

Pentecost Sabbath

May 27, 2023

Prophetic Pentecost provides elements to be observed on the **Pentecost Sabbath** (the traditional day of Pentecost). Prophetic Pentecost is the operational mechanics preceding **Pentecost Sabbath**.

In February, agenized issues are stated for the Feast of Weeks or Shavuot, from May to June. Also, Shavuot is known as the harvest feast of the first fruit.

To better understand each year's orientational theme, consider the Covenant's structure of the articles, recitals, sections, and subsections. Prophetic Shavuot crystalizes the subject matter. Last year's theme covered the Pantry of Replanting (**May 6**). May 21st's theme came from the Second Heaven assigning the Green Light.

As with other prophetic dates, May 21st Covenant's structure relates to the articles, recital, sections, and subsections. The congregational members must be active in realizing paragraphs and clauses of the Covenants. Consider the entailment:

- Fertility of the Green Lands
- Tribal marriages
- Prosperity in family life
- Cultivate the nation's inheritance per the 400 years of Abrahamic Covenant
- Spiritual wholeness: one Congregation and one Nation.

Finally, on Pentecost Sabbath, the Second Heaven assesses the provisions and clauses within the schema to determine the progress toward satisfying the requirements for departure.

Received the Color Theme

BROWN

From the Second Heaven

Independent of man's view of brown, the Second Heaven conveys the representation: of warmth, fertility, health, healing, grounding (no pie in the sky, rather down-to-earth), stability, and ethicality.

The Essential Evaluation Received in the Morning, Yet today is still young.

Given from the Second Heaven:

The ORDER24J is a procedurally progressing conclusion or completion per provisions, sections, and clauses. The summer harvest is now over, and in the barn. May 6, 2022, tells of May 29 as ACTION DAY and has been re-affirmed.
