are to the likeness of fish scales.

- *His rows of scales are his pride, tightly sealed together. Job 41:15*
- His body is like molten shields, shut close with scales pressing upon one another.
- Each one is joined so tight to the next, not even a breath can come between. 41:16
- They are joined to one another; they clasp and cannot be separated. 41:17

Don't overlook the two legs in dual prophecy.

Daniel's Man Statue Image possesses two legs. Still, Christians mainly see one-foot imprinting the narrative instead of the two legs advancing history in alternate motion toward destiny when the falling stone hits the feet of Daniel's model statue, causing it to fall over and crash.

Daniel 7:24

- "And the ten horns out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse {China's imperialism} from the first, and he shall subdue three kings." {USA, Britain, Japan. Indeed, efforts to contain China has not worked effectively.
- As junior partners, China's imperialism worked out agreements with the EU that had a negative financial impact on Britain, hence, BREXIT. Britain is no longer in the EU, European Union.

Britain has enjoyed a long trading relationship with the USA that has caused envy among European states.

- Rev 17:16 *The ten horns you saw, and the beast will hate the prostitute; they will take away everything she has and leave her naked; they will eat her flesh and destroy her with fire.*

Another perspective of the beast and the woman of ill repute.

"The woman you saw is the great city that rules over all kings on earth." Rev. 17:18

Woman= the great city. The Woman is identified with the City.

Once the City's identification is known, we have the location of the global kingdom.

The method of supernatural power has been prescribed in the hands of Man-child in relation to China. No manmade weapons will be used to break the CCP. However, once broken, all weapons will be used optionally. Still, the supernatural powers will inflict total weakness, not able to raise a finger in opposition.
