

October 2022 Calendar Dates

Days of Sanctification October 4 & 6.

Today, we sanctify our vows through Baptismal Purification of washing our bodies three times a day. At 6:23 am (arms); 11:19am (feet); 3:23pm (head).

Feet washing is a precept vow demonstrated by Yeshua to aid against pre-temptation of arrogance—staying on the straight and narrow having all the necessary substances for daily living.

Today, we sanctify the precept vows by becoming purified.

A few days ago, The Judahite clarified hurricane Ian's inclusion into September 14's certified date so that no one would think Ian came out of the blue. The Holy Spirit is on standby 24/7 to give discernment to anyone who seeks to know the Hand of God in any given situation at any time and place. Of course, some have no desire to learn from the Scriptures.

Over the years, The Judahite has given scriptural insights on occurring events so that the 144K stay connected and perpetually enlarge their understanding of end times events. For example, the Surfside Condo collapse in Florida demonstrated a prophetic theme for Jews in Israel and to all who are pre-qualified themselves for end times' judgments.

Further, upon the weather notice of Tropical Storm Elsa's arrival in a matter of days, the city of Surfside issued the demolition order to remove the remaining part of the Condo.

Elsa means "pledged to God" or "God is my oath." The Magistrate of Heaven selected Florida as a prototype. The Judahite has discussed the Florida connections to Israel in a previous presentation. Thus, no need currently for a rediscussing.

"God is my oath" extends to Ian's movement across Florida, South, and North Carolina. Apocalyptic is the correct word to use when looking at the footage of Ian's wrath. In 2024, God's wrath will be one thousand times worse. God usually gives previews of coming events. God's time is not man's time, which accounts for people's memory deficit regarding coming events.

As personified precept-vows, Elsa, Ian, and more storms to come are appurtenances acts of precepts for removing the uselessness from our towns and cities. Indeed, "God is my oath" will continue to put people into two camps, the redeemed and non-redeemed, as the flood waters separate the living from the dead.

When we wash with the doctrine of purified water, we are becoming living sanctified precept vows, securing our future not to be swept away with those standing in contempt of biblical precepts.

Pay special attention to the dates given by The Magistrate's Office to The Judahite.

October 6 delivered to The Judahite on *September 29*.

October 4 delivered to The Judahite on *October 1*.

October 7, 10, 14, & 19 delivered to The Judahite on *October 3*.
