## Trimonthly Baseline Dates

The Judahite has selected dates herein that hosted supernatural activities and signs. February's dates serve as the index from which March and April have related themes. The month of May receives the features from the tri-month to amplify them and seek answers and resolutions within Pentecost or the Feast of Weeks/Shavuot.

Again, please don't try to insert views that are foreign to Pentecost.

May 15, 2022, delivers FIRE and HEAT as judgments to those who have prequalified through their words and deeds.

The assigned judgments of May 15 cover the rest of the Baseline Dates of May to varying degrees.

## A calendar theme will follow each date.
