

PART TWO

July 23, 2022

Jericho II Celebration.

The Judahite designated July 18 through July 24 as the seven days march around the city of Jericho. For us, it would be Jericho II/Jezreel, as explained here.

Reviewing the broader picture, we had just finished the Feast of Trumpet and gave thanks to the third year of the 400 years expiration date on July 7, 2019.

As we prepare to leave from Egypt and cross over Jordan, we are compelled to retrace the spiritualism of Jericho's fall and the rise of Yahawah's Constitutional Theocracy. Jericho hosted a primary deity named Moon, hence the importance of showing to the land inhabitants that the Israelites would worship their God and no other. Like then, like now, the Israelites will not tolerate demigods and other gods in their Holy Land—only, Yahawah.

While the desire to uphold Constitutional Theocracy was strong, the Israelites were spiritually immature. For this reason, God illustrated the future in real-time: Israel's end of destruction and redemption. Look. The Elohim gave us the story of Rahab, the harlot, who hid the Israelite spies; in exchange, she was given the promise of salvation, including her whole family, as a special thank you.

Israel has a long history of unfaithfulness accompanied by social regression. The theology of Rahab, the harlot, is one of the central religious themes running throughout the Bible. Allegorically, Rahab stands for the Israelites and the Northern Kingdom of Israel.

The Israelites tended to find attractiveness in deities of lesser quality and power than their God, Yahawah, due mainly to spiritual immaturity.

God called Hosea to dramatize Rahab.

In Hebrew, the name Hosea means *he who shall deliver or bring salvation and redemption*. Hosea, the first of the twelve minor prophets, married a harlot per the instructions of the Elohim to illustrate Israel and Judah's transgressions and apostasy.

He married Gomer and had three children, each given the names of destinies. **A.** The first son was named Jezreel, whose name means the **seed** of God. The other two were illegitimate or did not receive a godly birthright. **B. The girl**, Lo-ruhamah, means God would not have mercy on backsliding Israel. **C.** The second boy Lo-Ammi says God dispossessed and disowned the Ten Tribes of Israel and Judah because of their infidelity.

Like Rahab's faith in Israel's destiny, at the end of this Age, the Israelites would have developed mature confidence in their promised future.

Allegorically, Rahab represents the Israelites and the Northern Kingdom of Israel. Like Rahab, Israel would turn from her apostasy through faith and become saved.

The Israelites tended to find attractiveness in deities of less quality than their living God, Yahawah.

Hosea's son Jezreel stands for upholding Theocratic Constitutionalism through confrontation as the only way to develop from spiritual immaturity to spiritual maturity, knowing that the Redeemer's grace and salvation will never go down in defeat.

July 24 Victory Meal

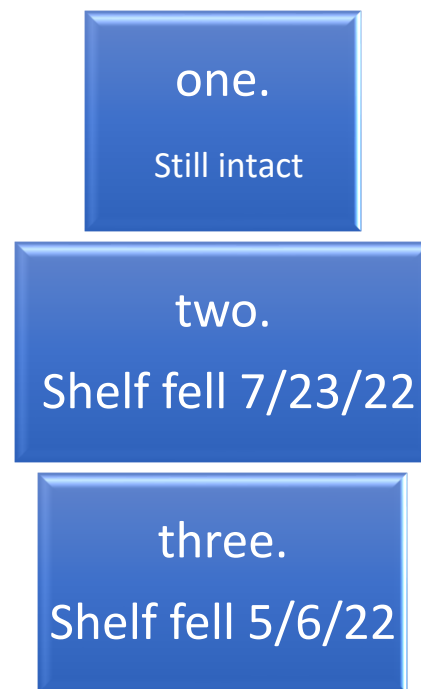

While fetching an oven bag from the cupboard for baking, the cupboard's second shelf collapsed directly in front of The Judahite despite not putting anything new on the shelf. The peanut butter jar smashed onto the floor, breaking the entire glass jar. Among other items falling to the floor, one other thing was thrown into the garbage.

Unlike May 6's pantry board collapse that shown time for the Congregation to relocate to the Lands of Promise and start replanting, the shelf board collapse on July 23 represents Jericho II's falling wall by fire, leaving the Antichrist combatants exposed without defensive positions.

In both cases, the falling shelves convey God's transposing plans for the new tomorrow.

While The Judahite did the restoration and clean-up, he extraordinarily cut his finger that got infected a day later. Thus, in operational sequence, Jericho II walls will fall by FIRE. Then, Judah and Israel will have to do hand-to-hand theological combat in the spirit of Jezreel using the Waste Dumping Method of uselessness that symbolizes the peanut

butter broken glass jar. Now that the Jericho II walls are falling, Lands of Promise for homesteading rights are being assigned to the exiles for fashioning the Commonwealth of Israel, which drives the Stone Kingdom of Yeshua.

God uses illustrations as an effective teaching method, mainly related to the Congregation's chastisement and hope. As such, Hosea's mission is illustrative.

Hosea writes in chapter 1:10 about God's rejections and punishment of Loruhamah's children, symbolic of Judah and Israel's apostasy. As far as Ephraim is concerned, he prescribed very harsh treatment—out of my sight with disgust! Not to be confused, Ephraim is the Ten Tribes of the Northern Kingdom.

As far as Judah, the LORD preserves, yet Judah was not spared from unjust treatment and the Mosaic Curses, but still holding a place of measured mercy.

Jezreel, Hosea's first son, received the promised blessing of being righteous. Jezreel is a lighthouse on the time continuum that marks the progressive stages of maturity in the congregational wins over the internal enemies within the families, communities, Churches, and governments.

For example, Loruhamah guided Yeshua's dialog with the Samaritan woman at the water well as the continued guardrail of destinies.

Yeshua's told the woman about her five husbands and finally told her to go and sin no more. With excitement, she went back to town and told the people that the long-expected Messiah was out at the well and told her everything about her adulterous lifestyle. Upon request of the townspeople, Yeshua stayed for days and taught them.

Moreover, as the righteous seed, Jezreel's godly definition sourced Yeshua's teaching to the Samaritans. Yeshua taught them about the unfolding New Testament—his doctrinal teaching as the Redeemer.

Valley of Jezreel & Armageddon.

Jericho II is the correct theological perspective for the returning exiles; however, we must embrace Jezreel paradigmatically. Still, Jericho II is our banner for confidently marching to overthrow all deities, demigods, and their adherents in all the **Lands of Promise**.

Jezreel stands as the apocalyptic location where Armageddon will be fought. Revelation 16:16. Today, the world is in a different state of evolution than in historical Jericho and Gilgal. After 400 years, the Congregation is much more spiritually mature and looks forward to the warfare in the Valley of Jezreel.

History records battles fought in the Valley of Jezreel against those anti-Theocratic Constitutionalists. As used in the Bible, North and South are positional designations in a schema noting relational attributes. As such, Jezreel is the designated geographical location where anti-Theocratic Constitutional wars are fought.

An Insight into the Importance of Jezreel

Tribal Judah, or the Southern Kingdom of Judah, received previews and illustrations about the Valley Jezreel's significant richness. Now, consider the biblical story of covetousness.

King Ahab wanted Naboth's vineyard as a garden of herbs. The King and Naboth's properties adjoined. Nothing unusual for a property owner with expansion plans to put forth purchase offers.

King Ahab had no desire to short-change Naboth. The King offered a better land exchange than what Naboth possessed. Why not? The King knew it was against the LAW to make a property transfer out of personal desires.

Under the law, Naboth's received his inheritance from his father, who received it from his father through tribal rights of inheritance. Thus, constitutional theocracy decided whether to sell.

Under the law, Naboth's received his inheritance from his father, who received it from his father through tribal rights of inheritance. Thus, constitutional theocracy decided whether to sell.

King Ahab had a consistent record of disobeying God's laws and instructions. Thus, going outside the law to advance the King's personal interest was nothing new. The King went to his wife Jezebel about the problem. She devised a conspiratorial plan to take the land by murdering Naboth. Not knowing what she would do, the King expected to take possession because Jezebel had four hundred priests of Baal under her control.

Once the criminal act was completed, Jezebel informed the King to go and take possession of his vineyard. God sent Elijah to deliver his decree of judgment upon Ahab's household. Ahab repented, buying him time to live longer, for his sons would be the sentencing targets, ending Ahab's family name.

This story is a miniaturized story of Mars and the Garden of Eden. God plants planetary garden civilizations, and the serpent comes to overthrow the Theocratic Constitution of Yahawah. Naboth, the Jezreelite, held to the Theocratic Constitutional Amendments just like his fathers.

Ahab disliked traditions and was displeased at the rejection of his offer. Finally, Ahab turned to Jezebel, an archetype of Loruhamah, to do evil.

God's punishment of Jezebel might seem unusual because some Bible students cannot decode the whole meaning of the story. Still, the punishment fits the crime.

Likewise, Elijah's put forth a challenge to prove whose deity was supreme, stipulating that the winner takes all. Four hundred fifty prophets of Asherah and four hundred prophets of Baal, Jezebel commanded, took Elijah's challenge. Baal's priests could not deliver. Elijah killed 850 false prophets because Jezebel had so many prophets of Yahawah killed.

As foretold by Elijah, years later, dogs ate the entire body of Jezebel, leaving only her two hands, feet, and skull. 2 Kings 9:35

Again, anti-Theocratic Constitutional Amendments' battles were fought in the Valley of Jezreel and will be the place for the final confrontation over constitutional rights governing the use of the earth's resources. Judah will be on the side of the Stone Kingdom.

The showdown

The Bible gives the time when outstanding judgments will come. The Scriptures tell us what to expect during the critical period. To better understand the nature of the decisions, we must understand Jerusalem.

Israel or the entire Congregation is a conceptual representation of moral purity. There is a heavenly Jerusalem and an earthly Jerusalem. Both of which stand for divine holiness. Regardless of time and location, the light of Jerusalem guides those living in their worldview of darkness.

Jerusalem, Israel has its geographical area as a reference point; however, the divine light of grace and salvation transcend physical boundaries.

In the past, current, and future, nations stand opposed to Jerusalem's concept, and those embody the ideal. In the class of opposition, we find the dragon/serpent, the Beast, and the False Prophet.

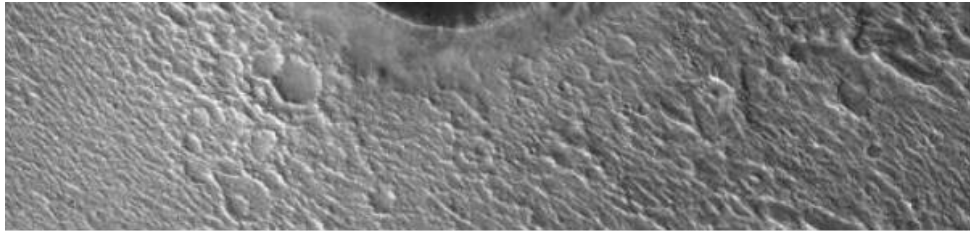

The three antagonists have appeared since Judah is back in the Holy Land to prevent and to overthrow Constitutional Theocracy.

In 2017, The Judahite established his prophetic jurisdictional authority over Israel, thus opening the timeline schedule for the Antichrist nations to work toward the Valley of Jezreel to play their role in **Armageddon with the outcome much like what Archangel Michael did on Mars but a smaller scale. On August 5, 2022, confirmation about Armageddon came to The Judahite.**

- And there was a great battle in heaven, Michael and his angels fought with the dragon, and the dragon and his angels warred *back*. And they prevailed not, neither was their place found any more in heaven. Revelation 12:7 &8

Ending the Domination of Sin

Hosea tells Jezreel, his son, to gather Ammi and his sisters, including Ruhamahs to plead with Gomer, their mother, to cease from practicing idolatry. In Scriptures, a woman represents the church, the Congregation, and a religious body.

When we enter the Lands of Promise, we will be preparing ourselves to end the domination of sin on the earth. We bring final resolution to the Edenic, Judicial Decree.

Hosea provides us with the transitional outlines of Ephraim and Judah.

Ephraim of Samaria transports the negatives to Ephraim America after the Northern Kingdom's demised. Much of what Hosea reports are vividly peculiar to Ephraim and Judah America. Yes, the making of America:

Ephraim loves Multi-culturalism

“Ephraim is a heifer taught to love to tread out corn, but I passed over upon the beauty of her neck: I will ride upon Ephraim (America), Judah shall plough, and Jacob must break up the ground.” Hosea 10:11

Transposing

Ephraim was not used to doing hard labor, yet he liked self-satisfying introspective occupation without the required proceduralized routines necessary to follow Divine Orders. Instead, Ephraim integrated into ungodliness with other nations than do godly hard work.

The Decree

Division one.

Unfolding America. Native Americans, Ephraim, were guided here and there and from one location to another for hundreds of years through harnessed treaties designed by Europe’s colonialists to remove the Ten Tribes from the land and allow Jacob’s tithing-blessing to take root through oil and gas production in America. “*Jacob must break up the ground for himself.*” Indeed, Nat Turner prototyped the oil production in America.

Division two.

As an enslaved tribe, Judah developed agriculture into an international industry using the plow. And later linked Texas’ oil knowledge to the Middle East where he had prepared the groundwork for Jacob’s blessings of Ephraim and Manasseh.

“Jacob must break up the ground for himself.”

There are two applied meanings. **One.** Jacob’s tithing-blessing of America. The Ten Tribes had to find their economic occupation by themselves. As the American economy evolved, so did job opportunities, as foretold by Daniel, at the time when the global tree of economic prosperity would regrow. **Two. A percentage of the Ten Tribes** remained outside North America in various parts of the world. Specifically, South and Central Americas, where some tribal Levites and Benjaminites live due to the triangular transatlantic slave trade. (Trade among Europe, Africa, and South America.

Division three.

The most significant Judahites came directly from the Congo region of Africa to North America without stops in South and Central America.

Gilgal II and Jericho II

Where do we stand?

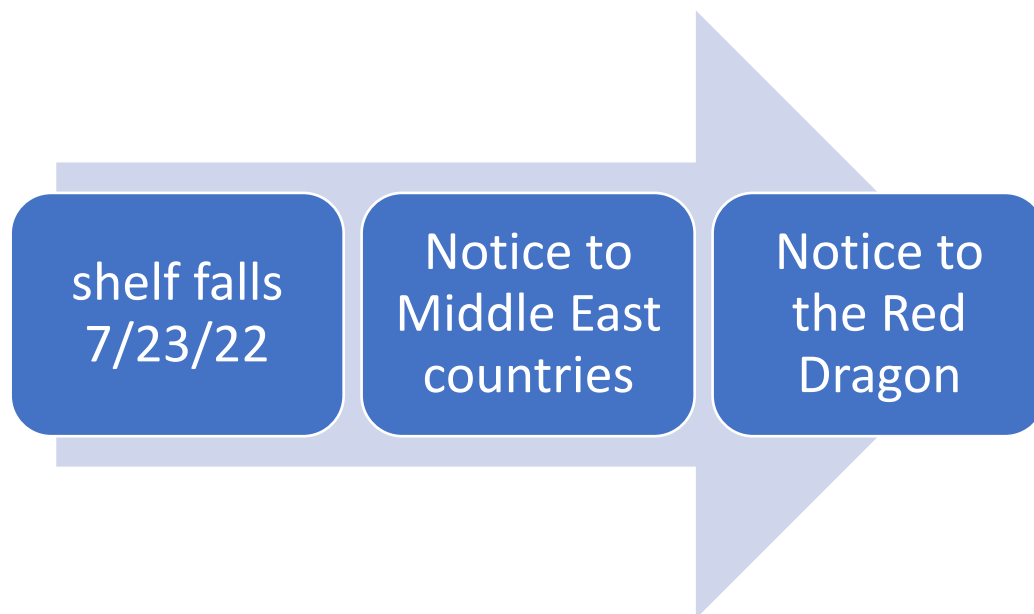

When the second pantry shelf fell on July 23, The Judahite knew the Executive Body of Israel had moved into a different phase for claiming the Lands of Promise. For example, when President Biden visited West Asia or the Middle East, he gave notification to all countries in the region of Judah coming to claim his possession. Biden acted under the jurisdictional authority of The Judahite. Remember it was the Armies of Heaven that elected him, as the moon stood still for three hours on election night.

When House Speaker Pelosi visited Asia, she angered the Red Dragon to the degree of motivating active planning for the Dragon to do the unthinkable.

Twain is the weather vane for The Judahite as given by the Host of Heaven for China's downfall and for the Executive Body of Israel to take over and reorganize China.

Where do we stand? Just about 80% of the puzzle is now in place.

Zechariah's prophecies coincide with the events below.

Enemies of Jerusalem Should Expect Zechariah 14:12

- *"This will be the plague with which the LORD inflicts all of the people who have attacked Jerusalem: he will cause their flesh to rot away, even while they're standing on their feet. He will cause their eyes to rot away in their sockets, and their tongues to rot away in their mouths."*

On the surface, the logical explanation is a nuclear device. The Judahite once held this view because of supporting scientific data. However, flesh rotting away in minutes while people are standing on feet talking will be done **without** a manufacturing nuclear device. COVID-19 has given us proof that a nuclear device is not necessary.

The infliction will come within minutes. It is well known that the CCP of China hates Jerusalem and Zion because of known knowledge that China will come directly under the ruling hand of the Executive Body of Israel and The Judahite. Still, in perspective, the entire social system of imperialism.

House Speaker Pelosi's trip to Asia

Asia is home region of the Red Dragon. Pelosi's trip to Asia predefined the character of her mission. Why? The Feast of Trumpet announces to the world Judah's Action Plan for transitioning for Egypt to the Lands of Promise, and the defeat of enemy forces. To make sure we stay closely connected to the meaning of transpiring events, we must use Scriptures as guard railings. As discussed, the Red Dragon= China's imperialism. Look at what the Bible says about the Red Dragon.

- ✓ *And the woman fled into the wilderness, where she hath a place prepared of God, that they should feed her there a thousand two hundred and threescore days. Revelation 12:6*

Defines the major players of imperialism, (known as 1/3 stars of heaven).

"And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns, and seven crowns upon his heads." Rev 12:3

1/3 stars of heaven

"And his tail drew the third part of the stars of heaven and did cast them to the earth." Rev 12:4

Background Knowledge on the lockout

The Kings of Persia detained Gabriel for twenty-one days in the Second Heaven until Michael arrived to affirm what Gabriel told them about the latter days. After telling Daniel about the seventy weeks regarding the death and resurrection of Yeshua, he told Daniel he had to depart to fight the prince of the Grecian Empire in the years of its dominance. Indeed, he appeared during the Maccabees War with the Grecian Empire.

Finally, Gabriel appeared to Zechariah to give additional information and illustrations about the social system of capitalism. Zechariah was told to look up. He saw a flying roll containing a universal decree for all businesses and households that lie and steal for financial gain would be destroyed by fire.

Again, he was told to look up. He saw a Woman in the Ephah, basket, with a lead lid coming toward him. Gabriel lifted the lid and told Zechariah to look inside at the wickedness and put the lid back on. Immediately, two women appeared with wings like a stork and picked up the basket and flew between earth and heaven, on their way to the land of Shinar to build her a base upon which it would rest.

Roman Vatican and the United Kingdom are represented by the two storks. Shinar is Washington, DC, or the national federal district. Washington is the offspring of the UK and the Vatican Jesuits, two different parents of one nation statehood of ten square miles—Washington, DC.

The basket stands for the financial/banking industry that aided Nebuchadnezzar's tree regrowth of global economics, leading from capitalism to imperialism.

Stakeholders in the Man-child's defeat.

The principalities of the Second Heaven told the Red Dragon of imperialism about the grave danger of the Man-child to their interest. Thus, the plan is to kill the mother and thereby the Man-child. One stone to kill two birds. All agreed it was a good plan.

"and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born."

THEN

"And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him." Rev 12:7.

And when the dragon saw that he was cast unto the earth, he persecuted the woman which brought forth the man child. ^{12:14} And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent. Rev 12:13

And the woman fled into the wilderness, where she hath a place prepared of God, that they should feed her there a thousand two hundred and threescore days. Rev 12:6

The principalities told the Red Dragon's supporting parties of imperialism about the danger of the Man-child to everyone and the need to devour the mother and thereby kill the man-child. A good plan.

Rev ^{12:14} *And to the woman were given two wings of a great eagle, that she might fly into the wilderness, into her place, where she is nourished for a time, and times, and half a time, from the face of the serpent.* ^{12:15} *And the serpent cast out of his mouth water as a flood after the woman, that he might cause her to be carried away of the flood.* ^{12:16} *And the earth helped the woman, and the earth opened her mouth, and swallowed up the flood which the dragon cast out of his mouth.* ^{12:17} *And the dragon was wroth with the woman and went to make war with the remnant of her seed, which keep the commandments of God, and have the testimony of Jesus Christ.*

The Narrative

Pocahontas is Lady Freedom (see above).

Pocahontas is from the tribe of Ephraim and went to England as a trader in tobacco. At the trade conference, she was at a social gathering with King James I of England, who promoted North American smoking in Europe. **Enslaved Judah cultivated in North America the finest tobacco in the world.**

Returning to North America, she got sick on the ship and died in Britain. Judah built the U.S. Capitol and the National Capital as a significant construction force. The U.S. Capital served as the fortress for 1260 days while the Ten Tribes matured, and so did the Man-child. Both are ready to confront the Red Dragon of imperialism.

The Big lie

China's flood of consumer goods has convinced the world that imperialistic goods are signs of progress. The outward appearance looks the same, but one is of very low value. The idea is to sweep away any desires of Israel to compete with imperialism.

- *And the earth helped the woman, and the earth opened her mouth, and swallowed up the flood which the dragon cast out of his mouth.*

Twain will aid in opening the earth to swallow the flood of all imperialistic commodities and imperialism.

The Watch Word

- And the woman fled into the wilderness, where God had prepared a place for her to be nourished for 1,260 days.*
- Blessed is he who waits and reaches the end of the 1,335 days.*
Daniel 12:12
