The Festival of Lighting Reclaims Tribal Membership Affiliations

Updating December's Calendar Days

On December 11th, The Judahite received from a time zone 13 and 14. Unlike in years past, an oracle assigned 13 in 2017 as a watch date for hearing supernatural sounds announcing sin and atonement. Regardless of forms of communication, the 13 preserves its biblical value.

PART 0021

Supernatural Sound is often associated with biblical 13

The Judahite's toil and trial scheduled **appointment** fell on December 13. The appointment herein referencing is the same scheduled appointment correctional to the JUBILE year in 2019 and January 24, 2022, Magistrate's Order.

The pattern preserves itself, as scheduled appointment dates come with supernatural attachments. The appointment in 2017 proclaimed the year of Jubilee. Look. After grocery shopping, at the checkout counter, The Judahite's milk container started to leak milk and continued while shopping at different locations and on the way home. Likewise, the scheduled appointment on January 24, 2022, engendered the Magistrate's Court ORDER24J, the supernatural gavel imprinted on The Judahite's wall, and later the Court accepted the petition for Headphone25.

Although the scheduled appointment was missed on the 13 due to a technical problem, regardless, The Judahite had nothing new to report, the same as last year.

Noteworthy. A scheduled appointment will permanently attach supernatural events of restitution as prescribed until fulfillment. The location is an absolute, selected thousands of years ago by Enoch. Enoch chose the site, written in the heavenly tablets and fully recorded on the earth.

**Enoch saw the locations of prescribed behavioral patterns
Of drama for restitution and restoration in the latter days.**

And mark every individual fact. ' [2] And I observed the heavenly tablets, and read everything which was written (thereon) and understood everything, and read the book of all the deeds of mankind, and of all the children of flesh that shall be upon the earth to the remotest generations.

Enoch: "The Lord has shown me and informed me, and I have read in the heavenly tablets, and I saw written on them that generation upon generation shall transgress ..." (106:19,

An Alert Emergency Notice

Close to 3 pm, The Judahite received an emergency alert of server weather in the area. About ten minutes later, the same emergency alert appeared on a different device. An unexpected dramatic alert came supernaturally.

At 5:10 pm, The Judahite received only a bright flash of lightning and heavy thundering; after that, for the rest of the evening, The Judahite periodical saw short spans of illumination with no thundering.

Bad weather affected the whole USA; some areas were hit harder than others. For example, in northern Texas, Arkansas, and Louisiana. A day after, news report said over fifty tornadoes struck. Lots of property damage. Look:

There are many hours of footage about the twenty-four hours devastation that left many without homes and lives shattered. Just think: one hour ago, all was fine—business as usual—and the next hour, all is lost.

The Judahite has repeatedly proclaimed that many will lose all during phased judgment.

Part 022

Biblical 13 in perspective

PART 0021 summary. Disintegration and revolution are 13 biblical divine characters.

With an interconnection, December 13 became an official day of moral rebellion against God's moral law when the **PRESIDENT SIGNED INTO LAW SAME-SEX MARRIAGES**.

As said before, the Executive Body of Israel will walk the extra mile with those sexually abused as boys and girls, assuming they possess the spiritual want to reject their lifestyle. The Executive Body of Israel holds no illusions regarding many having **NO** desire to abandon the dead-end lifestyle.

Tribal Judah knows that same-sex marriages are nothing more than Satan's stratagem to reinstitute his pre-flood plan for destroying earth's destruction. Like before, the ground would be cursed, producing no food, and Satan's company would start eating each other.

For a review, the first cosmic phase of the judgment appeared in 2017 in the first solar eclipse appeared across America, and in 2024, the solar eclipse will finish making the

X

across America as a divine judgment.

The First mark of X trumpeted the birth of Yeshua and was followed by the Man-child's birth thirty days later. He will rule with an iron rod to reach the 400 years milestone.

The summary of Part 022 is about moral rebellion against the Planetary Covenant the Elohim made with all life forms on the earth. The rainbow is a reminder of the Covenant to bring FIRE of destruction to the world, not by water.

The Festival of Lighting

Reconstructing one's tribal affiliation is necessary for all Israelites to continue their walk into the future.

Based on statutory codes, each tribal nation will be summoned to the Lands of Promise by name.

The Festival of Lighting should be seen in endless light-arranged decorations combined with the internal spiritual lighting of tribal affiliation.

Under Abrahamic Covenant, regaining tribal consciousness is necessary for returning to the Lands of Promise to claim one's inheritance. So, when we celebrate the Festival of Lighting, we commemorate the individualized meaning of rebirthing tribal Identity.

Coming of Age.

The Congregation matures. We have lots of information to process, for we have completed the revolutions per Daniel's Man-Image Statue representing the four Gentiles' social systems.

The 144k and Firstfruits, which include righteous Gentiles and non-Gentiles, must be at the forefront to represent the new social order for constructing the Commonwealth of Israel. The Executive Body of Israel (EBOI) will actively create social environments exclusively for the 144k and Firstfruits. Ezekiel illustrates how Firstfruits will expand like the rivers and oceans until the world becomes Firstfruits. Thus, we will take a step-by-step approach.

**Establishing a foundation of mental stability,
never doubting Yeshua's love for his creation.**

Understanding the phased approach to administrative governance is essential for a robust mental foundation. Necessary to grasp the Mosaic Curses and Blessings because the Curses are the basis for Yeshua's formulated Mission Statement in Soundwave25.

The Congregation and Firstfruits stage of maturity is timed to grasp knowledge befitting an advanced level of social development with the means to sustain progress through the millennium years because we have the ability and the tools given to us according to the Edenic Judicial Decree to immobilize the Serpent's descendants.

A comparative view

When we understand the purpose of guidelines, as with the Ten Commandments, we can make a comparison. For example, Perseverance Rover has been sending back images of Mars, a planet once like the earth until God destroyed the civilization, forcing those who survived to live underground.

The images provoke deep discussions about Mars' history. Many people can see the earth's dead-end future as they continue watching the photos. There are active plans to ensure humankind's survival in case an event causes planetary extinction, like what happened to the dinosaur. Therefore, Mars is a hot topic of conversation.

To be straightforward, in close circles of the ruling elite, they got everything operational to survive when Nibiru or Planet X comes close to earth. Nibiru has a long history of wiping out most life forms on the planet. Knowing the cosmic history, the ruling elite did not spend time speculating after learning Nibiru's history. They got busy preparing and are now ready to go into lockdown when the time comes. Everyone else got to fend for themselves.

The Judahite, like others, studied leading authors on earth's mythologies since the 1970s concluded earth's warming is due primarily to the in-bound Neburi. Thus, global warming is not due to man's economic activities.

Not to make light of global warming, China, over the past 15 to 20, has been burning fossil fuel like crazy. Eventually, an international environmental disaster is coming.

To round off, the Elohim delivered the decisive blow to the wickedness on Mars, leaving asteroids to finish off the civilization.

On Mars

The Order of Priorities and the Future of those without the Serpent's DNA.

The Judahite has a priority date marker of 400 years from 2023, or when the first exile group returns to Jerusalem. Once hitting 400 years with an iron rod, the 600 years to the end of the millennium will be relatively easy.

Our DNA will change at the Lamb's Super, enabling us to transfer to our new planetary home, where we will grow and take over an entire galaxy designed by Yeshua, especially for our ongoing spiritual evolution. No one can conceive the advanced level of a spiritualized civilization that awaits us. Yes, we will become an interstellar civilization.

Yeshua wanted to tell his disciples more about the Congregation's future home that he would prepare, but he said to them that they could not conceive that reality and would become a mental burden to them.

Sometimes after the millennium, the current planets and the earth will be destroyed.
