'Here is a wine cup filled with my anger.
Take it to all the nations to whom I send
you and make them drink from it.'

Segmentation 5

The Eastern Sun casts its energetic rays of consciousness upon the West.

Angkor Wat's Temple Complex is a superior concept design of life, death, and Israel & Judah's resurrection.

Joseph's Book of the Dead aligns with the Law of Moses. Following Jacob's oracle, Joseph pre-positioned Manasseh's kingdom as far away from Egypt as possible, ensuring no association with religious practices of Egypt because spiritual practices were at an elementary level. As a stepping stone for understanding the living God, the Egyptians were taught by the High Priest if they practiced good moral behavior, they would be rewarded by transitioning to a different star system in the afterlife where precious earthly items would continue full enjoyment.

Similarly, Emperor Constantine made a clear break. He built his own capital city in Constantinople, where in Asia Minor, he separated from the pagan city of Rome. Also, Constantine killed his pagan wife, removing all spiritual impurities from his personalized environment.

Angkor Wat contains built-in metaphysics depicting the life cycles of each age, the removal of the old to make way for the new standardized value of society.

The Judahite's positional rise correlates with Judah's resurrection.

Joseph's Tribute to Judah

Angkor Thom cross-references the timely mission of Yeshua, his announced mission statement through soundwave technology or Soundwave25.

In an introductory presentation, The Judahite discussed the meaning and timely purpose of Angkor Wat. The production is available for reading; however, for now, a recap.

The Judahite lived and simulated the temple complex at Angkor Wat. For years, The Judahite systematically formed an ideological infrastructure for decoding Angkor using resource agents and at the same time being a resource agent, a requirement established by Joseph. To emphasize, only through working practice within the 400-year cycle unfolded decoded message in real-time. At each stage of the 400-year process, The Judahite had to engage the requirements for the flower to continue evolving new information about the Angkor complex.

In a word, the same proceduralized methods used to construct the original were used by The Judahite. To have a deep appreciation for the architecture design of Angkor is equivalent to the appreciative way of how The Judahite executed his methods of decoding. The same spirit that encrypted the design architecture also decrypted the timely precepts.

The Judahite received the precise historical coordinates from Angkor Thom to construct the spiritualized version **specific to Judah in America**.

The Judahite worked with international resource agents and became a resource agent himself through global traveling as a work-in- process. All the ideological materials had to be fit in the right place at the right time over the years. In so doing, the ideological infrastructure was internationalized, taking decades for completion.

The same spirit that encrypted the design architecture also decrypted the timely precepts. The essence of truth is remarkable. The Judahite did not know of the parallelism of his daily life. Only after the spirit of revelation visited The Judahite, all become clear. Not knowing the parallel existence of Angkor Thom certifies the integrity of the process.

Many years after the revelation, The Judahite stood in total appreciative disbelief when an extraordinary member of tribal Judah, not known to The Judahite, diagrammatically demonstrated in real-time Angkor Thom coordinates in the USA. While truly speechless, the spirit of truth validates her architectural design precepts.

No one can overlook the three thousand years prophecy written in stone. Such is an illustrative definition of prophecy, history foretold.

Today, we are full of confidence in our future mission, knowing that the Stone Kingdom has been pre-ordained.

Of one lineage, the Kenites, the Ishmaelites, the Chinese, the Red Dragon, and the imperialists.

When combining the names, they represent one word having one end-time prophecy foretold thousands of years ago—God's cup of wrath.

Straight forward, China will fall to Judah, the Man-child, the Executive Body of Israel. In recent days, the host of heaven conducted an in-house illustration for The Judahite to know for certainty China's fall through a consuming fire.

- *I will place it in the hands of your tormentors, who told you: 'Lie down, so we can walk over you,' so that you made your back like the ground, like a street to be traversed." Isaiah 51:23*

The Ishmaelites used Judah to make roads via the sub-Saharan slave trade and construct many cities in the Middle East. China's Digital Silk Road has the true purpose of killing the Man-child through attrition by denying the Stone Kingdom resources. China's Belt and Road Initiative (BRI) upgrades the Ishmaelites objective. Again, China is another name for the Ishmaelites. They share the same DNA.

Even Siddhartha/the Buddha foretells how China will come to her end at the end of the age, which is now at hand. China can never escape its destiny regardless of technological development.

**Cainites benchmarked the Kenites' elevation,
pre-determined limitations that no Gentile government can transverse.**

To review, Cain received a criminal summon to answer for the disappearance of his brother. Ideologically, he disavows his brother's safety and protection, and his affidavit states each person is responsible for his own welfare. The heavenly court has his ideological testimony on active file because of ongoing court cases. Once Cain incriminated himself, the Elohim had to go forward and prosecute the criminal offense of murder.

- “If you do what is appropriate, you would be accepted?
[* Cain knew from the instructions Adam and Eve, his parents, to offer animal sacrifice. When the LORD made clothing for Adam and Eve, a statue, he ordained animal sacrifice for sins.]
“But you did the wrong thing, and sin is lying **outside your door** [the Cainites always, always operate outside God's mercy and grace], and you shall have a zestful desire, thereof shall it be an overmastering character trait; yet, you shall have control over personalized passions.” Genesis 4: 7

Cain's Judicial Order is an extension of the Edenic Judicial Decree

Cain's Declaratory Judgment

1. Prohibit from engaging in agricultural production as a means of a life support occupation. Gen 4:11
2. Any attempt to farm will not be productive.
3. You will become a fugitive and possess the habits of a vagabond perpetually, moving all around the globe. Gen. 4:13

Cain seeks amended injunctive Relief

"Cain said unto the LORD, My punishment is greater than I can bear."

Behold, thou hast driven me out this day from the face of the earth; and from Your face I will be hidden; and I shall be a fugitive and a vagabond in the earth; and it shall come to pass, whoever finds me will kill me." Gen 4:14

Injunctive Relief Granted

"And the Lord said to him: No, it shall not be so: but whosoever shall kill Cain, shall be punished sevenfold. And the Lord set a mark upon Cain, that whosoever found him should not kill him."

"Whosoever found him should not kill him" implies Cain would always seek to conceal his identity. History has done good for the Kenites, the lineage of Cain. During the Babylonian Captivity, the Kenites seemingly disappeared from biblical history, though Daniel alerts the fourth and final Gentile's kingdom would be diverse from previous kingdoms.

Cain's **character mark** is one of many possibilities. In contemplation, "**from Your face I will be hidden**" means standing outside God's grace and mercy. Ishmaelites' hands will be against every man and every man's hands against the Ishmaelites/Chinese.

Occupational Categories assigned to Cain/Kenites

- I. Animal farming
- II. Mining
- III. Entertainers and writers.
- IV. Trading as the middleman, distributors, brokers, & investment bankers

Judicial Orders Pre-and Post-flood still carry weight

The Edenic, Adjudicated Decree still holds good because the savior, Yeshua, arrived, giving the Congregation the good news of redemption; now, we await the fulfillment of the second part of the Adjudicated Decree when the Serpent's seed is immobilized. Likewise, Cain's Declaratory Order still holds good: if anyone should murder Cain, the LORD will take vengeance sevenfold.

Whenever a contradiction presents itself in the Scriptures, it is a Red Flag sign. **Watch out, consider:**

"But while he was still alive, he gave presents to the sons his other wives had borne him. Then he sent these sons to the land of the East, away from his son Isaac." Gene 25:6

Vs.

"The descendants of Ishmael lived in the territory between Havilah and Shur, to the east of Egypt on the way to Assyria. They lived apart from the other descendants of Abraham." Gen. 25:18

Only biblical students, professional and nonprofessional, know what to look for when they see a seeming contradiction in Scriptures. Consider, therefore, one should approach the subject matter digestively as a metaphor of walking from the inside of the topic to the outside or from the outside to comprehension. Moreover, as a coin has two sides, only one weighted value.

Ishmael's descendants went East to different parts of Asia on instructions from Abraham, for he knew their future role per Enoch. Adding to their future position, Joseph, as mentioned, located a large workforce of Ishmaelites and Midianites to work on the Angkor Wat project. After construction, the people populated the region. An additional consideration, there is a natural pattern of migration.

The LORD promised greatness to Ishmael, and Abraham wanted to ensure his son would be in the right place at the right time. Xia was the first traditional dynasty in China, an Ishmaelite dynasty. According to the National Academy of Sciences China, 1/5 of the population's DNA is tractable to Genesis 25:18. In a word, the Ishmaelites are Chinese.

- He shall be a wild man, a wild donkey: his hand will be against all men, and all men's hands against him: and he shall pitch his tents over against all his brethren. Genesis 16:12

Indeed, China's hand is against every man and every man's hand against China because China is the land of the Ishmaelites. The perpetual conflict has led China to adopt the imperialistic economic model to win each match better. Like a wild man with a donkey spirit, there will never be self-restrictions. Currently, over ten nations are in deep conflict with China, and the world still holds China responsible for COVID 19.

The serpent Dan played a significant role in developing the disciplinary field of algebra, enabling imperialistic China to effectively fight its global competitors economically, as seen each day. Serpent

Dan contributed significantly to China's evolutionary progression in all fields of science, and such knowledge has led China to become drunken, losing her worldview of balance. Hence the refrain: "from Your face, I will be hidden"—the self-fulfilling philosophy of darkness.

- Therefore, thou shalt say unto them, thus saith the LORD of hosts, the God of Israel; Drink ye, and be drunken, and spue, and fall, and rise no more, because of the sword which I will send among you... Jeremiah 25:27-33

A Notice, a Legal Reminder

The Executive Body of Israel is putting all global nations on Notice not to attack China offensively since her true identity is now known as the Kenites/Ishmaelites. To attack China, sevenfold punishment will follow on the attacker. While true, The Judahite will petition the High Court of Heaven for writ of mandamus based on the Executive Body of Israel jurisdictional authority over the Kenites/Ishmaelites/Chinese.

Guidance in formulating Policies on China.

Necessitated by Angelic illustration about China's future: the Executive Body of Israel makes timely distinctions among the Chinese. (1) territorial China is located on the South China Seas; (2) the government of China is predominately a one-party state; (3) the Communist Party of China guides the government of China; (4) the people of China expect governmental policies to be in the best interest of their daily welfare; (5) China is imperialistic, operating off the algebraic equations given by the serpent Dan, who knew in advance that China comes to a complete end with the rise of the Stone Kingdom. Moreover, the Communist Party of China stands in philosophical opposition to Marxism. Marx, in collaboration with tribal Manasseh, installed the science of political economy into Daniel's Model. (6) Taiwan stands independent of China, upon the universal political principles of Self-determination.

As always, earthly governments come and go faster than the natural depopulation of any territory. The character of all governments is shaped by Political Economy; that is, the social distribution of wealth shapes forms of social classes, who operate out of self-interest by using local, state, and national governments to create policies favorable to their financial and economic investments. Still, according to Daniel's model, Gentiles' governments would appear on the stage of history and at each of the four steps, perform economically and vanish forever from the face of the earth.

History shows territorial lands are occupied and reoccupied by different peoples. Regional territories are known to outlast peoples by tens of thousands of years. Proof of this assertion is in all geological and archeological records. Still, man entertains himself by repeating vanity non-sense beyond his appointed set by cosmic laws. Putting the icing on the cake, it is common to see entire galaxies disappear. Yet, man, the despiritualized man, and woman possessing a deprived spirit cannot realize their finite existence—named TIME.

Policy Statement on China

Policy Statement on China

The Executive Body of Israel

1. All current national governments on earth have no standing before the Executive Body of Israel. However, their continuation is recognized under grace until the Archangel Michael removes the grace of God.
2. No political parties have standing under any conditions now and in the future before the Executive Body of Israel.
3. All future national governments will conform to the priorities of the Executive Body of Israel or the Commonwealth of Stone Kingdom.
4. Looking ahead, after the final vials and the seventh trumpet, national governments will be reconstituted, and Gentiles will occupy positions in government. In other words, it is not known who all will be saved.
5. Plans for relocating the Israelites to Promised Lands are still being formulated. If exilic remnants are found within China, they will become the official representative of the tribal territory until stated otherwise.
6. For the general population of China, the percentage that is not currently pre-judged under God's wrath, take notice of the biblical words stated on behalf of tribal **Judah**:
 - "I will bless those who bless you, But I will curse those who curse you." Gen. 12:3
 - He couched, he lay down as a lion, and as a great lion: who shall stir him up? Bessed *is* he that blesseth thee and cursed *is* he that curseth thee. Number 24:9
 - Yet people serve thee, and nations bow down to thee be lord over thy brethren, and let thy mother's sons bow down to thee: cursed *be* everyone that curseth thee, and blessed *be* he that blesseth thee. Gen 27:29

Why Writ of Mandamus?

The Judahite petitioned the High Court of Heaven for writ of mandamus based on the Executive Body of Israel jurisdictional authority over the Kenites/Ishmaelites/Chinese.

Seeking a writ of mandamus is predicated on (1) Genesis 4:15 wherein if death comes to Cain and his lineage, the perpetrator to expect sevenfold revenge. (2) China's ambassador for Israel died at the **midnight** hour in Israel in May 2021 that substantiates the Executive Body of Israel jurisdictional authority over Kenites/Ishmaelites/Chinese. (3) Deeded lands to the Congregation are now in the process of being allocated. The Kenites' land is part of the Abrahamic Covenant; therefore, the Executive Body of Israel seeks statutory clarity before exercising the power of force.

writ of mandamus

The Executive Body of Israel sends land deeds notices to current landholders within the scope of the Abrahamitic Covenant. The Message herein contains a portion of God's wine cup. All parties, as foretold, will refuse to take the cup and drink the wine of wrath. This notice informs all: you must take the cup and drink and perish. God is not a man. Such is a reminder for those who believe they can overcome his power which placed the earth in its orbit for a specific purpose.

The Executive Body of Israel has no plans on the table to attack China. Still, China and other nations are within the sound of the seventh trumpet and vials.

Granted, China has a destiny-date wherewith God's cup of wrath holds tormented fire and sulfur that will allow Judah to receive his deeded land.

- "How horrible it will be for them! They have followed the path of Cain. They have rushed into Balaam's error to make a profit. They have rebelled like Korah and destroyed themselves." Jude 1:11

The writ of mandamus upholds the Executive Body of Israel to act according to statutory law without any hesitations.

On November 14, 2021, at 2330 hours

The High Court of Heaven issued the writ of mandamus that invalidated Genesis 4:15 via courier and disappeared before The Judahite.

Taiwan

Reaffirming Taiwan's relationship with the Executive Body of Israel

Think of Taiwan as the Rechabite. The earthquakes of Taiwan are symbolic occurrence of God's promise.

- Therefore, thus saith the Lord of host the God of Israel: a man of the race of Jonadab the son of Rechab shall stand before me forever. Jere 35:19. {*so I promise that your clan will be my servants and will never die out.*}

Nehemiah 3:14 states "the son of Rechab built the doors, put the bolts and bars on."

"And the children of the Kenite, Moses' father-in-law, went up out of the city of palm trees with the children of Judah into the wilderness of Judah."

The Rechabites stand in disassociation with the Kenites by contrasting allegiance (Jere 35:19). Taiwan is beholding to Israel, the Executive Body of Israel. On the other hand, China primarily stands along, though there is mutual support among the serpent Dan and Babylonians.

Recapping

China is the Kenite, whose existence appears developmentally as imperialism. Cain and Kenites are interchangeable occupational terms. Capitalism birth imperialism or imperialism emerged as the highest stage of capitalism.

When the Archangel certified for Nat Turner to fight the serpent/Dan on all fronts with his own weapons, he meant fighting the serpent=red dragon, assigned to Judah. Remember, Nat lived as a prophet. On all accounts, the Angel establishes a milestone date as the birth of imperialism in parallel to Judah's commercial development. The Angel's assigned dates illustrated by Nat, the Asherite, are feast days. Thus, Feast Dates tied to the stage of imperialism.

John of Revelation discloses the correlative development between the birth of the Man-child and the imperialistic decline of the Red Dragon. The Dragon appeared two years after the birth of the Man-child, allowing time for the Man-child's doctrinal maturity. At the readiness to rule with an iron rod, China's ambassador to Israel died at the **midnight** hour in Israel in 2021.

Segmentation 7

A preview of the Executive Body of Israel's programmatic priorities

Archangel Michael confirms on November 11, 2021, his commitment to active involvement to The Judahite just as he did at the Red Sea; at Jericho; for Joshua by stopping the sun's rotation; the moon's disappearance for The Judahite, signaling the final phase of warfare with the Amorites.

Michael's daily involvement will allow the Executive Body of Israel to carry out its strategic programs per the **Stone Kingdom**, see Daniel. Below, a partial list of priorities.

1. The Executive Body of Israel (EBI) will establish a new standard governmental department (NSGD) of ten million technical workers worldwide that will take control over the computer systems of companies and corporations to reorganize all companies that are essential for sustaining everyday life. The current owners will have no managerial control. Some companies will no longer exist, while many new companies will come into formation.
2. The new world of governance will have twelve regions in which the NSGD ten million technical workers will operate, having millions of staffers assigned to integrated manufacturing accounting. No more anarchistic manufacturing practices.
3. The Internet and computer systems selectively will be switched off on command, **non-operational**, around the world for an indefinite period to allow the department of technical workers to become organized for their prioritized tasks; therefore, do not expect overnight miracles. For sure, there will be conditional miracles related to functions.
4. All companies will eventually be incorporated into The Judahite's global modeling system, a globally integrated system driven not by profit motives. Of course, the surplus-value will always be at the heart of the law of value.
5. For the constructive needs of each person of society, a new ground-up electronic Infrastructure will include the entire planet. The current Internet will never again appear, lots of trash.

The growth of China's mining industry shows no sign of slowing down. Despite a slowing economy and the continuing trade war with the United States, the Chinese steel industry shows signs of being resilient. In 2020, China produced about half of the world's steel and imported more than 70% of the world's seaborne iron ore.¹²

The country also produced around 90% of the world's rare earth metals in 2019.³ Minerals from the mining industry in China are used to make everything from iPhones to missiles, in addition to numerous other goods that the American consumer and the U.S. economy rely on.

Eight of these nine Chinese mining companies are included in PwC's 2020 list of the 40 largest mining companies in the world.⁴ The stocks of these companies trade on the [Hong Kong Stock Exchange](#) or the [Shanghai Stock Exchange](#).

KEY TAKEAWAYS

Despite a slowing economy and the continuing trade war with the United States, the Chinese mining industry continues to experience growth.

China produces about half of the world's steel, imports more than 70% of the world's seaborne iron ore, and produces around 90% of the world's rare earth metals as of 2019.²³

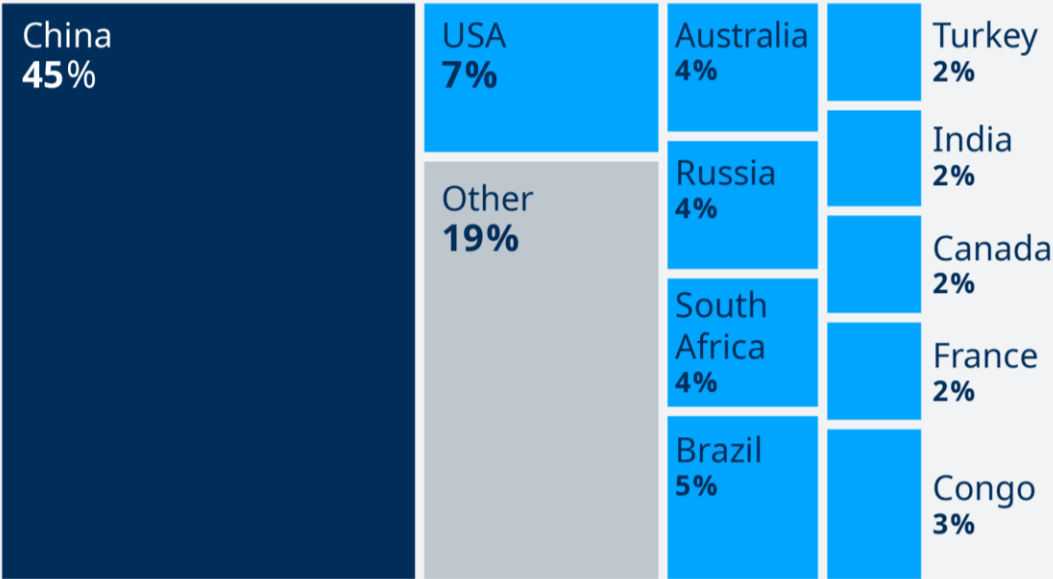

Eight of these nine Chinese mining companies are included in PwC's 2020 list of the 40 largest mining companies in the world.⁴

{Quoting from a different source}

"Africa plays a critical role in the provision of key minerals for the Chinese economy. In the case of minerals, China is almost exclusively reliant on Sub-Saharan Africa for its cobalt imports, and significantly reliant for manganese (the latter primarily from Gabon, South Africa and Ghana). Sub-Saharan Africa is also an important supplier of timber (mainly from Gabon, Republic of Congo, and Cameroon) and chromium (mainly from South Africa, Madagascar, and Sudan), accounting for around one-seventh of China's global imports each. However, with respect to China's imports of iron ore and copper, Sub-Saharan Africa is still a relatively small (but growing) contributor.

China has shown a growing interest in the mining belt of central southern Africa, comprising Zambia, Tanzania, and Mozambique. This area is well endowed with copper, iron, gold, manganese, and other base metals."
