**The Right of Entitlement
to discern Heavenly Kingdom's
Mysteries.**

1

In Matthew, Yeshua gives the parable of the Sower. Matthew 13: 3-13 records Yeshua's discourse. The attention herein is driven to the multiplication reproduction of the farmer's seed—a yield from thirty to one hundredfold.

- ^{13:8} *But other fell into good ground, and brought forth fruit, some an hundredfold, some sixtyfold, some thirtyfold.* ^{13:9} *Who hath ears to hear, let him hear.* ^{13:10} *And the disciples came, and said unto him, Why speakest thou unto them in parables? Mat* ^{13:11} *He answered and said unto them, Because it is given unto you to know the mysteries of the kingdom of heaven, but to them it is not given.*

3 x 10=30. Does numeric thirty have a universal application? When applied divinely, thirty denotes the timely perfection marked by a milestone pre-arranged by Elohim. Consider Christ commenced his ministry at thirty; Joseph was thirty when he ascended to the co-regency of Egypt; David began his reign at thirty.

May 30 arranges this symposium on the Covenant's ratification of May 30, 2022, under the same convivial Second Heaven Courtroom.

The Judahite entered discourse with the Second Heaven Court as a Panelist on presented subjects.

Panelist #one. The subject matter regarding articles and provisions of the Covenant, which self-propels the movement of celebration that causes the activating motion for trash collection and the direction of consuming Fire.

2

In a previous discussion, The Judahite talked about new forms of segmentized trash as the ungodly. The three categories are Trash, Fire, and Celebration. Nevertheless, the graphic depicts waste relationally with Fire, both turning by the rotational intensity of the Congregation's divine spirit of celebration.

Panelist # two.

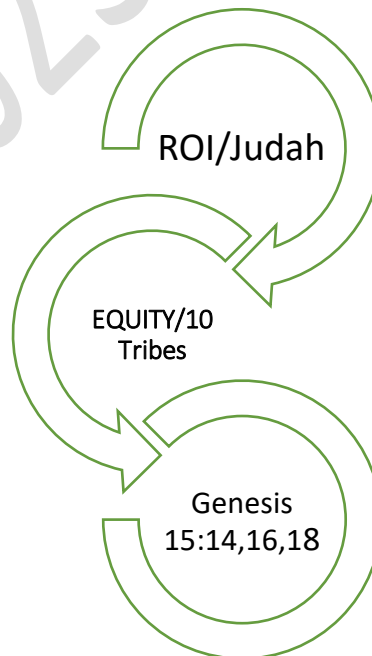

Prepare to collect and distribute assets. Judah's self-invested labor seeks a return on investment of his labor that credits capital accumulation, the critical mass for engendering the capitalistic system. The Ten Tribes seek equitable compensation for intellectual properties in capital expansion. The equitable settlement includes stealing and defrauding to maintain capitalism in its growth expansion to the current stage of imperialism.

Genesis 15:14 -18 serves as the basis for collecting assets. Genesis 15: 14 - 18 becomes more and more definite through precedents each time the tribal nations return from exile.

3

The Judahite saw a running stopwatch conveying the timing of when the Congregation takes possession of their monetary assets.

But I will pass judgment on the people that they will serve, and afterward your descendants will come out of that country and will worship me in this place.

Acts 7:7

Genesis 15:14 -18

- But I will punish the nation they serve, and after that they will come out with many possessions. ^{15:14}
- Your descendants will return here in the fourth generation since the iniquity of the Amorites has not yet run its course. " ^{15:15}
- In that day the LORD made a covenant with Abram, saying, unto thy seed have I given this land, from the river of Egypt unto the great river, the river Euphrates: ^{15:18}

Panelist # three.

Time shifting is the underlining theme. Translocating from one place to another and from one position to another position.

5

By looking back at history, an outline of the future is seen. Four hundred years were given to Abraham to know the duration of his descendants' enslavement.

Theoretically, 400 years match the ending of Judah's jurisdictional restriction, bondage, which came on July 7, 2019, and weeks later, The Judahite received the good news of Jubilee. Purchased milk at Target seeped continuously wherever The Judahite traveled the city for that day without reducing the original volume.

Four Hundred years have an association with Jubilee. Elohim gives us a historical reset period for marking the count for the next Jubilee. The point being stressed whereas the dates might or might not have any importance to others, but to Judah, the sabbatical years must be observed.

According to historical records, tribal Judah was enslaved long before AD 1619. Juneteenth is coming up on June 19, 2023, which is a newly enacted national holiday in celebration of the delayed emancipation of Negroes in Texas.

Consider the facts

- a. President Lincoln issued the Emancipation Proclamation on January 1, 1863.
- b. The Civil War ended all fighting when the Holy Spirit led Judah to pull a general labor strike in 1865.
- c. The American Civil War ended in 1865, at the same time, opening the door for National Reconstruction.
- d. As a pre-requisite for states to join the Union, they had to enact legislation in State Houses supporting the 13th Amendment to the US Constitution outlawing slavery.
- e. News reached Texas Judah on June 19, 1865, at the Galveston Texas about the Emancipation Proclamation issued in 1863.
- f. Without constitutional standing, Lincoln's War Order was as valid as the Civil War continued! Very simple to understand the constitutional limitation of the Emancipation Proclamation. The Constitution of 1776 regarded the enslaved Negro as 3/5 chattels, to be counted as property when casting legislative votes in Congress.
- g. Thus, **misunderstood** by many, the 13th Amendment was voted on but never ratified.
- h. *"On December 18, 1865, Secretary of State William Seward announced to the world that the United States had constitutionally abolished slavery – the 13th Amendment had been ratified."*

- i. Even so, the Dred Scott Decision reaffirmed jurisdictional enslavement without a national character. In a word, the enslavement of Judah and the Ten Tribes and all other persons would continue per state laws—State Rights, which came under frontal attack during the 1960s Civil Rights Movement.
- j. Two points: the U.S. Congress never ratified the 13th Amendment. The Compromise of 1877 allowed Southern states to re-organize the South around State Rights by oppressing and exploiting all labor specific-Negro labor.

Historical Clarification

6

The significance of Juneteenth is a historical puzzle. Many blacks Americans are gearing up to celebrate Juneteenth, as Americans in general.

Looking back on June 19, 1865, when Union Army General Gordon Granger read the signed Emancipation Proclamation to the enslaved people in Galveston, Texas, for the word to spread thoroughly in Texas to about 300,000 enslaved people. Still, other states optionally did and did not hold on to their slaves.

Today's problem with Juneteenth is when the focus shifted from the state of Texas to the national level, notably when enslaved people were still in their occupational class in 1865. Rationally, Juneteenth should be a Texas holiday, not nationwide.

Of historical importance, Delaware did not sign onto the 13th Amendment to abolish slavery until 1901, yet it was the **first** state to ratify the U.S. Constitution in 1787. Such is an irony of history, the first and last.

The current U.S. President is from Delaware and signed the legislation making Juneteenth a national holiday while the Vice President looked on.

The Prophetic Significance of Juneteenth and Texas.

The Judahite returns the pages of history to Nat Turner, the Asherite, for historical coherency. Tribal Asher is the designated national administrator for putting the destiny milestones of nations in their proper arrangement. Asher neither adds nor subtracts; he follows the Scriptures.

After Nat's death, the manner of his body's decomposition became an allegory for the Petro-dollar and the system of imperialism. Texas came into the Union through a conspiracy, a three-phase operation. One, bring Judah into the state as an enslaved people accompanied by settlers. Form a colonial government, start a war with Mexico, and petition the American government for aid to create the Texas Revolution. Thirdly, after winning, the Revolutionary government petitioned to join the Union or the United States of America.

Whereas the rest of the United States is of the body of the Ten Tribes of Israel, Texas is Judah's gateway to international affairs related to Nat's prototype. Black gold or the black Petro-dollar pulled The Judahite into Texas following Nat's allegory. Indeed, Texas oil companies are international, with considerable market shares in all aspects of the energy industry.

Continuing with Nat's biblical prophecy, his boomerang has returned to its point of origin, the District of Columbia.

Biden signed Juneteenth Act, not Obama. On the night of Biden's election, the moon stood still for three hours. Nat's prophetic ministry revolved around the moon's many signs.

- **But I will pass judgment on the people that they will serve, and afterward your descendants will come out of that country and will worship me in this place.**
Acts 7:7

For our times, we should consider two models. The night before departing Egypt, the angel of death came through and judged and killed all the firstborn humans and animals. Magistrate Daniel held court and adjudicated the King of Chaldeans case, pointing out his gross violations of national law established by King Nebuchadnezzar regarding insults to the Judahites' God, Yahawah. Around midnight he was executed under the Second Heaven's decree. Shortly after the execution, Daniel welcomed the Medes to Babylon as the new rulers.

In the midnight hour, just like in the households of the Israelites in Egypt, Daniel was working on the blueprint for the Second Temple to give to King Cyrus. In the early morning after his release from the lion's den, Daniel and his three executive managers went to work to accumulate funds for the Temple's construction.

From the models, The Judahite infers for his time, currently, that at midnight **the people who tribal Judah served will be judged, and the government will become helpless. During the dark hours,** the Executive Body of Israel in Exile will be working on establishing a caretaker government for transitional relocation.

- But I will punish the nation they serve, **and after that they will come out with many possessions.** ^{15:14}
