

October 8, 2022

As a carryover from October 7, early in the morning, The Judahite received a two-part confirmation that October's assigned numbers would guide unfolding events.

After returning from shopping, an online task had to be carried out. There was a problem with the password, though the problem was finally resolved.

After having a glass of apple cider, The Judahite's favorite fall drink when heated in the morning, and a snack, The Judahite felt sleepy and went to bed after a restless night around 3:30 pm. A contrast, The Judahite went to bed to sleep, not to take a nap.

The smell of smoked meat awoke his state of unconsciousness to the third level of unconsciousness, where The Judahite realized he had put meat into the crock pot. With such a strong aroma, the mind asked if all the water had evaporated. At 7:30 pm, out of bed to check and finding no problem; the next question was what to do with the rest of the evening. Still sleepy, yet too early to return to bed.

The Judahite decided to check the headline news around 8 pm. The caption: **"Time to wake up,"** was timely. The Judahite felt good, refreshed, in line with Sabbath's purpose—to rest. Yet, the pervasive aroma from the crock pot awoke him. Over a year ago, the Angel assigned the crock pot as an index symbol to The Judahite. As such, The Judahite awoke in consciousness to a personalized celebration.

On the surface, to many people, it appears strange to see biblical eight on the Sabbath or the seventh day of the week. Under certain conditions, biblical seven and eight are in union and carry significance.

The Judahite received a presentation from the Angel in the format of current and past videos of a particular person's ministry. The Judahite did not catch the thrust until hours later when he looked but could not find his musical videos after having opened new tabs in search of the missing videos menu. Still, never seen before, the person's video collection appeared on each new tab, covering rows on each new page from half to three-quarters. The video collections went back to the past eleven months.

While reading the captions, displayed in rows, one can see a thematic outline repeats for the person's pastoral duties. Consider: intercession, offering prayers for personal issues reliefs, giving specific days to expect manifest comforts. As part of pastoral counseling, subscribers receive advice on personal relationships. Additionally, the person acts as a conduit to deliver prophetic data to specific persons and the general audience.

Multi-tasking requires lots of energy and dedication to God's calling. However, as a rule, the LORD designates a separation between pastoral responsibilities and the specifically designed role of prophets. As a rule, prophets do not perform clerical duties.

Takeaways—success, growth, and progress—a notice of good times.

Online lay ministries are biblically based, depicting God’s relevance through current-day topical issues.

To be effective in our work assignments, we must know the timing of each season per the schedule of summer, fall, winter, and spring; the Fast days, the stages of the human life cycle; end times biblical prophecies regarding placing a massive amount of personal energy into the emerging **NEW** vs. putting time into the old—that which is fading away.

As part of the new, the Holy Spirit works in and through others in preparation to satisfy the Abrahamic Covenant. Indeed, the priorities: the return of Israel and Judah to the Lands of Promise, purifying the designed components for constructing the Tabernacle, groundbreaking work for the new Commonwealth of Israel, and putting into place the religious infrastructure for expanding the Stone Kingdom without end.

Thus, seeking the Holy Spirit’s guidance outside the essential task of transitioning and replanting is without validity.

What is there to glean from the arranged sign? Turning the number eight on its side, the infinity symbol focuses on a higher level of abstraction.

Infinity

In the following step, The Judahite takes all the day’s exhibited forms and extrapolates a higher level of abstraction.

On this day, there are several takeaways—success, growth, and progress—a notice of good times.

8

When right side up, biblical eight significance gives an account:

- Mt. Transfiguration occurred on the 8 day of August.
- Noah family of eight saved humanity.
- Eight Principal men. *“And this [One] has been peace. Asshur, when he comes into our land, And when he treads in our palaces, We have raised against him seven shepherds, And eight anointed of man.” Micah 5:5*

We see eight in the following metaphors. One. New beginnings. Two. A superabundance of farming and natural resources. Three. Oil and fat are life’s essentials for spiritual integration. Four. Worshiping under the New Covenant as we reflect ourselves as the living Tabernacle. Five. Regeneration in the Lands of Promise. Six. Circumcision cuts off the sins of the flesh with the aid of having godly social conditions in family and community. Seven. Purification washing the body with spiritualized water. Eight. The Sabbath is a day on which we stop and meditate on God’s creations and rejoice as being a part of his creation.
