

## Avowed October 20-25

October 20 came as an ancillary day, supporting October 21-25. Even with this delay in reporting, the date union is still intact because 20 relies on 21 to report. In this report, The Judahite highlights some of the essentials of October 20-25.

The major thrust of 20- 25 revolves around Babylonian final disposition. Because of so many misunderstandings of the Scriptures' timeline, we can again know that today's global events continue to strengthen our confidence in knowing we are on the correct timeline of history. Consider these markers:

- A. When Queen Elizabeth died, she ended seventy years of rule.
- B. The Bible often refers to the King of Babylon in end-time prophecy, i.e., Jeremiah 50:43. This meant that the Queen had to die before the King to assume his role.
- C. Under the New King, Britain's Parliament on October 24 arranged for a new Prime Minister to run the government, Sunak.

On October 20, The Queen's Prime Minister resigned after just 44 days in office. Immediately, the power center in parliament knew the next Prime Minister would be Sunak, an Indian of origin because, in the election, he came in behind the then Truss.

Britain's economy is not doing well. Before Truss, Johnson, the then Prime Minister, was forced to resign. The economic crisis grew worse. The high cost of living is forcing people to live with less food and other essentials. Labor strikes are reactions to the high cost of living.

The war in Ukraine is hurting many countries. The imposed sanctions intended to hurt Russia but now hurting other countries the most. Because people are feeling the pain, they are reacting, causing political instability and forcing changes in many European governments.

Russia has cut off its natural gas and oil supply due to the sanctions. Even before the sanctions, Britain's economy was moving toward disintegration and continues.

## True to the biblical character, 20

Holding expectation, the world waited for the next U.K. Prime Minister.

On October 24, Britain gave the reins of government to Sunak, a British citizen by birth.

Insightfully, the Gadite's elevation is the culmination of a long historical process. With emphasis, The Judahite stresses: a historical **process must progress according to its own internal social laws of development.** Being from tribal Gad, Sunak's appearance is another milestone for us to know the guardrails of end times' prophecies are about Babylon and the Chaldeans.

What you see in the above photo is the culmination of a six-hundred-year process that evolved according to internal social laws of development. Karl Marx collaborated with tribal Manasseh to deliver a comprehensive body of knowledge, the science of Political Economy. Because only the banking class of Dan fully understood the math, they could grasp Marx's Political Economy and had a head start leading to the creation of the global central bank system and the American tax system. Indeed, the British Empire arose from Manasseh's incubator.

As the crisscrossing of Jacob's hand, the U.K. system interlock with the USA. For example, in Manasseh, the American legal system is a carryover from Britain.

Judah's contribution to Political Economy is credited to capital accumulation, the foundation of capitalism. Upon this arose commercial motivation of private interest, or class interest, that drove inventiveness in using earth's natural resources. For example, cotton and the textile industry spearheaded the industrial revolution, as the means of production would always remain in private hands. In perspective, the consequences of labor and societal growth were of secondary importance.

Validating the importance of the science of political economy, governments would have gone to hell in a handbasket lacking knowledge of the conversion of products into liquid capital. The roles of banks and the credit system bridge the transitional gap for capital's cycle conversions.

The fundamentals of capitalism still need to be fully understood by many professionals of today who work in the superstructure of society, about the primary workers of production. For example, many individual professionals in banking, financial consultants, and financial managers lost fifteen billion dollars of their personal money in Cryptocurrency on the investment promise to replace the traditional banking system. The money disappeared without a trace. When Daniel gave the capitalistic ratio 2:20, he established the parameters for the Gentiles' social systems.

Realizing the 2:20 ratio cannot be changed, the capitalists and imperialists have commenced the cannibalization process to break down all forms of interdependence through abortion, which accounts for mergers, buyouts, and bankruptcy. The role of imperialism is to take the sweepstakes, which means the growing economic instability seen in countries worldwide will continue to travel the dead-end road of hope.

### **Is there hope, or is there an illusion about the UK's future**

#### **KARMA**

Manasseh directs our attention to Simone's dogma: KARMA. The philosophy of cause and effect. What goes around comes around. By illustration, Simone had hatred for Joseph and rallied his brothers in support of killing him. For the record, a misunderstanding led Joseph to report incorrect information to Jacob.

Joseph put Simone in jail for months as a ransom until his brothers returned with Benjamin as the condition to purchase grain.

#### **Convergence**

Sunak's practicing religion directs his attention to KARMA. Though he might or might not understand Jeremiah's Babylonian seventy-year prophecy, he will soon realize that Britain is a sinking ship with insolvable problems.

On the day of his official selection, October 24, Sunak concluded a prophetic process involving the last quarter hours of the British banking empire. On the same day, The Judahite received notice from the Second Heaven Magistrate regarding commencing the process of shredding the banking and financial industry.

As a notice of disclaimer, The Judahite's action plans are not personality-centered but rather date-driven action per the Magistrate's orders. Therefore, what Sunak does might or might not align with the call for those Israelites to depart Babylon. Indeed, the City of London is the central hub of banking that stands in contrast to the Metropolitan City of London, that is generally known. However, the City of London, Vatican City, and Washington DC are independent national states existing within federal states.

Prophetically, the City of London is Babylon. Technically, all central banks worldwide are part of the British banking empire.

As a policy constraint, Jeremiah, Ezekiel, and other prophets detail in outlined format what Sunak is up against in combination with the Chaldeans (USA).

**Date-driven action.** On October 25, The Judahite received another Magistrate's order notifying all the prophetic players had been boxed, rounded up, and are now being shredded. Time for recompense, deconstructing the banking and financial industry because of their worthlessness to the Commonwealth of Israel. Worthlessness because the 2:20 ratio of currency value is assigned to the four Gentile social systems and not to the Commonwealth of Israel.

### **The Executive Body of Israel**

The Judahite followed the instructions of Jeremiah 50:2 and formed the Executive Body of Israel. As the "standard," the Executive Body of Israel (EBOI) stands in total opposition to Babylonian deities, i.e., Bel, Meroducth, Marduk, and Nebo (Isaiah 46:1).

Considering Jeremiah's Seventy-year prophecy concerning Babylon's destruction, the deities of Babylon are now put to shame and dismayed. The Judahite and the EBOI will not worship the love of money.

Following the directive, The Judahite and the EBOI will continue to proclaim in boldness:

- *"Declare among the nations and publish, and set up a standard; publish, and don't **conceal** say, Babylon is taken, Bel is disappointed, Merodach is dismayed; her images are disappointed, her idols are dismayed." Jeremiah 50:2*

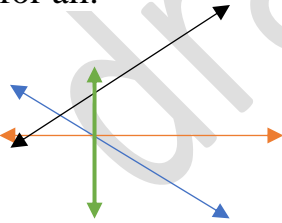

<p>Calling for fugitive nations, ten tribes of the East, to give up all forms of idol worshipping.</p>	<p><b>A.</b> <i>“Therefore, behold, the days come, that I will do judgment upon the graven images of Babylon: and her whole land shall be confounded, and all her slain shall fall in the midst of her. Jeremiah 51:47</i></p> <p><b>B.</b> <i>“Come, gather together, and draw near, you fugitives from the nations. Ignorant are those who carry idols of wood and pray to a god that cannot save.” Isaiah 45:20</i></p>

## ***“Babylon is taken”***

1. "So Babylon will fall because of the slain of Israel, even as the slain of all the earth have fallen because of Babylon." Jeremiah 51:49
2. "The LORD has opened His armory And has brought out the weapons of His indignation; For this *is* the work of the Lord GOD of hosts In the land of the Chaldeans." Jeremiah 50:25

Shortly after Israel's death, Joseph took colonies of the Israelites to North America along with thousands of Egyptians. Likewise, Joseph took thousands of Egyptians to the East and built the temple complex of Angkor Wat and Angkor Thom. Remember, Joseph became the Chief Priest over Egypt and knew the mandate given to him by Jacob. Therefore, he dedicated Angkor Thom to Judah, who would suffer in both epic slave trade belonging to the Arabs and Europeans.

Prophetically, Joseph followed in the footprint of Enoch or Thoth and knew it was incumbent upon him to separate from the Egyptians, hence Angkor Wat. Just like the Church Age established Constantinople as its home base, a separation from the city of pagan Rome.

Enoch constructed the pyramid complex at Giza **for humanity to evolve its civilizations**, a mathematical and geometric science model.

The Greeks were hungry for higher levels of abstract knowledge and learned from the Egyptians, and in turn, the Europeans learned from the Greeks.

As foretold, Ephraim America would become the greatest nation on the earth. However, the 144k must avoid the mistaken notion that everyone living in America is of the Ten Tribes of Israel. Or everyone belongs to the tribe of Ephraim. Likewise, everyone living in India is not a member of tribal Manasseh. For those claiming to be members of Manasseh, one should not accept the claim at face value. The time is coming when we will know the true Israelites by tribal names.
