

October 10 Exhibited its significance.

October 10 Exhibited its significance.

The Judahite views October 9 as an ancillary date, though not appointed by the Magistrate. Still, the day became a symposium of critical processes, which The Judahite discussed over the years with emphasis. The symposiarch, spiritual signs, directed the scheduled agenda, NOT The Judahite.

A brief review. End times prophecies focus on the fall of Mystery Babylon, the Chaldeans, the Second Beast, Zionism (false Jews), the False Prophet, and the Red Dragon (imperialism). They all fall into the category of anti-exilic Israel and Judah, who are pro-Commonwealth of Israel and the construction of the Stone Kingdom.

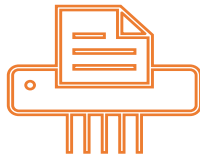

The Executive Body of Israel will dismember the current banking and financial system.

October 10 Exhibited its significance.

Truly, the Executive Body of Israel will shred the banking and financial industry with its commercial relationships. Certainly, the Executive Body will act under the judicial order from the Second Heaven Magistrate.

The words on the scroll have entered the offices and homes of those who have stolen & steal and told & tell lies in support of the entire system of capitalism and imperialism that rest on **defrauding**. Therefore, the Magistrate's Order covers the entire world without exemption from personalized destruction.

- *Then he told me: This scroll puts a curse on everyone in the land who steals or tells lies. The writing on one side tells about the destruction of those who steal, while the writing on the other side tells about the destruction of those who lie. Zachariah 5:3*

Imperialism

The 144k can best understand the system of imperialism in relational conflict over opposing economic interests of the Commonwealth of Israel.

The Executive Body of Israel will erect new structural components, administrative systems, and departments to resolve the conflict. Proportionally, the old systems will collapse automatically without the necessary mainstay of Judah.

As an analogy, think of meal plates on a table. According to the Commonwealth's economic recipe policies, the Executive Body will take the best of the old systems and cook them into a meal. (See below)

October 10 Exhibited its significance.

The Executive Body will organize its administrative systems in such a way as to take care of everyone by region. Consider the best of the old system will integrate with new economic policies of the Commonwealth so all will benefit fully in the progression of time. When the Executive Body destroys the senior policies of capitalism and imperialism, the 144K and Firstfruits will sit down for a full course meal, a statement that proves the Executive Body met the daily needs of the Congregation. (See below)
