

Reporting on March 11 and 12

On time dates operability

The coronavirus (COVID-19) in shorthand is known as the coronavirus. March 11, 2023, arrived as the third-anniversary pandemic of COVID-19.

In December 2019, The Judahite received notification that coronavirus is a manufactured experimental virus. Using the pandemic as a weapon against the perpetrators, The Judahite requested the Magistrate of Heaven to transfer control of the pandemic into the hands of the 144k. The ironic transfer occurred on March 11, 2020, when the World Health Organization announced the global pandemic.

Although an official investigation has been made into the pandemic, China occupies the center spotlight of origin. America's hands are not clean since American funds assisted in laboratory research into viruses.

In modern times, no one ever expected to see a global lockdown of nations to halt the spread of the virus. Thus, the impossible turned into a deadly reality. God's judgments always manifest the impossible into reality on short notice.

For doing the impossible, the COVID-19 March 11 Anniversary always will hold significance for the 144k and the Congregation of Israel as a precursor for departure. Plagues are harbingers, as seen when the Israelites depart Egypt/America.

Many people should have read the plague signs more carefully. The contrary data from research institutions in America revealed the virus was hitting Blacks the hardest. Always question the data. The assertions might or might not hold validity. However, The Judahite has said many times before not all black people are in the Congregation of Israel; being Gentiles, they can be saved like the rest of the Gentiles, assuming they possess the righteous genes of Ham, Shem, and Japheth.

Overall, a percentage of the world's population carries the righteous genes of Adam and the other half the genes of the Serpent.

In sum, COVID-19's anniversary will continue to grow in years to come appreciating the pandemic precursor for departure.

Beijing China

On March 10, 2023, in Beijing, the population experienced apocalyptic weather conditions, i.e., a sandstorm, darkness at noon, and worms raining from the sky.

A summary regarding time dates.

As mentioned before, The Judahite's presentations target 144k, and the Memos are for the Congregation at larger. Restrictions are not placed on anyone who desires to read them. It is assumed that the 144k and the Firstfruits are dedicated to studying the topics in depth as time permits, as they will hold positions of influence and administrative powers within the Commonwealth. The Firstfruits represent the perpetual ranks enlargement of the population, receiving the transfer attributes of the 144k.

Further, the assumption being they are grounded in consciousness that enables disclosure of deceptive packaging of doctrine and knowing the correct end times pathway of prophecy.

Sometimes operational dates are assigned a biblical base number for comprehending complex realities of the seasons. Thus, they should be thought of as functional numbers. As such, The Judahite receives time dates from the Second Heaven Magistrate.

On the other hand, The Judahite receives time dates without base numbers. Still, the meaning is clear.

All dates given by the Magistrate Court are self-validating in real-time on the actual date. Each date certifies events on the given dates regardless of location worldwide. Whether one sees or knows about daily events worldwide on the certified dates, the events will become fully understood in the progression of time because they have been registered as interlocking aggregates in the unified drive for the Stone Kingdom, a social system without an end on the earth.

For the record

The Judahite received no time date for March 11. February's calendar gives the certified dates without including February 11 to extend to March 11.

It is not accessible to understand the eighteen operational dimensions of heaven. However, The Judahite knew from the last certified date, February 22nd, that the date would appear on May 22, 2023, the month of Pentecost. Therefore, May 22 Pentecost will be different from all others because the prophetic Pentecost comes days before the traditional date that still holds its place within the fourth week of May.

The Second Heaven accepted The Judahite's Petition for combining February 22 and March 11's dramatic events as part of the prophetic May 22. Still, on March 11, the Magistrate certified the date.

The implication, May 22 will have a global impact like COVID-19.

Due by March 11, 2023

Statement of Intent

To:

1. [United Arab Emirates](#)
2. [Kingdom of Bahrain](#)
3. [Kingdom of Saudi Arabia](#)
4. [Sultanate of Oman](#)
5. [State of Qatar](#)
6. [State of Kuwait](#)

The Executive Body of Israel requested a legislative resolution dissolving each national parliament.

The Executive Body of Israel has prophetic jurisdiction over the Abrahamic Covenant regarding real estate reclamation according to Genesis 15: 17-21. Additionally, Moses extended the Abrahamic Covenant to cover other countries, including **China**.

The Statement of Intent cannot reverse the declaratory judgment issued by the Sovereign God over the earth. However, the leeway is given to the Executive Body of Israel in Exile to weigh the Statement of Intent in the most favorable light of disposition.

March 11, 2023, came the Reply

China brokered a treaty between two enemies, Iran and Saudi Arabia. What is the meaning?

1. To avoid slipping into speculations and ungrounded theories, The Judahite gives dates.
2. As mentioned in previous presentations, January, February, and March have overlapping dates and interoperable dates. While true, some years are without association with prophecy.
3. February tenth is interoperable with March tenth, with the same programmatic operations.
4. March 5th assembled February tenth's components, giving The Judahite the formula for what would appear in Beijing as the brokered treaty. March 5th came from the Magistrate as a certified date, giving The Judahite insight into the formula being worked on in Beijing.
5. Internal to China, reports of lousy news. H1N1 flu cases surged by 60-fold. The stock market's steep drop caused an alarm. Xi Jinping was elected China's President for his third term.
6. On March 10, China's foreign relation office was working on the treaty in Beijing; at the same, the Chinese Communist Party held a two-day meeting in Beijing.
7. On March 10th, the apocalyptic conditions overpowered Beijing.
8. Overall, particularly in China, February 10, March 5, and 10 tell of the formula in which China will fall.

For Clarification

When referencing China, The Judahite refers to **a. the imperialistic system, b. the ruling government—the Chinese Communist Party, and c. the Chinese business class, who are imperialistic at heart.**

Disassociation

The Judahite disassociates from all manifestations of targeted Chinese nationals because of COVID-19 and the government's imperialistic policies.

Think before acting. There are Chinese whose membership rests within the **Ten Tribes of Israel.**

Part Two

March 12, 2023

The Second Heaven accepted The Judahite's Petition for combining February 22 and March 11's dramatic events as part of the prophetic May 22.

March 11 contrasts two camps opposing each other's occupational positions in the Lands of Promise. Consider March tenth's apocalyptic conditions that dominated March 11. Thus, March 11 indexes apocalyptic conditions to come for the parties within the purview of this presentation

Although China has aligned with the two powerful centers in the Middle East, The Executive Body of Israel has a prophetic relationship with different countries as defined by the Nine Oracles of the Scriptures. Of governmental policy concerns, the Executive Body of Israel in exile knows it has another relationship with Iran, on the one hand, from that of the Arabs states in the Arabia Peninsula, even more so with Egypt, Jordan, and Iraq.

Again, scripturally, Judah has complicated relationships involving the prophecy of each named country. The photo above brings us a step closer to seeing the unfolding defining parties and their end times roles. For example, the Euphrates River has dried up for practical purposes, making it easy for army forces to cross for war.

- *And the sixth poured out his bowl upon the great river, the river Euphrates; and the water thereof was dried up, that the way might be made ready for the kings that come from the sunrising. Revelation 16:12*

Again, the photo gives a footprint of one of the kings of the East.

March 12 Responding to March 11

With an early start on March 12, from 4:05 a.m. through 6 a.m., The Judahite awoke to rain, lighting, and thundering.

Out of bed to start the day, The Judahite unintentionally discovered the very hot glass decanter or thermal carafe while reheating day-old coffee left in the boiler on the stove, which is a common practice. What! Upon a closer look, no green light to indicate power. No coffee was in the glass decanter, yet it sat empty on the warming plate, very hot.

At 10:08 a.m., the green light came on, indicating power. Still, water and coffee were not inside the coffee maker. Over the years, The Judahite did nothing opposite to each morning and night regarding the coffee maker, yet the green light came on and went off automatically throughout the day.

What is the interpretation? The green light signals the acknowledgment of March 11 and the implementation presentations on Zephaniah and Numbers chapters 22, 23, and 24 that were thought by some to occur on March 11.

For a quick review, Magistrate certified its date of March 11, although it never appeared on its calendar. Such is a teachable moment about prophetic interoperability dates between February and May. The Judahite has explained the associations in prior presentations, noting High-Watch-Dates should focus on established Feast Days and date patterns. One should never see dates as mechanical—a repeat of the initial. For accurate knowledge, the biblical base numbers are the keys the Magistrate assigns to task performance. Thus, the base number is the operational index of the certified dates.

March 11 assures us of our participation in the events leading to realizing our expectations of prophecy. Hasten to say that many are now walking on the correct pathway that expands prophetic understanding as we actively participate in changing our environmental situation.

Considering the weather conditions now overtaking millions of Americans, they are seeking a time out when there is no time to collect composure—many are without homes. Compounding personal problems, Bank failures with more expecting.

In conclusion, March 11 was the registration day for making the terms and conditions known to each opposing camps: Judah and his foes. March 12 projects the administrative and operational aims as stated in the presentations of Zephaniah and Numbers 22, 23, and 24.

May 22 will come as a milestone date. Still, we will continue to take purposeful steps each week leading to the date of Pentecost to realize in part or whole Covenants.
