

May's first date installation for the Feast of Weeks unifying with the Black Moon on April 30, 2022.

On February 2, 2022, the headphone cord and 25 cents were placed supernaturally in The Judahite's bed by Archangel Raphael.

The Judahite understood the significance. Briefly, recountal shows Christ's technological soundwave sent to shatter The Judahite's glass skillet lid on February 25, 2020, was an intercommunication about his second phased Mission Statement execution.

Due to referencing the visitation in many presentations, The Judahite uses Soundwave25 in shorthand to signal the ongoing Soundwave25 frequency's Mission Statement. The Mission Statement holds divisional aspects related to the Ten Tribes and Judah.

The headphone cord and 25 cents in bed appeared as graphic intercommunication with The Judahite. From patterns, supernaturally occurring events in February would amplify frequency modulation due to Soundwave25 onward to May and beyond. The words of Christ never return to him void.

A contrast. Soundwave25 shattered the skillet lid glass as a declaration to end social oppression by the Ten Tribes standing up to face the oppressor indirectly through a timely review of their character behavior; by so doing, they would start the quest to find their tribal affiliations.

On February 2, 2022, Soundwave25 visitation arrived quietly while The Judahite was in bed asleep. Illustratively precise: the bed represents resolution, being peacefully at rest awaiting anticipated outcomes.

The words of Christ never return to him void. Soundwave25 returned on 24 January in the form of the Court Order. Thus, February 2, 2022 is a derivative of Sound25 related to the Man-child's maturity.

Headphone--frequency25

Soundwave25 and Headphone-frequency25 are used in distinction, whereas Headphone-frequency25 modulates the dates within the Feast of Weeks.

February 2, 2022

Headphone—frequency25

February 2, 2022

The Judahite took a prophetic nap around 3 pm and awoke with February 27 as an assigned watch date.

A prophetic rest is a protocol for The Judahite to either take claim or a delayed action from the Archangel Raphael.

February 3, 2022

The Judahite received binary codes and translated them as 4, 7, 9, 24, 12, 20, & 42.

12 and 24 were counted three times as they appeared. 20 and 42 were counted twice as they appeared.

The numerical biblical three is trustworthy and **solid**. The list of numerical values will derive their outcomes in May 2022.

February 4, 2022

The headphone cord appeared again in The Judahite's bed. Headphone--frequency25 assumes the biblical angular oscillations 3,4,7,9 and 12.

When adding three and four, seven is the unit value. The day-numbers have **contextual assigned** outcome performance.

Watch for the coming updates in the coming days.
